Black-adder Richard Curtis, Rowan Atkinson, Ben Elton, 2000 A collection of scripts from the television series as well as miscellaneous items such as Baldrick's family tree and an index of Blackadder's finest insults.

Blackadder II, 2010

The True History of the Blackadder J. F. Roberts, 2012-10-11 _____ They had a cunning plan. A few decades ago, three young grads from England's greatest universities - Oxford, Cambridge, and Hull (actually, Manchester) - came up with a historical comedy series. Few thought it would live long in the memory. Today, Blackadder is a timeless comic masterpiece, and its stars have gone on to glittering careers. The True History of the Black Adder is the first ever history of one of Britain's greatest and most unique sitcoms, from its medieval beginnings to its legendary tragic finale. Informed by exclusive - and hilarious - interviews with essential figures like Rowan Atkinson, Tony Robinson, Ben Elton, Stephen Fry, Brian Blessed and many more, this the definitive account of how a British institution came to be, as well as a fascinating look into how this classic comedy was almost very different - and a compendium of brilliantly funny anecdotes from a team of Britain's most celebrated comedians. British history is a patchwork of questionable stories, constantly rewritten, re-evaluated and ridiculed; final editorial control has always belonged to the winners. And nobody likes winners... At last, Blackadder enthusiasts can now uncover THE cunning plan, in all its hideous hilarity.

Soupy Twists! Jem Roberts, 2018-09-06 This first ever, officially authorised biography of Fry & Laurie takes us on their journey from insecure Footlighters to international comedy heroes. It is the tale of a true friendship, a deep affection between two very funny men which has long been reflected back from an adoring public. Jem Roberts, acclaimed chronicler of Blackadder and The Hitchhiker's Guide to the Galaxy, covers everything from the excitement of being the first Perrier Award winners with The Cellar Tapes to the terrors of performing on Saturday Live, the collaborative warfare of Blackadder and the ultimate depiction of Wodehouse's most inimitable characters, Jeeves & Wooster. Beyond this, the trials and tribulations of their remarkable subsequent separate career paths, from QI to House, will be explored for the first time. With tantalising, never-before-seen titbits from the A Bit of Fry & Laurie archive, and interviews with Emma Thompson, Richard Curtis, John Lloyd and more, this history of Fry & Laurie is an overdue celebration, paying tribute to a legacy of laughter from one of the funniest double acts of all time.

England's Elizabeth Michael Dobson, Nicola J. Watson, 2002-11-07 No monarch is more glamorous or more controversial than Elizabeth I. The stories by which successive generations have sought to extol, explain, or excoriate Elizabeth supply a rich index to the cultural history of English nationalism - whether they represent her as Anne Boleyn's suffering orphan or as the implacable nemesis of Mary, Queen of Scots, as learned stateswoman or as frustrated lover, persecuted princess or triumphant warrior queen. This book examines the many afterlives the Virgin Queen has lived in drama, poetry, fiction, painting, propaganda, and the cinema over the four centuries since her death, from the aspiringly epic to the frankly kitsch. Exploring the Elizabeths of Shakespeare and

Spenser, of Sophia Lee and Sir Walter Scott, of Bette Davis and of Glenda Jackson, of Shakespeare in Love and Blackadder II, this is a lively, lavishly-illustrated investigation of England's perennial fascination with a queen who is still engaged in a posthumous progress through the collective psyche of her country.

Murder in the Marais Cara Black, 2016-04-26 Meet Aimée Leduc, the smart, stylish Parisian private investigator, in her bestselling first investigation Aimée Leduc has always sworn she would stick to tech investigation—no criminal cases for her. Especially since her father, the late police detective, was killed in the line of duty. But when an elderly Jewish man approaches Aimée with a top-secret decoding job on behalf of a woman in his synagogue, Aimée unwittingly takes on more than she is expecting. She drops off her findings at her client's house in the Marais, Paris's historic Jewish quarter, and finds the woman strangled, a swastika carved on her forehead. With the help of her partner, René, Aimée sets out to solve this horrendous murder, but finds herself in an increasingly dangerous web of ancient secrets and buried war crimes.

The Thousand Autumns of Jacob de Zoet David Mitchell, 2010-06-29 By the New York Times bestselling author of *The Bone Clocks* and *Cloud Atlas* | Longlisted for the Man Booker Prize In 2007, Time magazine named him one of the most influential novelists in the world. He has twice been short-listed for the Man Booker Prize. The New York Times Book Review called him simply “a genius.” Now David Mitchell lends fresh credence to The Guardian's claim that “each of his books seems entirely different from that which preceded it.” *The Thousand Autumns of Jacob de Zoet* is a stunning departure for this brilliant, restless, and wildly ambitious author, a giant leap forward by even his own high standards. A bold and epic novel of a rarely visited point in history, it is a work as exquisitely rendered as it is irresistibly readable. The year is 1799, the place Dejima in Nagasaki Harbor, the “high-walled, fan-shaped artificial island” that is the Japanese Empire's single port and sole window onto the world, designed to keep the West at bay; the farthest outpost of the war-ravaged Dutch East Indies Company; and a de facto prison for the dozen foreigners permitted to live and work there. To this place of devious merchants, deceitful interpreters, costly courtesans, earthquakes, and typhoons comes Jacob de Zoet, a devout and resourceful young clerk who has five years in the East to earn a fortune of sufficient size to win the hand of his wealthy fiancée back in Holland. But Jacob's original intentions are eclipsed after a chance encounter with Orito Aibagawa, the disfigured daughter of a samurai doctor and midwife to the city's powerful magistrate. The borders between propriety, profit, and pleasure blur until Jacob finds his vision clouded, one rash promise made and then fatefully broken. The consequences will extend beyond Jacob's worst imaginings. As one cynical colleague asks, “Who ain't a gambler in the glorious Orient, with his very life?” A magnificent mix of luminous writing, prodigious research, and heedless imagination, *The Thousand Autumns of Jacob de Zoet* is the most impressive achievement of its eminent author. Praise for *The Thousand Autumns of Jacob de Zoet* “A page-turner . . . [David] Mitchell's masterpiece; and also, I am convinced, a masterpiece of our time.”—Richard Eder, *The Boston Globe* “An achingly romantic story of forbidden love . . . Mitchell's incredible prose is on stunning display. . . . A novel of ideas, of longing, of good and evil and those who fall somewhere in between [that] confirms Mitchell as one of

the more fascinating and fearless writers alive.”—Dave Eggers, The New York Times Book Review “The novelist who’s been showing us the future of fiction has published a classic, old-fashioned tale . . . an epic of sacrificial love, clashing civilizations and enemies who won’t rest until whole family lines have been snuffed out.”—Ron Charles, The Washington Post “By any standards, The Thousand Autumns of Jacob de Zoet is a formidable marvel.”—James Wood, The New Yorker “A beautiful novel, full of life and authenticity, atmosphere and characters that breathe.”—Maureen Corrigan, NPR

No Cunning Plan Sir Tony Robinson, 2016-09-22 Packed full of incident and insight, No Cunning Plan is a funny, self-deprecating and always entertaining memoir by Sir Tony Robinson. Sir Tony Robinson is a much-loved actor, presenter and author with a stellar career lasting over fifty years. In this autobiography he reveals how the boy from South Woodford went from child stardom in the first stage production of Oliver!, a pint-sized pickpocket desperately bleaching his incipient moustache, to comedy icon Baldrick, the loyal servant and turnip aficionado in Blackadder. It wasn't all plain sailing though. Along the way he was bullied by Steve Marriott, failed to impress Liza Minnelli and was pushed into a stinking London dock by John Wayne. He also entertained us with Maid Marion and Her Merry Men (which he wrote and starred in) and coped manfully when locked naked outside a theatre in Lincoln during the live tour of comedy series Who Dares Wins. He presented Time Team for twenty years, watching countless gardens ruthlessly dug up in the name of archaeology, and risked life and limb filming The Worst Jobs in History.

Why Do We Quote? Ruth Finnegan, 2011-03-01 Quoting is all around us. But do we really know what it means? How do people actually quote today, and how did our present systems come about? This book brings together a down-to-earth account of contemporary quoting with an examination of the comparative and historical background that lies behind it and the characteristic way that quoting links past and present, the far and the near. Drawing from anthropology, cultural history, folklore, cultural studies, sociolinguistics, literary studies and the ethnography of speaking, Ruth Finnegan's fascinating study sets our present conventions into crosscultural and historical perspective. She traces the curious history of quotation marks, examines the long tradition of quotation collections with their remarkable recycling across the centuries, and explores the uses of quotation in literary, visual and oral traditions. The book tracks the changing definitions and control of quoting over the millennia and in doing so throws new light on ideas such as imitation, allusion, authorship, originality and plagiarism.

Rowan Atkinson Bruce Dessau, 2000-07-06 Rowan Atkinson first came to prominence in Not The Nine O'Clock News and his natural acting ability set him up to achieve huge success as Blackadder. In the 1980s he created Mr Bean with Richard Curtis and the autumn of 1997 saw Mr Bean released as a film. This is his biography.

Upstart Crow Ben Elton, 2018-10-18 This does indeed deserve comparisons with Blackadder Radio Times A knockabout, well-researched take on the working and domestic life of Shakespeare. The Guardian It's the 1590s. William Shakespeare – brought to life on screen by the inimitable David Mitchell – is at the start of his career. But no one is taking him seriously. In London, he is mercilessly mocked by his rivals and at home in Stratford he is

belittled by his sullen teenage daughter. Yet he is determined to find an ending for his newest creation Romeo and Juliet. Luckily, inspiration is forthcoming. The trials and tribulations of his closest friends and family reveal the plot twists he'd been missing. And not only for this famous tragedy but for many of his finest plays. With sparkling wordplay, hilarious gags and his trademark wit, Ben Elton celebrates the great William Shakespeare and reveals the startling stories behind the playwright's best-known plays.

Architect of Victory Walter Reid, 2009 Haig masterminded a British-led victory over a continental opponent on a scale that has never been matched before or since. Whereas Wellington commanded forces at Waterloo in which the British were only a minority, in the final stages of the war, Haig controlled a vast British Army, which had grown from a mere six divisions to sixty over the course of the war. The British Army in France in 1918 comprised nearly three million men - only a third less than the population of London, then the largest city in Europe. Contrary to myth, Haig was not a cavalry-obsessed, blinkered conservative, as satirised in *Oh! What a Lovely War* and *Blackadder Goes Forth*. Fascinated by technology, he pressed for the use of tanks, enthusiastically embraced air power, and encouraged the use of new techniques involving artillery and machine-guns. Above all, he presided over a change in infantry tactics from almost total reliance on the rifle towards all-arms, multi-weapons techniques that formed the basis of British army tactics until the 1970s. Prior re-evaluations of Haig's achievements have largely been limited to monographs and specialist writings. Walter Reid has written the first biography of Haig that takes into account modern military scholarship, giving a more rounded picture of the private man than has previously been available. What emerges is a picture of a comprehensible human being, not necessarily particularly likeable, but honourably ambitious, able and intelligent, and the man more than any other responsible for delivering victory in 1918.

The Second Book of General Ignorance John Lloyd, John Mitchinson, 2011-10-11 From the brains behind the New York Times' bestseller, *The Book of General Ignorance* comes another wonderful collection of the most outrageous, fascinating, and mind-bending facts, taking on the hugely popular form of the first book in the internationally bestselling series. Just when you thought that it was safe to start showing off again, John Lloyd and John Mitchinson are back with another busload of mistakes and misunderstandings. Here is a new collection of simple, perfectly obvious questions you'll be quite certain you know the answers to. Whether it's history, science, sports, geography, literature, language, medicine, the classics, or common wisdom, you'll be astonished to discover that everything you thought you knew is still hopelessly wrong. For example, do you know who made the first airplane flight? How many legs does an octopus have? How much water should you drink every day? What is the chance of tossing a coin and it landing on heads? What happens if you leave a tooth in a glass of Coke overnight? What is house dust mostly made from? What was the first dishwasher built to do? What color are oranges? Who in the world is most likely to kill you? Whatever your answers to the questions above, you can be sure that everything you think you know is wrong. *The Second Book of General Ignorance* is the essential text for everyone who knows they don't know everything, and an ideal stick with which to beat people who think they do.

Popcorn Ben Elton,2003 Bruce Dalamitri makes cool films about killers. Films where people die to a rock and roll soundtrack. But when, on Oscar night, he has to face up to the real thing - in the shape of psychotics Wayne and Scout - it isn't quite to his liking.

The Rifle Brigade Chronicle Great Britain. Army. Rifle Brigade (Prince Consort's Own),1937

Triumff: Her Majesty's Hero Dan Abnett,2009-10 In the year 2010, in a world run by Alchemy and Superstition under the reign of Queen Elizabeth XXX, Rupert Triumff, a dashing swordsman and champion drinker, stumbles upon a dastardly plot to dethrone Her Divine Majesty. Original.

Kings and Queens Tony Robinson,2014-07 Kings and Queens have always provided their subjects with a great deal to talk about. But how much do we really know about them? Which king died on the toilet? Who is next in line to the throne after Prince William? And who is England's longest reigning monarch? In this fascinating and witty look at kings and queens of England, Tony Robinson provides all the answers to these questions and many, many more.
