Iron Man David Michelinie,2007-01-03 Millionaire industrialist Tony Stark is an inventive genius who has dedicated all of his enormous financial and intellectual resources to a single guiding principle: the creation of technology for the betterment of humanity. Stark's greatest creation is a modern-day miracle: a suit of form-fitting, strength-enhancing, steel-mesh armor he dons to become the living symbol of his ideals, the Invincible Iron Man! But when Stark discovers that the same technology he used to create the Iron Man armor - technology so secret he didn't even dare patent it - is now in the hands of several deadly super-villains, he feels responsible for the evil they have done with the high-tech tools he unwittingly provided. In the face of objections from his government, friends, colleagues and fellow super heroes, Stark swears to use the power of Iron Man to bring the evil to an end - and to take back what's his. The Beetle, Stilt Man, the Controller, Stingray, the Mandroids, the Guardsmen and Firepower don't know it yet, but they've got a problem. The world's most powerful force for good isn't playing by the rules anymore. And he's coming for them. Collects Iron Man (1968) #225-232.

Iron Man and Philosophy Mark D. White, 2010-02-22 The first look at the philosophy behind the Iron Man comics and movies, timed for the release of Iron Man 2 in March 2010 On the surface, Iron Man appears to be a straightforward superhero, another rich guy fighting crime with fancy gadgets. But beneath the shiny armor and flashy technology lies Tony Stark, brilliant inventor and eccentric playboy, struggling to balance his desires, addictions, and relationships with his duties as the Armored Avenger. Iron Man and Philosophy explores the many philosophical issues that emerge from the essential conflicts found in the decades of Iron Man stories in comics and movies. What kind of moral compass does Tony Stark have? Is Iron Man responsible for the death of Captain America after the Marvel Universe "Civil War"? Should people like Stark run the world? How does Tony's alcoholism impact his performance as Iron Man, and what does it say about moral character? Ultimately, what can Iron Man teach us about the role of technology in society? As absorbing as Iron Man comic books and movies, Iron Man and Philosophy: Gives you a new perspective on Iron Man characters, story lines, and themes Shows what philosophical heavy hitters such as Aristotle, Locke, and Heidegger can teach us about Tony Stark/Iron Man Considers issues such as addiction, personal responsibility, the use of technology, and the role of government Whether you've been reading the comic books for years or have gotten into Iron Man through the movies, Iron Man and Philosophy is a must-have companion for every fan.

As Tony is left reeling by shocking revelations, doubt begins to creep in, and his future looks uncertain. Who or what lurks in Tony's old armor? Iron Man clashes with Iron Man in an epic and surprising battle, but could it end in the death of the Tony Stark we know and love? The Superior Iron Man is dead - long live the Superior Iron Woman!
