Quotations as Pictures Josef Stern, 2022-02-15 The proposal of a semantics for quotations using explanatory notions drawn from philosophical theories of pictures. In *Quotations as Pictures*, Josef Stern develops a semantics for quotations using explanatory notions drawn from philosophical

theories of pictures. He offers the first sustained analysis of the practice of quotation proper, as opposed to mentioning. Unlike other accounts that treat quotation as mentioning, *Quotations as Pictures* argues that the two practices have independent histories, that they behave differently semantically, that the inverted commas employed in both mentioning and quotation are homonymous, that so-called mixed quotation is nothing but subsentential quotation, and that the major problem of quotation is to explain its dual reference or meaning—its ordinary meaning and its metalinguistic reference to the quoted phrase attributed to the quoted subject. Stern argues that the key to understanding quotation is the idea that quotations are pictures or have a pictorial character. As a phenomenon where linguistic competence meets a nonlinguistic symbolic ability, the pictorial, quotation is a combination of features drawn from the two different symbol systems of language and pictures, which explains the exceptional and sometimes idiosyncratic data about quotation. In light of this analysis of verbal quotation, in the last chapters Stern analyzes scare quotation as a nonliteral expressive use of the inverted commas and explores the possibility of quotation in pictures themselves.

Dr. Seuss) in a whole new light. Depicting outlandish creatures in otherworldly settings, the paintings use a dazzling rainbow of hues not seen in the primary-color palette of his books for children, and exhibit a sophisticated and often quite unrestrained side of the artist. 65 color illustrations.

The Lost Painting Jonathan Harr, 2005-10-25 Told with consummate skill by the writer of the bestselling, award-winning *A Civil Action*, *The Lost Painting* is a remarkable synthesis of history and detective story. An Italian village on a hilltop near the Adriatic coast, a decaying palazzo facing the sea, and in the basement, cobwebbed and dusty, lit by a single bulb, an archive unknown to scholars. Here, a young graduate student from Rome, Francesca Cappelletti, makes a discovery that inspires a search for a work of art of incalculable value, a painting lost for almost two centuries. The artist was Caravaggio, a master of the Italian Baroque. He was a genius, a revolutionary painter, and a man beset by personal demons. Four hundred years ago, he drank and brawled in the taverns and streets of Rome, moving from one rooming house to another, constantly in and out of jail, all the while painting works of transcendent emotional and visual power. He rose from obscurity to fame and wealth, but success didn't alter his violent temperament. His rage finally led him to commit murder, forcing him to flee Rome a hunted man. He died young, alone, and under strange circumstances. Caravaggio scholars estimate that between sixty and eighty of his works are in existence today. Many others—no one knows the precise number—have been lost to time. Somewhere, surely, a masterpiece lies forgotten in a storeroom, or in a small parish church, or hanging above a fireplace, mistaken for a mere copy. Prizewinning author Jonathan Harr embarks on an spellbinding journey to discover the long-lost painting known as *The Taking of Christ*—its mysterious fate and the circumstances of its disappearance have captivated Caravaggio devotees for years. After Francesca Cappelletti stumbles across a clue in that dusty archive, she tracks the painting across a continent and hundreds of years of history. But it is not until she meets Sergio Benedetti, an art restorer working in Ireland, that she finally manages to assemble all the pieces of the puzzle. Praise for *The Lost Painting* "Jonathan Harr has gone to the trouble of writing what will probably be a bestseller . . . rich and wonderful. . . . In truth, the book reads better than a thriller. . . . If you're a sucker for Rome, and for dusk . . . [you'll] enjoy Harr's more clearly reported details about life in the city."—*The New York Times Book Review*

"Jonathan Harr has taken the story of the lost painting, and woven from it a deeply moving narrative about history, art and taste—and about the greed, envy, covetousness and professional jealousy of people who fall prey to obsession. It is as perfect a work of narrative nonfiction as you could ever hope to read."—The Economist

Painting in Spain Jonathan Brown, 1998-01-01 El Greco, Ribera, Velázquez, Murillo--these are but a few of the great sixteenth- and seventeenth-century artists of Spain's golden age of painting. In this authoritative and handsome book, an enlarged, extended, and revised version of his *Golden Age of Painting in Spain*, eminent Spanish art scholar Jonathan Brown surveys the development of painting in Spain during this fascinating period. Focusing on the interaction between art and the socioeconomic and political conditions that prevailed in Spain's golden age, this book offers information about religious beliefs, social attitudes, the activities of patrons and collectors, and how these were absorbed and interpreted by painters. The author sets the history of Spanish paintings within a European context and explores Spain's contact with artistic centers in Italy and the Netherlands. He discusses not only Spanish artists but also such non-Spanish painters as Titian, Ruben, and Luca Giordano, who either worked in Spain or influenced other artists there. Brown also examines the collections of foreign paintings that Spanish noblemen and prelates assembled and how these collections affected the production of art and the social status of the Spanish artist. In this up-to-date and innovative analysis of two hundred years of Spanish painting, Brown describes a country that brilliantly transformed the artistic impulses it received from abroad to fit the needs of its own society.

Saving Images Gordon W. Lathrop,2017-11-15 Gordon W. Lathrop explores the place of the Bible as the subject of critical exegesis in contemporary liturgy. The text is grounded in the life of the assembly and the role of intertextuality in its creation. Lathrop finds patterns in biblical narratives that suggest revising our models of the shape of liturgy (Dix, Schmemmann) and our understanding of baptism, preaching, Eucharist, and congregational prayer. Saving Images calls for a new, reconceived biblical-liturgical movement that takes seriously both biblical scholarship and the mystery at the heart of worship.
