*The Tatami Galaxy* Tomihiko Morimi, 2015-05-19

Shy Willow Cat Min, 2021-02-16 Willow is shy. VERY shy. Her home is in an abandoned mailbox, and she'd rather stay put. Outside kids scream and soccer balls collide, trees look like monsters, and rain is noisy in a scary kind of way. It's much nicer to stay inside, drawing. But then a young boy drops a letter in Willow's mailbox: it's a note to the moon asking for a special favor. Willow knows that if she doesn't brave the world outside, the letter will never be delivered, and the boy will be heartbroken. Should she try? Can she? Cat Min delivers a breathtakingly illustrated story about shyness, the power of empathy, and what it means to make a friend.

*Creep Con* Kim Firmston, 2015-09-21 Feeling like an outsider in a new city and at a new school, Mariam finds that her love of comic-book superheroes overlaps with the interests of a new friend who is otaku, crazy about manga and anime. Together, Mariam and Tya plan their costumes for the big fan convention. Mariam is comfortable with her choice of character, partly because as Haruhi, she can dress in a costume that doesn't bare too much skin. When Tya can't go to the convention, Mariam is relieved to meet up with some boys who are dressed as the rest of the group from Haruhi's manga. Rick, dressed as Haruhi's love interest, insists that Mariam spend all her time with him, doing things that their characters like to do and playing out their romance. When he tries to physically force himself on her, Mariam realizes that Rick is taking the game way too seriously, but how can she escape his attention? This novel explores the appealing world of comic books and graphic novels that has growing numbers of young people exploring role playing and attending fan conventions.

The Things They Carried Tim O'Brien, 2009-10-13 Look for O'Brien's new book, *American Fantastica*, on sale October 24th A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. **The Islander** Chris Blackwell, 2023-02-07 In the vein of *Sound Man* and *The Soundtrack of My Life*, a lyrical memoir from the founder of one of the greatest music labels of all time, Island Records, about his astonishing life and career helping to bring reggae music to the world stage and working with Bob Marley, U2, Grace Jones, Cat Stevens, and many other icons. Since its founding in 1959, Island Records has been home to legendary artists representing wildly divergent musical styles, yet who share the same maverick, outsider spirit of its founder, Chris Blackwell. Time and again, Blackwell and his Island cohorts identified and nurtured musicians overlooked by other labels, including Bob Marley, U2, Cat Stevens, Grace Jones, Roxy Music, Traffic, Nick Drake, Tom Waits, Robert Palmer, Free, the B-52's, John Martyn, and Jimmy Cliff. Like these artists, Blackwell never took the conventional route. After a privileged early childhood in Jamaica—crossing paths with Ian Fleming, Noël Coward, and Errol Flynn—he was expelled from the elite British school Harrow for rebellious behavior at age seventeen. Within five years, he had moved back to Jamaica, and founded Island. Intertwined with the story of Island is that of Bob Marley and the Wailers. After an impromptu meeting with the band in 1972, Blackwell produced the groundbreaking album *Catch a Fire*, formed a deep bond of mutual trust and friendship with Marley, and became known for helping to bring reggae music to the world stage. He also opened the first Jamaican boutique hotel, on the property of Ian Fleming's former home, *GoldenEye*, where all the James Bond books were written. This engaging memoir from one of the great raconteurs of the late 20th century makes for a giddy ride through some of that era's most cutting-edge, enduring music. As Bono says, Blackwell "is an adventurer, an entrepreneur, a buccaneer, a visionary, and a gentleman."

A Better Man Michael Ian Black, 2022-05-10 Raw, intimate, and true . . . *A Better Man* cracked me wide open, and it's a template for the conversation we need to be having with our boys. --Peggy Orenstein, bestselling author of *Boys & Sex* A poignant look at boyhood, in the form of a heartfelt letter from comedian Michael Ian Black to his teenage son before he leaves for college, and a radical plea for rethinking masculinity and teaching young men to give and receive love. In a world in which the word masculinity now often goes hand in hand with toxic, comedian, actor, and father Michael Ian Black offers up a way forward for boys, men, and anyone who loves them. Part memoir, part advice book, and written as a heartfelt letter to his college-bound son, *A*

Better Man reveals Black's own complicated relationship with his father, explores the damage and rising violence caused by the expectations placed on boys to man up, and searches for the best way to help young men be part of the solution, not the problem. If we cannot allow ourselves vulnerability, he writes, how are we supposed to experience wonder, fear, tenderness? Honest, funny, and hopeful, Black skillfully navigates the complex gender issues of our time and delivers a poignant answer to an urgent question: How can we be, and raise, better men?

**The Art, Science, and Craft of Great Landscape Photography** Glenn Randall, 2015-03-16 The Art, Science, and Craft of Great Landscape Photography teaches photographers how to convert their visual peak experiences—moments of extraordinary natural beauty that evoke a sense of wonder and awe—into stunning images that elicit the same awestruck emotion in their viewers. Randall is an experienced wilderness photographer, and whether you want to venture into the mountains for once-in-a-lifetime shots of raw nature, or simply hone your landscape photography skills from the safety of your back deck, Randall explains the art, science and craft of creating astounding images. Randall begins by focusing on the art of landscape photography. He describes his three-step process for composing a photograph and shows how good composition is an organic process that begins with rules but ultimately transcends them. Randall then explores the science behind successful landscape photographs, which requires understanding key concepts from geography, optics, vision, and psychology. These concepts include: Understanding how the position of the sun at sunrise and sunset varies throughout the year, which will help you plan when and where to shoot. Understanding optics to predict where rainbows will appear, how polarizers will interact with reflections, and where to find spectacular light. Understanding how to use topographic maps and computerized mapping tools to help you find the most promising shooting locations in the wilderness. Understanding how our visual system analyzes images and the psychology of how we view art. These insights will help you produce successful photographs. Exposure is a central aspect of the craft of landscape photography, and Randall tackles the challenges of this topic from every angle—from tips on calculating exposures in the field, to achieving correct exposure in high-contrast lighting situations, to the best digital darkroom techniques. Great landscape photography can be mastered with practice and by applying the techniques taught in this book. The Art, Science, and Craft of Great Landscape Photography is intended for those who already understand the basics of photography and who are ready to master the finer nuances of creating magnificent landscape photographs. Foreword by Reid Callanan Director, Santa Fe Photographic Workshops

*Black God, Vol. 14* Dall-Young Lim, 2011-10-25 With Mana on board, Keita is outnumbered five girls to one guy in the modest Tokyo apartment. Although Mana has been welcomed in as part of the family, her disdain for humans and mototsumitama who ally with them is more than evident. A glimpse into the past reveals the cause: Mana's beloved older sister abandoned her right to clan leadership - and her little sister - to raise a family with the human she had fallen in love with. Can Mana set aside her resentment to help Kuro and Keita find and defeat the elusive Ghost?

*Ghost Boys* Jewell Parker Rhodes, 2018-04-17 A heartbreaking and powerful story about a black boy killed by a police officer, drawing connections

through history, from award-winning author Jewell Parker Rhodes. Only the living can make the world better. Live and make it better. Twelve-year-old Jerome is shot by a police officer who mistakes his toy gun for a real threat. As a ghost, he observes the devastation that's been unleashed on his family and community in the wake of what they see as an unjust and brutal killing. Soon Jerome meets another ghost: Emmett Till, a boy from a very different time but similar circumstances. Emmett helps Jerome process what has happened, on a journey towards recognizing how historical racism may have led to the events that ended his life. Jerome also meets Sarah, the daughter of the police officer, who grapples with her father's actions. Once again Jewell Parker Rhodes deftly weaves historical and socio-political layers into a gripping and poignant story about how children and families face the complexities of today's world, and how one boy grows to understand American blackness in the aftermath of his own death.

**SHOT** Kathy Shorr,2017-04-04 The increasing ubiquity of gun violence has become the norm across the world and particularly in the United States, where we have begun to hear horror after horror on a daily basis. So much so that it has started to produce a numbing effect, a helplessness that allows us to hear the news and say, Here we go again, and put it out of our mind. Gun violence is now something we expect to happen. SHOT is about people who have been shot and survived the experience. It portrays 101 survivors, aged 8 to 80, from all races and many ethnicities. They are the representatives of survivorhood. Most were photographed in the location where they were shot. SHOT allows us to explore a dialogue about gun violence and how we are all vulnerable.

America's Outback John Annerino,2021-07-28 Hopi traditional elder Thomas Banyacya once described the American Southwest as the spiritual center of our continent. Author, photographer, and adventurer John Annerino retraces ancient trails to show us why this is so. Through recent and historical photos, essays, and literary quotes, he takes us across what the Spaniards often feared as des poblados, or unknown lands, from Old Mexico to the Four Corners of ancient cities, painted deserts, and trilingual cultural landscapes--some of the most inaccessible land on the continent. Juxtaposed with tales of his own perilous excursions, the book contains oral histories and remarkable images of terrain that few of today's tourists have ever seen. Told from a current point of view, this throwback to the days of Geronimo and Navajo headman Manuelito will appeal to adventurers, historians, and those interested in the mesmerizing mystique of our own American outback.
