Borderland Provinces - Swords & Wizardry Matthew J. Finch,Greg A. Vaughan,Bill Webb,2018-05 The Borderland Provinces are balanced on the knife's edge of history, as a decadent declining empire that retreats slowly, clinging to power, even as it unravels. This book contains the history of the Borderland Provinces region, descriptions of the countries, cities (some with maps), towns, important places, major geographical features, lairs, and extensive encounter tables for the ancient Hyperborean roads crisscrossing the Provinces. For those familiar with Lost Lands geography, the campaign book covers the Western part of our Sinnar Coast Region map, and area in great peril, located only a few hundred miles from Bard's Gate and directly adjacent to the Sundered Kingdoms. For Swords & Wizardry.

The Return of the Mother Andrew Harvey,2013-08-20 Adapted from a series of lectures on the historical basis and current resurgence of the sacred feminine, given by Andrew Harvey at the California Institute of Integral Studies in Spring 1994, The Return of the Mother is a profound journey into the heart of the Divine Mother. In this comprehensive and groundbreaking work, mystical scholar Andrew Harvey unearths traces of the sacred feminine in major world religions—Hinduism, Islam (Sufism), Buddhism, Taoism, and Christianity—and in aboriginal and indigenous wisdom traditions. Harvey presents a scathing critique of the patriarchal distortions in religious history and doctrine that have obscured full knowledge of the Divine Mother, and shows how to reintegrate this vital aspect into the spiritual consciousness of humankind. The Return of the Mother offers a radical new perspective, balancing the historical overemphasis on transcendence by honoring the immanence of the divine in passionate engagement in the world. Only by cultivating a direct, respectful relationship with the transformative power of the sacred feminine can we alter our disastrous attitude of dissociation from nature, the body, sexuality, and the details of human life, and generate the energy and compassion needed to reverse the course of destruction we have set the planet—and all of life—hurtling toward. In lively question-and-answer sections, Harvey further illuminates these vital issues and takes a strong stand against our dependence on “gurus” and “masters,” proposing instead an egalitarian model of spiritual community based on intimate groups of mutually supportive guides and friends. The Return of the Mother is an eloquent and passionate call for all of us to rediscover and reclaim an authentic and empowering relationship to the divine, and recreate a sacred life-in-the-world.

Stoneheart Valley - Swords & Wizardry Bill Webb,Clark Peterson,2018-05 And at long last, here is where it all began, in the Stoneheart Valley near the town of Fairhill. This mini-campaign was originally presented to the fans of Necromancer Games in three separate modules: The Wizard's Amulet, The Crucible of Freya, and The Tomb of Abythor.

My Darkest Years James Bachner,2010-06-25 Born in Berlin in 1922, James Bachner was a German Jew during the darkest days of the Third Reich. Once a happy child in a well-to-do German family, as the years passed Bachner faced first ridicule and persecution, then imprisonment and deprivation. Attributing his survival to a combination of strength and being in the right place at the right time, Bachner's memoir is a poignant and often horrific account of Jewish struggles during the days of World War II. Beginning with his idyllic childhood, Bachner expresses the range of emotions he experienced as the Nazis transformed his homeland into a nation where he and his fellow Jews were no longer welcome. He describes the volatile political atmosphere and the fears inspired in all Germans by tales of the concentration camps. In addition, he tells of the belief many Jews held that the West would step in and put an end to Hitler's reign. The work then details the realities of life in a concentration camp. The end of the war, Bachner's reunion with his remaining family members and his eventual relocation to America are also discussed.

The Land Called Holy Robert Louis Wilken,1992-01-01 Drawing on both primary texts and archaeology, Wilken traces the Christian conception of a Holy Land from its origins in the Hebrew Bible to the Muslim conquest of Jerusalem in the seventh century.

Pilgrimage in Graeco-Roman and Early Christian Antiquity Jas' Elsner,Ian Rutherford,2007-12-20 This book presents a range of case-studies of pilgrimage in Graeco-Roman antiquity, drawing on a wide variety of evidence. It rejects the usual reluctance to accept the category of pilgrimage in pagan polytheism and affirms the significance of sacred mobility not only as an important factor in understanding ancient religion and its

topographies but also as vitally ancestral to later Christian practice.

The Way to Heaven H. W. van Os,2000

Architecture and Pilgrimage, 1000-1500 Paul Davies,Deborah Howard,Wendy Pullan,2013 Architecture and Pilgrimage, 1000–1500: Southern Europe and Beyond synthesizes the work of a distinguished international group of scholars. It takes a broad view of architecture, to include cities, routes and ritual topographies, as well as specific buildings and shrines, and considers how these were perceived, represented and remembered. The essays explore both the ways in which the physical embodiment of pilgrimage cultures is shared, and what we can learn from the differences.

A Treatise on Relics Jean Calvin,1854

Making Simple Model Steam Engines Stan Bray,2005 This well-illustrated book will be popular with all would-be and beginner model engineers, as well as those already engaged in the hobby, looking for quick and easy projects to build. The projects are also ideal for those withing to pass on to the younger generation a knowledge of metalworking and a grounding in how engines work.
