Architecture as a Performing Art Marcia Feuerstein, Gray Read, 2016-04-15 How do buildings act with people and among people in the performances of life? This collection of essays reveals a deep alliance between architecture and the performing arts, uncovering its roots in ancient stories, and tracing a continuous tradition of thought that emerges in contemporary practice. With fresh insight, the authors ask how buildings perform with people as partners, rather than how they look as formal compositions. They focus on actions: the door that offers the possibility of making a dramatic entrance, the window that frames a scene, and the city street that is transformed in carnival. The essays also consider the design process as a performance improvised among many players and offer examples of recent practice that integrates theater and dance. This collection advances architectural theory, history, and criticism by proposing the lens of performance as a way to engage the multiple roles that buildings can play, without reducing them to functional categories. By casting architecture as spatial action rather than as static form, these essays open a promising avenue for future investigation. For architects, the essays propose integrating performance into design through playful explorations that can reveal intense relationships between people and place, and among people in place. Such practices develop an architectural imagination that intuitively asks, 'How might people play out their stories in this place?' and 'How might this place spark new stories?' Questions such as these reside in the heart of all of the essays presented here. Together, they open a position in the intersection between everyday life and staged performance to rethink the role of architectural design.

Ryan White Ryan White, Ann Marie Cunningham, 1992-08

Before he died of AIDS on April 18, 1990, at the age of 18, Ryan White had battled fear and hatred, become a spokesperson for AIDS awareness, testified before the President's commission on AIDS, and touched the lives of millions.

The Sterile Cuckoo John Nichols, 2013-08-05 “A hilarious, sad

. . . all too true novel about the rough underside of a college love affair.”—John Knowles, author of *A Separate Peace* When eighteen-year-old Jerry Payne first meets Pookie Adams at the Friarsburg, Oklahoma, bus depot, he is hardly aware that this moment marks the beginning of the most memorable love affair of his life.

Overwhelmed (and yet secretly enchanted) by her zany, rambling monologue, Jerry is relieved to leave her in St. Louis as he continues to New York. Thinking he's seen the last of her, he heads off to college, only to be pursued by seventeen lengthy letters, and before he knows it he's involved with a seemingly crazy, startlingly honest girl who adores him. During the next two years, Pookie helps Jerry leave behind the fun-seeking, beer-blasted fraternity man he has become, as she teaches him to open his heart to her. Then, almost as suddenly as she appeared in his life, she disappears from it, leaving in her wake an eternal trail of love and wonder.

The Lathe Of Heaven Ursula K. Le Guin, 2022-07-19 With a

new introduction by Kelly Link, the Locus Award-winning science fiction novel by legendary author Ursula K. Le Guin, set in a world where one man's dreams rewrite the future. During a time racked by war and environmental catastrophe, George Orr discovers his dreams alter reality. George is compelled to receive treatment from Dr. William Haber, an ambitious sleep psychiatrist who quickly grasps the immense power George holds. After becoming adept at manipulating George's dreams to reshape the world, Haber seeks the same power for himself. George—with some surprising help—must resist Haber's attempts, which threaten to destroy reality itself. A classic of the science fiction genre, *The*

Lathe of Heaven is prescient in its exploration of the moral risks when overwhelming power is coupled with techno-utopianism.

The Right Hand Derek Haas,2012-11-13 Meet Austin Clay, the CIA's best-kept secret. There has always been a need in the spy game for operations outside the realm of legality-covert missions so black no one in the American government, and almost no one in intelligence itself, is aware of their existence. The left hand can't know what the right hand is doing. Austin Clay is that right hand, executing missions that would be disavowed by his own government were he ever to be compromised. His team consists of only his trusted handler and himself. His missions are among the most important and dangerous in U.S. history. Clay is sent to track down a missing American operative, a man who was captured outside of Moscow, in the Russian countryside. Soon he discovers the missing officer is only the beginning of the mission, and finds himself protecting a desperate woman who believes a mole has penetrated the top levels of the U.S. government, throwing the international balance of power into jeopardy. With blistering pace, international intrigue, and a high-stakes plot that spans continents, THE RIGHT HAND introduces a new hero, from the novelist whose work the New York Times Book Review has proclaimed devastatingly cool.

Strong Is the New Sexy Nicole Polizzi,2015-10-13 A number of years ago, most people thought Nicole Snooki Polizzi was destined for either rehab or prison. When she rose to stardom on the MTV breakout series, Jersey Shore, she was twenty pounds overweight from her steady diet of nachos and alcohol. Today, not only is she a mother of two, but she's as fit and trim as she's ever been. She's married to the love of her life and father to her children, but most importantly, she's strong both in her body and sheer determination. In short, she's got her life together and now shares with her fans how she's transformed both her body and mindset -- and shows how they can do it too! In Strong Is the New Sexy, Snooki gives her formula for fierce and inspires readers to

tap their own deep wells of girl power.

Full-Frontal Steve Stewart,1998 An easy-to-use video guide to full frontal male nudity in movies and videos--mainstream, independent, and foreign--this book is organized in a simple A-to-Z format, listing each video by title, and providing its release date and a brief description of the nude scene. 100+ photos.

Alan and Naomi Myron Levoy,2007-10 In New York in the 1940s, a boy tries to befriend a girl traumatized by Nazi brutality in France.

Facets of an Academic's Life Michael Wertheimer,2019-12-06 This is the life story of the oldest living member of the famous Wertheimer family, beautifully narrated and richly illustrated from the author's vast stock of memorabilia and his unfailing memory. It is a memoir, but at the same time a document of the exodus of German-speaking psychologists to the New World, which left the homeland scientifically shattered. This lovingly-written pictorial archive of 80 years of the history of modern psychology, shaped by the momentous events of WWII, belongs on the shelf of every psychologist, theoretical, experimental, and clinical, as it gives us the story of how the scientific heritage in Europe and America merged to form the broad and strong disciplines now in our hands, told by one of its premier historical representatives. Prof. em. Lothar Spillmann, University of Freiburg, Germany
