Funhouse Diane Hoh, 2012-03-27 DIVA high schooler suspects that a tragic roller coaster crash wasn't an accident/div DIVIf it weren't for the Boardwalk, the small town of Santa Luisa might disappear altogether. The amusement park employs half the town's workers, pulls in tourists, and gives teenagers like Tess Landers someplace to hang out on the weekends. Tess is eating a hot dog when the Boardwalk's roller coaster—the Devil's Elbow—jumps the track, hangs for a moment in the air, and then plummets to the ground. One of Tess's classmates is dead on impact, two are forever maimed, and over twenty others are taken to the hospital. It's the worst tragedy Santa Luisa has ever seen, but it's only the beginning./divDIV /divDIVAs people rush to help, Tess spies a black-suited figure running away from the

crowd. The crash was no accident. Five more teens will suffer before the killer is through, and Tess may be about to put herself on the list of victims./div

This ebook features an illustrated biography of Diane Hoh including rare photos and never-before-seen documents from the author's personal collection./div

Original Grin Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie *Supersize Me*; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on *The Simpsons* secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

Studio: A Place for Art to Start Emily Arrow, 2020-03-03 Beloved children's entertainer Emily Arrow's first picture book, perfect for (little) makers everywhere: a story about finding a space to create! A young bunny makes the rounds of a studio building, taking in all the different artists in their habitats. Making, thinking, sharing, performing . . . but can our bunny find the perfect space to let imagination shine? In this charming ode to creativity, noted children's singer and entertainer Emily Arrow introduces readers to the concept of the studio: a place for painters, dancers, singers, actors, sculptors, printmakers . . . and you! Whether it's a purpose-made space with big windows, a room

filled with equipment, or the corner of a bedroom, your studio can be anywhere--you just have to find it!

Alice Chrissy Merton, 2007 Chrissy lives in Camberwell. This dramatic memoir of her experience of pregnancy and motherhood will touch the heart of anyone, male or female, who has ventured along the path to parenthood. It is a brave and compelling story of adversity but also of how exceptionally challenging life experiences can shape our view of the world and those around us in a positive way. When she was six months pregnant Chrissy was told that her baby had a 50/50 chance of survival. From this point on pain and uncertainty are constants of every waking hour but so too is the unswerving support of her husband and family and the larger than life Professor Kypros Nicolaides at King's College Hospital. This is an emotional and painful book but it will also leave you with increased faith in human compassion, fortitude and spirit.

The Forever Now Laura J. Hoptman, 2014 Timeless Painting presents the work of 17 contemporary painters whose works reflect a singular approach that is peculiarly of our time: they are a-temporal, a term coined by William Gibson and Bruce Sterling, the originators of the cyberpunk aesthetic. A-temporality or timelessness manifests itself in painting as an ahistoric free-for-all, where contemporaneity as an indicator of new form is nowhere to be found, and all eras co-exist. Published to accompany an exhibition at The Museum of Modern Art that explores the impact of this cultural condition on contemporary painting, this publication features work by an international roster of artists including Joe Bradley, Kerstin Brätsch, Matt Connors, Nicole Eisenman, Mark Grotjahn, Charline von Heyl, , Julie Mehretu, Oscar Murillo, Laura Owens and Josh Smith, among others. An overview essay by curator Laura Hoptman is divided into thematic chapters that explore topics such as re-animation and reenactment, recontextualization, 'Zombie' painting, and the concomitant 'Frankenstein approach', which describes a process

of stitching together pieces of the history of painting to create a work of art that would be dead but for its juxtaposed parts, all working in association with one another to propel the work into life.

Beeline Shalini Shankar,2019-04-30 An anthropologist uses spelling bees as a lens to examine the unique and diverse traits of Generation Z--and why they are destined for success At first glance, Generation Z (youth born after 1997) seems to be made up of anxious overachievers, hounded by Tiger Moms and constantly tracked on social media. One would think that competitors in the National Spelling Bee -- the most popular brain sport in America -- would be the worst off. Counterintuitively, anthropologist Shalini Shankar argues that, far from being simply overstressed and overscheduled, Gen Z spelling bee competitors are learning crucial twenty-first-century skills from their high-powered lives, displaying a sophisticated understanding of self-promotion, self-direction, and social mobility. Drawing on original ethnographic research, including interviews with participants, judges, and parents, Shankar examines the outsize impact of immigrant parents and explains why Gen Z kids are on a path to success.

Ringling Brothers, is a fascinating insider's account of circus life and lore. Along the way, however, were the behind-the-scenes financial struggles, tragedies such as fires and labor strikes, legal battles, and changing entertainment tastes. Henry Ringling North ran Ringling Bros. and Barnum & Bailey Circus from 1936 to 1967, along with his older brother, John. Included are 18 pages of photographs.

Bossy Bear David Horvath, 2007-05-01 Bossy Bear is very bossy. He wants everything his way and he wants it NOW! Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish,

French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
