Steve Metze

Über Rpg Steve Metze,2011-05-01 Welcome to a world of mad, inspirational wonders and wild scientific theory wrapped in fog, run by gears, and lit by gaslight. Steampunk is a venue for adventure, no doubt about that, with science and technology unhindered by the laws of physics, societal norms from any culture past, present or future, and only as much historical accuracy as fits the whims of the moment. It is, simply put, a realm where anything is possible under the guise of skimming whatever we want from an idealized – or grossly imperfect – version of the 19th Century. Über RPG: Steampunk provides all the tools and background you need to enter this retro-futuristic universe with just as much potential for light hearted adventure as it has for deep dives into the psyche of a dark and harshly split world.
