The Beta Male Revolution Alan Roger Currie, 2016-06-01 The Beta Male Revolution is for men in the 21st Century what Feminism was for women in the 1960s and 1970s says Author and Professional Dating Coach Alan Roger Currie in his latest book. Most men don't want to remain 'just friends' with women. Men want either sex only from women, or a combination of sexual companionship and non-sexual companionship. Unlike men, women have as many as FOUR types of men they want to spend time with: - Men who women only want to spend time with for sexual enjoyment and satisfaction: These are 'Total Alpha males' - Men who women only want to spend time with for a combination of sexual companionship and non-sexual companionship. These are 'Alpha males with a few Beta traits and tendencies' - Men who women want to spend time with primarily for the benefit of entertaining conversation, enjoyable social companionship, and financial assistance and support. These are 'Beta males with a few Alpha traits and tendencies' - Men who women only want to spend time with for strictly platonic friendship, flattery, and to have men provide them with an 'empathetic listening ear' when they are feeling bored, frustrated, or depressed. These are 'Total Beta males' Many women socially interact exclusively with Alpha male types between the ages of 18 and 29, and then begin looking for a nice, sweet, polite, monogamy-oriented Beta male type for marriage once they reach the age of 30. Well, the Beta male types are tired of this routine, and they are now avoiding proposing to marriage to women who they perceive as Alpha male leftovers. Beta males are now well aware that the vast majority of women want to spend time with Alpha males for sexual enjoyment and satisfaction. They are also well aware that most women want to spend time with Beta males for platonic friendship, financial favors, and entertaining conversation. The Beta Male Revolution is a brutally honest assessment of where we as a society have been, where we are now, and where we are headed regarding the state of dating, long-term romantic relationships, marriage, and monogamy vs. promiscuity vs. polyamory. Women can also learn from this book because Currie explains just why men pursue some women for short-term non-monogamous 'casual' sex only, while they pursue other totally different women for long-term romantic relationships and marriage. Purchase this book right now and be educated and enlightened. You are guaranteed to have a better understanding of the manner in which the mind of the opposite sex works, and why men and women gravitate toward the type of romantic companions and sexual companions that they do after reading this book. This book will be talked about for years to come.

Training My Beta Male Jenna Masters, 2017-03 My beta-male husband loves his place in our cuckolding, female dominant marriage now, but that wasn't always the case. Do As You Are Told Sarah LaMoon, 2018-09-10 I have a very high sex drive and spend 8 months of the year bored in hotel rooms. My husband is loving but is not the most sexual beast, so it became necessary to cuckold him. While most men love this idea, he hates it. When I kiss or take men to bed in front of him he gets upset, begs and cries in front of us. I love him very much, I will never leave him, but I also love the thrill of undressing with a man for the first time. This book is my absolute truth, my every encounter, big and small, from flirty touches at parties to full blown sex. I hope you enjoy reading it as much as I did doing it and as much as I will enjoy spending the royalties on shoes and underwear.

Beta Male Taylor Rikkinen, 2018-08-18 A descent into the world of domestic abuse and the cycle of victims becoming the victimizers. Shame, bigotry and self-loathing run rampant in the willfully uneducated minds of the leading characters as they embark on a journey of entitlement, greed, anxiety and morbid depression. A blunt and uncomfortable look at how men and women can abuse each other and justify their foul actions through a sideways logic of underline hatred. Lies become truth as a dull and constant emotional hurt becomes the everyday norm. Tim and Gigi can choose to walk a path. One leads to personal growth and the pursuit of happiness, while the other leads to a safe space of momentary comforts and the denial of personal responsibility. To become an individual or part of the hive mind.

The Alpha Woman Meets Her Match Sonya Rhodes, Susan Schneider, 2014-04-15 Relationship therapist Sonya Rhodes's liberating, straight-talking guide convincingly argues that successful modern women—the audience who embraced Lean In—can find the right guy without having to change or settle, and tells them how to do it. In the twenty-first century, women are outpacing men in education and career advancement. Yet amazingly, successful women constantly hear that their professional achievements doom their chances of marriage and family. Don't believe the alarmist hype, advises top relationship therapist Dr. Sonya Rhodes. Today's Alpha women—ambitious, self-assured, and hardworking—aren't going to end up lonely spinsters. They don't have to settle for Mr. Good Enough. Echoing Sheryl Sandberg's powerful message, *The Alpha Woman Meets Her Match* shares the secret necessary to triumph in love and work: find the right partner. It can be done—and Dr. Rhodes has the tools to help. Going beyond value judgments associated with the terms Alpha and Beta, she advises women to look past the overly competitive, domineering Alpha male for a man who's in touch with his inner Beta qualities—someone who is communicative, responsible, thoughtful, and collaborative. Demonstrating that most people are a combination of both sets of qualities, she includes a revealing test to help readers define where they (and their partners) are on the Alpha-Beta spectrum.

The Appearance of Power Tanner Guzy, 2017-11-15 Power has an appearance and appearance has power. Ideally those two would line up together and the world would be full of good, masculine men who dress and look like good masculine men. But all too often, reality is something different. There are good men and strong leaders out there who dress and look like children or bums. There are awful, lazy men in the world who

dress in a way that hides their vices from those around them and makes them appear better than they truly are. In an attempt to correct for these disparities, our current culture tries to rob both appearance of its power and power of its appearance - to say that the way a person dresses or looks doesn't - or at least shouldn't matter. We're given platitudes like, don't judge a book by its cover and there's often a cultural rush to prove ourselves as non-judgmental as we can. But a man's appearance has been an integral part of humanity since before the dawn of civilization. As human beings we use mental shortcuts when assessing our surroundings and the people within them. It is inefficient and dangerous to treat every object, scenario, and person as a blank slate or an unknown. And, because it is our tendency to judge according to visual stimuli, we use physicality, body language, grooming, and clothing to quickly and effectively communicate who we are and how we want other people to perceive us. Some men dress to appear more physically threatening, others to convey status and power within social spheres, some attempt to fit in and not draw attention to themselves, and others will use their clothing to show their disdain for the social norms around them. Regardless of what your intentions are, your clothing says something about you. And no, this doesn't just apply to you, but to every man who has ever interacted with another human being. From the ancient shaman, to the Wall Street banker, the Pope to the gutter punk, all men use clothing and appearance to tell the world who we are. Which means it's worthwhile for you to understand how to use this tool effectively. The purpose of this book is to outline the underlying principles of how clothing affects men and masculinity. Understanding and applying those principles will take you far beyond looking like you've been dressed by an image consultant, in one of his five variations of acceptable clothing, and into the realm of being well-dressed all the time.

The Way of the Alpha Male Emmanuel Acero, 2019-06-27 Masculinity is in a state of emergency. Men are confused as to what being a man is, and even more so the great power and responsibility necessary to be a man. Social conditioning has played a major role in the way men of our generation have been taught to think and act. My purpose with this book is to give every man who is seeking guidance and straightforward talk the opportunity to educate himself and to embark on the journey to put him on his way to manhood. This book will break you away from your beta male ways and introduce the ways of the alpha male.

Confessions of a Beta Male Orbiter Mel Thompson, 2019-09-02 A lust-filled, teenage Jesus freak is slowly driven to distraction by the hot babes that inhabit his evangelical, Texas youth group. Unable, due to his strict adherence to rules of chastity, to have sex, and unable, due to his lack of financial status, to attract the top-shelf women he craves, he is forced into being the b-actor of romance. He awaits his lucky break in the lottery of love. There is more than one surprise as the wheel of fate turns. The book was intended to be a kind of manual by a one Marvin Godwin Plinkers of Lake Compromise, Texas, (an admittedly mythical city). In responding to the pleas of a besieged youth counselor who cannot figure out how to deal with the beta male orbiters that come to him, Marvin decides to write a series of lectures which contain all of the suppressed truth about these lost souls. However, the book quickly becomes half-confessional, a text in which seemingly dry treatises are interspersed with true romantic confessions. The lines between genres become hopelessly tangled. Marvin refuses to agree with either left-wing propaganda or right-wing propaganda regarding romantically unsuccessful men. He himself is that lovelorn Jesus freak who, at least seemingly, could not quite make it in any area of life. The book begins with a letter in which Marvin attempts to deal with the youth counselor who has contacted him, but the body of the book quickly degenerates into a series of dating failures and didactic mini-treatises. A recurring theme in the book is the slow loss of innocence, both theological and sexual. The book is situated in the very-transitional time of the late 1970s and early 1980s. And because every ideological and identity politics group wants to conveniently explain away the existence of beta-male orbiters, the book is made to be ruthless in its refusal to let anyone's narrative prevail. Its universal message is that our social bedtime stories are all false. Life cannot be controlled by them, but surges forward unwilling to ever be tamed by our belief systems. Love and sex will never bow to human attempts to manage it.

How to Be a Beta Male Robert Crampton, 2017-06 From rom coms to wrestling and fatherhood to fist fights, Robert Crampton's *How to Be a Beta Male* is a brilliantly funny and sometimes moving insight into being a modern-day bloke. Robert Crampton has been writing his Beta Male column for *The Times* since 2001. A much-loved weekly insight into modern masculinity - whatever that might mean - Beta Male strives to unlock the secrets of contemporary relationships in all their frequent glory, occasional frustration and on-going complexity. While by his own admission totally failing in this task, Crampton is at any rate amusing as he goes about his business, as his legions of loyal fans would attest. *How to be a Beta Male* is a carefully curated selection, bursting with observational nuggets on the minutiae of daily domestics and disasters in the Crampton household, and offering the very best of a sixteen-year-long account of what it is to be a beta male married to an alpha female. From his attempts at DIY to disciplining their children to trying once in a while to put his foot down to getting involved in a punch-up in the street in her defence, Robert continues to fail to impress his wife but always delights his readers. It's a very smart, extremely funny and yet surprisingly sensitive exploration of the trials, tribulations - and, ultimately, triumphs - of not being young, free and single.

Taking The Beta Male Alana Church, 2017-01-01 When her lover was killed, shifter Laura Hudson was beaten half to death and left to die by the alpha of the Lupe Mountain pack. When she woke, she was warm and cared for, her wounds tended. But her healer was a beta male! Calvin Smith had an ordinary life as a country vet. But the half-dead wolf he rescued turned to be a beautiful woman. Now, with their mutual attraction increasing, will they be able to reclaim Laura's place in the pack? Dive into a world where fantasy meets reality. Where the world you know meets the world of what might be. Wolf-shifters, ranchers, veterinarians, and the ordinary people of Larkspur, Wyoming form a tantalizing backdrop for a work of fantasy erotica. Laura and Calvin's journey will thrill you as they learn what it is to truly love. ~~~~~ Excerpt ~~~~~ After showering, Laura lay in her bed, her thoughts a whirlwind. She turned over on the narrow mattress. She ached, with an intensity which was almost painful, to be out in the wild, stalking the nightlife, hunting for a meal. Suddenly her nostrils flared, catching a familiar scent. Familiar, but at the same time, wholly unexpected. The scent of an aroused male. She squeezed her eyes shut, trying to ignore the tempting aroma, but it seeped into her mind, elusive and seductive all at once. She swung her legs out of bed. A drink of water. That's what I need. She walked down the hall to the kitchen, keeping her eyes away from the door to Calvin's room. She almost staggered as she passed, the scent so strong it took all her control to keep herself from flinging it open. She pulled a bottle of water out of the fridge and leaned back against the door, drinking thirstily. It had been too long since she'd had a man. During her last weeks with the pack, Graham had been too worried to make love often. I bet Cal wouldn't be like that. He's only twenty-seven. He could be my lover for decades. She sank to the floor, suddenly tempted to burst into tears. Why does God hate me so much? I didn't ask for any of this. Every time I have a tiny slice of happiness it gets taken away from me. Her fists clenched, and it took all of her self-control to stay in human form. She wanted nothing more than to shift and to run. Run up into the mountains and kill something small and helpless to fill the emptiness inside her. Instead she capped the bottle of water and shoved it back in the fridge, and trudged back towards her room. But as she passed Cal's room for the second time, her dark-accustomed eyes caught a glimpse of movement. Her head turned, and she stopped, motionless. Oh, my God. He's beautiful. Eyes closed in silent reverie, he lay on his bed, nude, his pale skin glowing in the moonlight. He seemed to shine silver, as if captured moonlight was gleaming through his flesh. One hand was clasped around his rigid shaft, slowly stroking. The other hand held a small wad of tissue, and even through the sudden jolt of lust, she couldn't help but give a tender smile. Her voice, when she heard it, startled even her. ?You're driving me crazy, you know.? She slowly stalked into the room, letting him see her body. Her breasts swayed slightly with her sensual strut. ?Do you think you could jack off and not have me realize what you were doing?? She bent over the bed. She whispered, ?Who were you thinking of, Cal? Some bimbo on TV?? His throat worked as he swallowed. ?It was you,? he whispered. ?You're the most beautiful woman I have ever seen in my life. I

can't...I can't stop thinking about you.? She let her lips curve in a slow smile and set her hand on the inside of Calvin's thigh. Inch by inch, it crept up until her palm was pressing against his scrotum. Calvin eyed her nervously, and she knew what he was thinking. Had his declaration touched her? Or had it insulted her to the point where she would crush his testes in her hands? ?Thinking of me, were you?? She let her voice fill with quiet menace. ?I didn't-? ?Quiet. You're playing a dangerous game, Calvin Smith. And you don't even know the rules.? She let her hand slide up his length. Oh, it was lovely.ÿ ?Did you know,? she went on conversationally, her hand now stroking him, ?that wolves mate for life??

Bassman Family Genealogy M. Goldstein et. al.,2013-01-10 Researching Barak Bassman's maternal and paternal ancestors takes us back nearly 300 years to small villages in Poland and in the Russian Empire, where these men and women struggled to eke out a living, to live a Jewish life, and to endure the perils of anti-Semitism. Later we track the family's emigration to the "Golden Land" of America, as well as the horrible deaths of those who remained in Europe and perished in the Holocaust. A close look into some family members' archival documents from America reveals the tragic consequences of the abject poverty in which they lived. Yet throughout, our research of Barak Bassman's ancestors has documented their tenacity to survive and make a better life for their children and future generations.

Beautiful Bodies Uroš Mati?,2022-03-15 This book explores the role of material culture in the formation of corporeal aesthetics and beauty ideals in different past societies and thus contributes to the cultural relativization of bodily aesthetics and related gender norms. The volume does not explore beauty for the sake of beauty, but extensively explores how it serves to form and keep gender norms in place. The concept of beauty has been a topic of interest for some time, yet it is only in recent times that archaeologists have begun to approach beauty as a culturally contingent and socially constructed phenomenon. Although archaeologists and ancient historians extensively dealt with gender, they dealt less with it in relation to beauty. The contributions in this volume deal with different intersections of gender and corporeal aesthetics by turning to rich archaeological, textual and iconographic data from ancient Sumer, Aegean Bronze Age, ancient Egypt, ancient Athens, Roman provinces, the Viking world and the Qajar Iran. Beauty thus moves away from a curiosity and surface of the body to an analytic concept for a better understanding of past and present societies.
