Eurovision! Chris West,2020-05-07 Do you think the world of the Eurovision Song Contest, with its crazy props, even crazier dancers and crazier still songs has nothing to do with serious European politics? Think again. It has been a voice of rebellion across the Iron Curtain, an inspiration for new European nations in the 1990s and 2000s, the voice of liberation for both sexual and regional minorities. Eurovision charts both the history of Europe and the history of the Eurovision Song Contest over the last six decades, and shows how seamlessly they interlink - and what an amazing journey it has been.

Performing the 'New' Europe K. Fricker,M. Focus: Music, Nationalism, and the Making of the New Europe Philip V. Bohlman,2010-09-13 Two decades after the fall of communism in Eastern Europe and one decade into the twenty-first century, European music remains one of the most powerful forces for shaping nationalism. Using intensive fieldwork throughout Europe -- from participation in alpine foot pilgrimages to studies of the grandest music spectacle anywhere in the world, the Eurovision Song Contest -- Philip V. Bohlman reveals the ways in which music and nationalism intersect in the shaping of the New Europe. Focus: Music, Nationalism, and the Making of the New Europe begins with the emergence of the European nation-state in the Middle Ages and extends across long periods during which Europe's nations used music to compete for land and language, and to expand the colonial reach of Europe to the entire world. Bohlman contrasts the national and the nationalist in music, examining the ways in which their impact on society can be positive and negative -- beneficial for European cultural policy and dangerous in times when many European borders are more fragile than ever. The New Europe of the twenty-first century is more varied, more complex, and more politically volatile than ever, and its music resonates fully with these transformations.

The Eurovision Song Contest John Kennedy O'Connor,2010 The fun and the feuds, the high points, the dismal lows, the scandals, the most outrageous outfits, the innovators and the copy cats, this glorious book captures the singular flavour of Eurovision, charting its journey from the first competition in 1956 - just seven entrants, broadcast from a tiny venue in Switzerland with a studio audience of 200 - to the international extravaganza watched by millions of viewers that it has become today. It's a completely unique event in modern pop music, with its own agenda entirely, that has spawned almost as many anti-heroes as it has stars. Fully updated, and illustrated throughout with amazing photos, plus rare memorabilia including artwork for singles, this book is a nostalgic and resplendent celebration of an at times eccentric competition that is adored around the world. This edition has been fully updated to include 2008 and 2009's great events.

Daffodil Girls Kitty Dimpleby,2011-08-31 Ever wondered what it is like to support a loved one in the armed forces? Army wife and journalist Kitty Dimpleby reveals stories of life, love and loss from the women behind the front line. For every brave soldier putting their life on the line for Queen and country, there is a second, more subtle sort of heroism at work back at base in Britain. Daffodil Girls is the story of the women behind the soldiers of The 2nd Battalion The Royal Welsh. Granted unprecedented access into this most private of communities, writer Kitty Dimpleby brilliantly brings to life the lot of a military wife, as she follows these women through the cycle of a regiment's tour of duty: the preparation for departure, the six long months of action and the emotional reunion. Insightful, humorous and deeply moving in turn, Daffodil Girls captures the unique bond of friendship and indomitable spirit that is forged in such circumstances - the extraordinary world of the heroines behind our army heroes.

World Music: A Very Short Introduction Philip V. Bohlman,2002-05-30 'World music' emerged as an invention of the West from encounters with other cultures. This book draws readers into a remarkable range of these historical encounters, in which music had the power to evoke the exotic and to give voice to the voiceless. In the course of the volume's eight chapters the reader witnesses music's involvement in the modern world, but also the individual moments and particular histories that are crucial to an understanding of music's diversity. World Music is wide-ranging in its geographical scope, yet individual chapters provide in-depth treatments of selected music cultures and regional music histories. The book frequently zooms in on repertoires and musicians - such as Bob Marley, Bartok, and Nusrat Fateh Ali Khan - and attempts to account for world music's growing presence and popularity at the beginning of the twenty-first century. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

The Sting Man Robert W. Greene,2013-12-02 The true story behind the film AMERICAN HUSTLE The Sting Man is the amazing inside story of Mel Weinberg, one of the most fascinating fast-buck operators to ever live, and the incredible scandals he masterminded. Hustling his way from the streets of the Bronx to hawking bogus businesses around the world, Weinberg netted millions and famously dreamed up Abscam—the infamous FBI-run sting operation of the late 1970's that would bag seven congressmen and one U.S. senator.

Projecting Russia in a Mediatized World Stephen Hutchings,2022-01-31 This book presents a new perspective on how Russia projects itself to the world. Distancing itself from familiar, agency-driven International Relations accounts that focus on what 'the Kremlin' is up to and why, it argues for the need to pay attention to deeper, trans-state processes over which the Kremlin exerts much less control. Especially important in this context is mediatization, defined as the process by which contemporary social and political practices adopt a media form and follow media-driven logics. In particular, the book emphasizes the logic of the feedback loop or 'recursion', showing how it drives multiple Russian performances of national belonging and nation projection in the digital era. It applies this theory to recent issues, events, and scandals that have played out in international arenas ranging from television, through theatre, film, and performance art, to warfare.

A Life in Three Acts Bette Bourne,Mark Ravenhill,2010-04-16 With honesty, humour and occasional anger, performer Bette Bourne tells the playwright Mark Ravenhill about his brave and flamboyant life. Crafted from transcripts of a series of long, private conversations, actor Bette Bourne reminisces and replays scenes from his life from a postwar childhood,a stint as a classical actor in the late 60s, to living in a drag commune in Notting Hill and being an active member of the Gay Liberation Front. Bette then talks about his touring with the New York based Hot Peaches cabaret group and founding his own cabaret troop, Bloolips, which redefined the term gay theatre by creating their very own unique celebration of dramatic and colourful homosexuality. The piece, in three parts, marks a different series of events in Bette's life to reveal both a portrait of a pioneering, radical individual and a historical document of the struggles and achievements of gay liberation.

High Minds Simon Heffer,2022-04-05 An ambitious exploration of the making of the Victorian Age—and the Victorian mind—by a master historian. Britain in the 1840s was a country wracked by poverty, unrest, and uncertainty; there were attempts to assassinate the queen and her prime minister; and the ruling class lived in fear of riot and revolution. By the 1880s it was a confident nation of progress and prosperity, transformed not just by industrialization but by new attitudes to politics, education, women, and the working class. That it should have changed so radically was very largely the work of an astonishingly dynamic and high-minded group of people—politicians and philanthropists, writers and thinkers—who in a matter of decades fundamentally remade the country, its institutions and its mindset, and laid the foundations for modern society. High Minds explores this process of transformation as it traces the evolution of British democracy and shows how early laissez-faire attitudes to the fate of the less fortunate turned into campaigns to improve their lives and prospects. The narrative analyzes the birth of new attitudes in education, religion, and science. And High Minds shows how even such aesthetic issues as taste in architecture collided with broader debates about the direction that the country should take. In the process, Simon Heffer looks at the lives and deeds of major politicians; at the intellectual arguments that raged among writers and thinkers such as Matthew Arnold, Thomas Carlyle, and Samuel Butler; and at the great projects" of the age, from the Great Exhibition to the Albert Memorial. Drawing heavily on previously unpublished documents, he offers a superbly nuanced portrait into life in an extraordinary era, populated by extraordinary people—and show how the Victorians' pursuit of perfection gave birth to the modern Britain we know today.

Evenings with Led Zeppelin Dave & Tremaglio Lewis, Mike Tremaglio,2018-10 Evenings With Led Zeppelin chronicles the 500-plus appearances Led Zeppelin made throughout their career. From their earliest gig in a Denmark school gymnasium on September 7, 1968, through to the last gig that Jimmy Page, Robert Plant and John Paul Jones ever performed with John Bonham, in Berlin on July 7, 1980, this is the Led Zeppelin story told from where their legend was forged live on stage. Deploying impeccable research spread over many years, Dave Lewis and Mike Tremaglio brings clarity, authority and perspective to a show-by-show narrative of every known Led Zeppelin performance. With pinpoint accuracy they trace the group's rapid ascent from playing to a few hundred at London's Marquee Club to selling out the 20,000 capacity Madison Square Garden in New York--all in a mere 18 months. Supplemented by historical reviews, facts and figures and expert commentary that capture the spirit of the times, Evenings with Led Zeppelin is illustrated throughout with rarely seen concert adverts, posters, venue images, ticket stubs and photos, all of which offer matchless insight into their concert appearances.--Back cover

Postwar Europe and the Eurovision Song Contest Dean Vuletic,2019-07-25 Postwar Europe and the Eurovision Song Contest examines how the Eurovision Song Contest has reflected and become intertwined with the history of postwar Europe from a political perspective. Established in 1956, the Eurovision Song Contest is the world's largest popular music event and one of the most popular television programmes in Europe, currently attracting a global audience of around 200 million people. Eurovision is often mocked as cultural kitsch because of its over-the-top performances and frivolous song lyrics. Yet there is no cultural medium that connects Europeans more than popular music, the development of which has always been tied to cultural, economic, political, social and technological change – making Eurovision the ideal tool to explain the history of Europe in the last sixty years. This book uses Eurovision as a vehicle to address topics ranging from the Cold War, liberal democracy and communism to

nationalism, European integration, economic prosperity and human rights. It analyses these subjects through their cultural, political and social relationships with Eurovision entries as expressed through lyrics and music, as well as by examining public debates that have accompanied the selection of the entries and the organisation of the contest itself. Postwar Europe and the Eurovision Song Contest also considers how states have used Eurovision to define their identities in a European context, be it to assert their national distinctiveness, highlight political issues or affirm their Europeanism or Euroscepticism in the context of European integration. Based on original sources, including hitherto unpublished archival documents from international broadcasting organisations, this is a novel historical study of interest to anyone keen to know more about the postwar history of Europe and its cultural history in particular.
