Drifting Home Pierre Berton, 2009-12-01 This Canadian classic, by one of the country's beloved authors, is a personal journey through time and space to the heart of family and the soul of the Canadian experience. Drifting Home is an account of a journey by Pierre Berton and his family as they raft down the Yukon River from Lake Bennett, British Columbia, to Dawson in the Yukon Territory. It is a meditation on family and childhood and the small moments from which memories are drawn. It is also a tribute by a son to his father. During the Klondike summer of 1898, Francis George Berton paddled the waters of this historic river. Berton was one of the pioneering adventurers who sought his fortune in the goldfields of the north. When the gold rush ended and the crowds left, he stayed on in Dawson City, Yukon, as government mining recorder, married and started a family. It was there, in Canada's most famous ghost town, that Pierre Berton spent his vividly remembered childhood. Through a unique blending of nostalgia, his deep love of the land and his unrivalled knowledge of the history and the area, Pierre Berton has created this magical tale.

Looking for Old Ontario Thomas F. McIlwraith, 1997-01-01 The slogan on Ontario's licence plates, 'Yours to Discover,' was designed to promote travel opportunities within the province. Every year, thousands of tourists drive along country roads, past farmyards and through hamlets, en route to popular vacation spots. In Looking for Old Ontario, Thomas McIlwraith shows that many destinations are closer at hand than one might imagine, and invites travellers to rediscover familiar countryside landmarks by 'reading' them as chapters in a rich historical narrative. Surveyors long ago scored Ontario's land, and generations have since inscribed it with residences, businesses, and institutions. This book, the result of thirty years of field work and archival research, is a reflection on and an interpretation of the ways in which the land and its inhabitants interrelate. Looking for Old Ontario guides readers through the vernacular landscape of the province, examining barns, fences, jails, post offices, inns, mills, canals, railways, roadsides, cemeteries, and much more. McIlwraith emphasizes ordinary features of the cultural landscape which communicate social meaning to the observant eye. The landscape tells us that Ontario has been inhabited by thrifty people; this we can conclude by looking at the economical use and reuse of construction materials. Yet the landscape also tells us that Ontario's residents have been inclined to show off: consider the province's unusually large number of elegant brick dwellings. To read a landscape is to think about such connections, and McIlwraith's contemplative style differentiates his work from manuals or handbooks. Since landscape interpretation is a highly visual subject, Looking for Old Ontario is extensively illustrated with photographs, drawings, and maps. It will be useful to general readers interested in recognizing the broader meanings of their communities' heritage, as well as to students of geography, history, and planning.

Mutual Aid Dean Spade, 2020-10-27 Mutual aid is the radical act of caring for each other while working to change the world. Around the globe, people are faced with a spiralling succession of crises, from the Covid-19 pandemic and climate change-induced fires, floods, and storms to the ongoing horrors of mass incarceration, racist policing, brutal immigration enforcement, endemic gender violence, and severe wealth inequality. As governments fail to respond to—or actively engineer—each crisis, ordinary people are finding bold and innovative ways to share resources and support the vulnerable. Survival work, when done alongside social movement demands for transformative change, is called mutual aid. This book is about mutual aid: why it is so important, what it looks like, and how to do it. It provides a grassroots theory of mutual aid, describes how mutual aid is a crucial part of powerful movements for social justice, and offers concrete tools for organizing, such as how to work in groups, how to foster a collective decision-making process, how to prevent and address conflict, and how to deal with burnout. Writing for those new to activism as well as those who have been in social movements for a long time, Dean Spade draws on years of organizing to offer a radical vision of community mobilization, social transformation, compassionate activism, and solidarity.

The Better Tree Fort Jessica Scott Kerrin,2019-11-15 "Together, artist and author affectingly construct The Better Tree Fort that has little to do with its exterior, and everything to do with the love contained within." – Shelf Awareness, STARRED REVIEW "Let's build a tree fort," Russell says to his dad when they move into a house with a big maple tree in the backyard. His dad doesn't know much about building, but he gamely follows Russell's plan. Several trips to the lumber store later, the tree fort is done. There is no slide, balcony or skylight like Russell imagined, but it is perfect – right up until he notices another tree fort going up three houses over. When Russell goes over to investigate, he meets Warren, whose bigger tree fort has castle turrets and working lights. Russell is in awe until it dawns on him that it's not worth worrying about who has the better tree fort when he has a loving dad there to build one with him. In this subtle, humorous story, Jessica Scott Kerrin explores the idea of keeping up with the Joneses – and what that means when you're a kid with a tree fort. Qin Leng's lighthearted watercolor illustrations show the unshakeable bond between a father and son, as well as the delightful details of two tree forts.
