**Twirled Paper** Editors of Klutz,Jaqueline Lee,2012-08 Turn simple paper strips into super paper art In 2006, we introduced a book on the venerable art of quilling. Being Klutz, we gave the topic a fresh, friendly spin, with plenty of kid-appealing projects and bright, juicy color. But, even so, we were a little concerned about the response such an old-fashioned craft would receive. We shouldn't have worried. More than 400,000 copies later, Twirled Paper is still going strong. Turns out kids (and -- surprise! -- grown-ups) love creating quirky, curly artwork out of strips of colored paper. So now we're thrilled to introduce a whole new generation to the craft. We've updated the package to our sturdy new easy-to-wrap, easy-to-stack, open-flat box. Along with plenty of space to store all the paper strips, glue, googly eyes and custom twirling wand, we've added a new built-in pinboard work surface. Of course, the book itself is still a cornucopia of ideas for using these supplies to make aliens, alphabets, bugs, birds, cats, cows, flowers, frogs, food, moons, monkeys, and more. Enough to

make a whole twirled world!

*The Raft* Jim LaMarche,2002-05-28 A flock of birds was moving toward me along the river, hovering over something floating on the water. It drifteddownstream, closer and closer, until finally it bumped up against the dock. Though it was covered with leaves and branches, now I could tell that it was a raft. I reached down and pushed some of the leaves aside. Beneath them was a drawing of a rabbit. It looked like those ancient cave paintings I'd seen in books--just outlines, but wild and fast and free. Nicky isn't one bit happy about spending the summer with his grandma in the Wisconsin woods, but them the raft appears and changes everything. As Nicky explores, the raft works a subtle magic, opening up the wonders all around him--the animals of river and woods, his grandmother's humor and wisdom, and his own special talent as an artist.
