The Quiet at the End of the World Lauren James,2019-03 A sci-fi mystery adventure about the last surviving members of the human race. Lauren James is a genius at building tension. SFX Magazine James is one to watch. Kirkus ReviewsHow would it feel to be the last remaining human? Lowrie and Shen are the youngest people in the world after a virus caused global infertility. When the virus mutates to become even more deadly, the pair face a future entirely alone unless they can find a cure. But how can two teenagers succeed where the great scientists have failed? It feels as though there is no hope for humanity until they discover a secret that turns their entire world upside-down.

Everyday Creative Mykel Dixon,2020-06-29 Upend your personal status quo and reclaim your natural creativity in every single action you take Everyone claims to value creativity, and businesses are clamouring for disruptive thinking and innovation. Yet we often feel creatively stifled at work, because business processes seem to leave no room for real originality. In this climate, it takes a heroic effort to reclaim our status as independent thinkers, to bring meaning and joy to our work lives and to make lasting changes that will bring value to everyone around us. In *Everyday Creative*, culture and creative leadership expert Mykel Dixon reveals what's holding us back from our full creative potential and explains how we can reclaim our original, vibrant selves. Is your ability to think differently hindered by an unconscious view that creativity doesn't belong in the boardroom? It's an all-too-common mistake, but the truth is, creativity is fundamental for business growth and personal fulfilment. If you want to survive in the digital era, you need to pursue your own creative sensibilities and foster creativity in your team. This book shows that original thinking can shake things up, becoming the source of our competitive advantage and a key driver of sustainable success. Recognise your own unconventional talent and creative potential Transform yourself into a more vibrant and resilient human being ready to lead the world in the fourth industrial revolution Cultivate dynamic team environments where people feel safe to explore dangerous ideas Instigate a high-level cultural and strategic pivot toward more creativity in your company *Everyday Creative* is about creative leadership and the courage to seek, nurture and liberate original thinking. Read this book to learn how to make the essential skill of creativity accessible to all people, regardless of role, title or department.

All the Wrong Places Joy Fielding,2019-03-12 Four women—friends, family, rivals—turn to online dating for companionship, only to find themselves in the crosshairs of a tech-savvy killer using an app to target his victims in this harrowing thriller from the New York Times bestselling author of *See Jane Run* and *The Bad Daughter*. Online dating is risky—will that message be a sweet greeting or an unsolicited lewd photo? Will he be as handsome in real life as he is in his photos, or were they taken ten years and twenty pounds ago? And when he asks you to go home with him, how do you know it's safe? The man calling himself "Mr. Right Now" in his profile knows that his perfect hair, winning smile, and charming banter put women at ease, silencing any doubts they might have about going back to his apartment. There, he has a special evening all planned out: steaks, wine, candlelight . . . and, by the end of the night, pain and a slow, agonizing death. Driven to desperation—by divorce, boredom, infidelity, a beloved husband's death—a young woman named Paige, her cousin and rival Heather, her best friend, Chloe, and her mother, Joan, all decide to try their hand at online dating. They each download an app, hoping to right-swipe their way to love and happiness. But one of them unwittingly makes a date with the killer, starting the clock on a race to save her life. New York Times bestselling author Joy Fielding has written a complex, electrifying thriller about friendship, jealousy, and passion—a deadly combination.

The Seafarer's Kiss Julia Ember,2017 After rescuing maiden Ragna, mermaid Ersel realizes the life she wants is above the sea. But when Ersel's suitor catches them together, she must say goodbye or face brutal justice from the king. Desperate, Ersel makes a deal with Loki and is exiled as a result. To fix her mistakes and be reunited with Ragna, Ersel must outsmart the God of Lies.

Prozac Is My Best Friend Marlo Mc Clintock,2021-08-02 This is the art work of 17 year old Marlo Mc Clintock . It is a series of extraordinary drawings and resin pieces made as part of an artwork entitled PROZAC IS MY BEST FRIEND. In the author's words . Prozac is my best friend is simply an expression of what I assume to be some of the universal aspects of what being a human being entails . My work is not a contemporary study of the introspective teenage mind ,nor a critique of the mass distribution of antidepressants to teenagers , it's just how I felt at one time depicted i simple forms , or what i consider badly drawn drawings.

Des Pawson's Knot Craft and Rope Mats Des Pawson,2016-09-08 This wonderful collection of Des Pawson's personal ropecraft recipes combines an expanded and now full-colour collection of projects from Des's popular *Des Pawson's Knot Craft*, together with 20 new and brilliant mat designs. Readers can learn how to make 60 different ropework projects, including mats, bellropes, key fobs, fenders and doorstops. Along with fascinating titbits of nautical history as background to many projects and guidance as to how they can be the starting point for many other items, Des gives step-by-step instructions on how to put these knots together to form the finished article, and advice on the size and lengths of the materials required - just as you would find in a recipe book. Full-colour illustrations, clear and practical tips on technique, and photos of the finished products mean that this book is ideal for all abilities. With this book to hand, readers will have the confidence to start making desirable objects with knots because, as Des says, this is the book that makes all other knot books work!

The Record Store Book Mike Spitz,Rebecca Villaneda,2015 From the older to the newer generations of record stores in California, each owner shares facts, history, and distinctive points of view regarding patrons' styles of searching for, finding, and experiencing second-hand music.

The Logic of Life François Jacob,2022-08-02 "The most remarkable history of biology that has ever been written."—Michel Foucault Nobel Prize-winning scientist François Jacob's *The Logic of Life* is a landmark book in the history of biology and science. Focusing on heredity, which Jacob considers the fundamental feature of living things, he shows how, since the sixteenth century, the scientific understanding of inherited traits has moved not in a linear, progressive way, from error to truth, but instead through a series of frameworks. He reveals how these successive interpretive approaches—focusing on visible structures, internal structures (especially cells), evolution, genes, and DNA and other molecules—each have their own power but also limitations. Fundamentally challenging how the history of biology is told, much as Thomas Kuhn's *Structure of Scientific Revolutions* did for the history of science as a whole, *The Logic of Life* has greatly influenced the way scientists and historians view the past, present, and future of biology.

The Original Rider Waite Tarot Deck A. E. Waite,1999-06-01 First issued in 1910, the Rider-Waite Tarot is almost certainly the most widely used tarot card deck in the world. There are 78 tarot cards, divided into the Major and Minor Arcanas, designed by Pamela Colman Smith in accordance with A. E Waite's instructions. An instructional

booklet by A. E. Waite is included, explaining the tarot card meanings and how to use the cards for divination, with an introduction by Stuart R. Kaplan.

The Eagle and the Shield Richard S. Patterson, Richardson Dougall, 2005-01-01 This remarkable book tells the painstakingly researched and documented story of the Great Seal of the United States. Beginning with the first committee on the subject in 1776 and carrying through to the latest revisions and controversies concerning the design, this volume chronicles the surprisingly complex history of the Great Seal, illuminating its many little-known intertwinings with great Americans and great events. Incorporating 92 illustrations, *The Eagle and the Shield* makes a wonderful gift for any historian, folklorist, or collector of Americana.

The Architect's Brother Robert Parke Harrison, William Stanley Merwin, 2000 Robert Parke Harrison creates constructed photographs which tell stories of loss, struggle, and personal exploration within landscapes scarred by technology and over-use. He attempts to metaphorically and poetically link his laborious actions, idiosyncratic rituals and strangely crude machines into tales about our modern experience. The mythic world he creates mirrors our world, where nature is domesticated and controlled. The scenes display futile attempts to save or rejuvenate nature. His 'everyman' character patches holes in the sky, creates rain machines, chases storms to create electricity, communicates with the earth to learn its needs. Within these scenes, he creates less refined, less scientific, more ritualistic and poetic possibilities to work with nature rather than destroying it. The nature of his images and the process of their construction are interdisciplinary, embodying aspects of theater, sculpture, and painting, photography and performance. None of the images are real in the factual sense, but they are treated as precious talismans of a lost moment, a documented super-reality, whose message, like that of a myth, transcends the small realities of the day to day world.

Data Mining: Introductory And Advanced Topics Margaret H Dunham, 2006-09

Know Better to Do Better Denny Emerson, 2019-02-01 With horses, we don't get a "do-over button," as much as we'd sometimes like one. We have to live with the choices we make, even when—looking back—we know there might have been a better way to communicate, a different way to teach a new lesson, or another means to reach the desired end. In this smart, honest book chock full of valuable takeaways, gold medalist and renowned rider and coach Denny Emerson uses stories of the standout horses from his own riding career, which spans almost 70 years, to detail some of the things he wishes he'd known "then" that he knows now. With a candid willingness to share mistakes he's made over the years and clearly articulated ideas on how others can avoid them, he commits himself and those reading to finding more conscientious ways to ride, train, and work with horses. From basics like aids and equipment to more specialized subjects, such as rider fitness, emotional control, and how to determine what success with your horse really means, riders of all skill levels can gain valuable, hard-won knowledge from his bite-size lessons in life and horsemanship. Perhaps most importantly, Emerson insists that it is never, ever too late to change—for the good of the horse and for the good of oneself.

Mentawai Shaman, Keeper of the Rain Forest Reimar Schefold, 1992 A color portfolio of more than eighty photographs detailing Lindsay's personal interaction with Aman Lau Lau Manai and the community in which he plays a central role, including seldom-observed rituals of tattooing, teeth chiseling, rites of healing and mourning, animal sacrifice, frenetic dance, and trance.

Breaking Creed Alex Kava, 2015-01-27 Ryder Creed and his dogs have been making national headlines after intercepting several major drug stashes being smuggled through Atlanta's airport. But their newfound celebrity has also garnered some unwanted attention. When Creed and one of his dogs are called in to search a commercial fishing vessel, they discover a secret compartment. But the Colombian cartels' latest shipment isn't drugs. This time, its cargo is human. To make matters worse, Creed helps one of the cartel's drug mules escape - a fourteen-year-old girl who reminds him of his younger sister who disappeared fifteen years ago. Meanwhile, FBI agent Maggie O'Dell is investigating a series of murders - the victims tortured, killed, and dumped in the Potomac River. Maggie suspects they are the work of a cunning and brutal assassin. But by the time she uncovers a hit list with Creed's name on it, it might be too late...

The Scout Rifle Study Richard Mann, 2018-02-21 This book is the definitive study of the enigma known as the Scout Rifle. The Scout Rifle, as conceived by Jeff Cooper, is one of the most misunderstood firearms of all time. The Scout Rifle Study examines the factors that influenced Cooper's Scout Rifle Concept, examines the practicality of the Scout Rifle, looks at the various attempts to achieve Scout Rifle nirvana, and explores the feasibility of the Scout Rifle in the modern world. Whether you're already a Scout Rifle enthusiast or if you're considering a Scout Rifle for the first time, *The Scout Rifle Study* is the ultimate guide to what many believe is a rifle that can do everything well or possibly, the only rifle you will ever need.

Johnny Thunders Nina Antonia, 2000 A biography of the legendary guitarist which covers his story from his early days in the New York Dolls through to the Heartbreakers and his controversial solo career which culminated in his premature death from a drug overdose at age 38. Includes many interviews with famous contemporaries and a full discography.
