📖 [The List](#) Patricia Forde,2017-08-01 The fantasy book of the year.-Eoin Colfer, bestselling author of Artemis Fowl A 2018 Notable Children’s Books Selection! You are The Wordsmith now. Are you ready for the challenge? The city of Ark is the last safe place on Earth. To make sure humans are able to survive, everyone in Ark must speak List, a language of only 500 words. Everyone that is, except Letta. As apprentice to the Wordsmith, Letta can read all the words that have ever existed. Forbidden words like freedom, music, and even pineapple tell her about a world she’s never known. One day her master disappears and the leaders of Ark tell Letta she is the new Wordsmith and must shorten List to fewer and fewer words. Then Letta meets a teenage boy who somehow knows all the words that have been banned. Letta’s faced with a dangerous choice: sit idly by and watch language slowly slip away or follow a stranger on a path to freedom...or banishment.

📖 [Revolt on the Right](#) Robert Ford,Matthew J Goodwin,2014-03-17 Winner of the Political Book of the Year Award 2015 The UK Independence Party (UKIP) is the most significant new party in British politics for a generation. In recent years UKIP and their charismatic leader Nigel Farage have captivated British politics, media and voters. Yet both the party and the roots of its support remain poorly understood. Where has this political revolt come from? Who is supporting them, and why? How are UKIP attempting to win over voters? And how far can their insurgency against the main parties go? Drawing on a wealth of new data – from surveys of UKIP voters to extensive interviews with party insiders – in this book prominent political scientists Robert Ford and Matthew Goodwin put UKIP’s revolt under the microscope and show how many conventional wisdoms about the party and the radical right are wrong. Along the way they provide unprecedented insight into this new revolt, and deliver some crucial messages for those with an interest in the state of British politics, the radical right in Europe and political behaviour more generally.

📖 [Marks of the Body of Christ](#) Carl E. Braaten,Robert W. Jenson,1999 Martin Luther once listed seven marks of the church-those defining ecclesial features that show where the true church is to be found. This insightful volume brings together essays by ten leading Catholic, Episcopal, Lutheran, Methodist, and Orthodox theologians, each analyzing one of the seven traditional marks of the church and discussing how it is found, or not found, in today’s churches. Writing about each mark of the church are these scholars: Gerhard O. Forde and Richard Lischer on proclamation; Susan K. Wood and John H. Erickson on baptism; K. Paul Wesche and Richard A. Norris Jr. on the Eucharist; David S. Yeago on the office of the keys; Carl E. Braaten on ordination; Robert W. Jenson on catechesis; and William J. Abraham on discipleship. The picture of contemporary church life that is developed by these authors is grim, but their analyses and practical suggestions are both constructive and necessary.

📖 [On Being a Theologian of the Cross](#) Gerhard O. Forde,1997 Gerhard Forde examines the nature of the theology of the cross, noting what makes it different from other kinds of theology. His starting point is a thorough analysis of Luther’s Heidelberg Disputation of 1518, the classic text of the theology of the cross.

📖 [The End of British Party Politics?](#) Roger Awan-Scully,2018-04-05 Elections ask voters to choose between political parties. But voters across the UK are increasingly being presented with fundamentally different, and largely disconnected, sets of political choices. This book is about this hollowing out of a genuinely British democratic politics: how and why it has occurred, and why it matters. Electoral choices across Britain became increasingly differentiated along national lines over much of the last half-century. In 2017, for the second general election in a row, four different parties came first in the UK’s four nations. UK voters are increasingly faced with general election campaigns that are largely disconnected from each other. At the same time, voters acquire much of their information about the election from news-media based in London that display little understanding of these national distinctions. The UK continues to elect representatives to a single parliament. But the shared debates and sets of choices that tie a political community together are increasingly absent. Separate national political arenas and agendas still have to interact but in some respects the House of Commons increasingly resembles the European Parliament – whose members are democratically chosen but from a disconnected series of separate national electoral contests. This is deeply problematic for the long-term unity and integrity of the UK.

📖 [Hot Mess](#) Matt Winning,2021-11-11 ‘A very funny, important and only moderately terrifying clarion call of a book’ - Adam Kay ‘HOT MESS provides loads of laughs about the climate situation and will position you at the right point between fear and determination’ - Mark Watson ‘Hilarious, informative and worrying in equal measure. And that’s just the bits about having a baby’ - Josie Long For fans of Randall Munro’s WHAT IF? Matt Parker’s HUMBLE PI and anyone looking for practical tips on how to stop the end of the world! Dr Matt Winning is a stand-up comedian and environmental economist with a PhD in climate change policy, which means he’s the sort of doctor who will rush to your side if you fall ill on a plane, but only to berate you for flying. We are currently facing a global climate emergency. You’ve probably noticed. But why does the end of the world need to be so depressing? HOT MESS aims to both lighten the mood and enlighten readers on climate change. This is a book for people who care about climate change but aren’t doing much about it, helping readers understand what the main causes of climate change are, what changes are needed, and what they can (and cannot) do about it. But, most importantly, it is book that’ll help people find the comedy in climate change, because if we can do that, well, we can do bloody anything. ‘Climate change is no laughing matter - oh yes it is - with Matt Winning’s superb, hilarious, side-splitting book that makes you take a whole new look at the climate crisis, surviving having children and life in general’ - Mark Maslin, author of How to Save Our Planet ‘The first book about climate change that made me laugh out loud. If you’ve been too freaked out to subject yourself to the climate crisis, Hot Mess is the kick in the pants you need to start making yourself useful.’ - Prof. Kimberly Nicholas, author of Under the Sky We Make: How to Be Human in a Warming World

📖 [News After Trump](#) Matt Carlson,Sue Robinson,Seth C. Lewis,2021-09-28 Donald Trump might have been the loudest and most powerful voice maligning the integrity of news media in a generation, but his unrelenting attacks draw from a stew of resentment, wariness, cynicism, and even hatred toward the press that has been simmering for years. At one time, journalism’s centrality in reporting and interpreting important events was relatively unquestioned when a limited number of channels and voices produced a consensus-based news environment. The collapse of this environment has sparked a moment of reckoning within and outside journalism, particularly as professional news outlets struggle to remain solvent. Alternative voices compete for attention with and criticize the work and motivations of journalists, even as a growing number of journalists question their core norms and practices. News After Trump considers these struggles over journalism to be about the very relevance of journalism as an institutional form of knowledge production. At the heart of this questioning is a struggle to define what truthful accounts look like and who ought to create them or determine them in a rapidly changing media culture. Through an extensive accounting of Trump’s relationship with the press, and drawing on in-depth interviews with journalists and textual analysis of news events, editorials, social media, and trade-press discussions, the book rethinks the relevance of journalism by recognizing the limits of objectivity and the way in which journalism positions certain actors as authority figures while rendering the less socially powerful invisible or flawed. This ethos of detachment has staved off vital questions about how journalism connects to its audiences, how it creates enduring value in people’s lives (or not), and how diversity needs to be understood jointly at the level of production, reporting, and audience in order to rebuild trust.

📖 [Ford County](#) John Grisham,2010-04-21 The gripping new legal thriller from the No 1 Sunday Times bestselling author and creator of Sooley and The Judge’s List . Ford County. The heart of the American deep South. A place of harsh beauty, of broken dreams and final wishes. From legendary legal thriller author John Grisham comes a unique collection of stories connected by the life and crimes of Ford County. From a hard-drinking, downtrodden divorce lawyer looking for pay-dirt, to a manipulative death row inmate with one last plea, Ford County features a vivid cast of attorneys, crooks, hustlers, and convicts. From their stories emerges a rich picture of lives lived and lost in Mississippi. Completely gripping, frequently moving and always entertaining, Ford County brims with the same page-turning quality and heart-stopping drama of his previous bestsellers. _____ ‘A master at the art of deft characterisation and the skilful delivery of hair-raising crescendos!’ - Irish Independent ‘John Grisham is the master of legal fiction’ - Jodi Picoult ‘The best thriller writer alive’ - Ken Follett ‘John Grisham has perfected the art of cooking up convincing, fast-paced thrillers’ - Telegraph ‘Grisham is a superb, instinctive storyteller’ - The Times ‘Grisham’s storytelling genius reminds us that when it comes to legal drama, the master is in a league of his own’ - Daily Record ‘Masterful - when Grisham gets in the courtroom he lets rip, drawing scenes so real they’re not just alive, they’re pulsating’ - Mirror ‘A giant of the thriller genre’ - TimeOut

📖 [Edwina Currie](#) Edwina Currie,2012-09-18 After Margaret Thatcher, Edwina Currie was the second most prominent woman in British politics during the 1980s. Indeed, she was often spoken of as a potential Prime Minister. Her outspokenness and her lively, media-friendly personality won her a much higher profile than her status as a junior minister would otherwise have commanded. When she was forced to resign from the government after warning of the danger signs of salmonella infection in eggs, she was already a national figure. Revealing her four-year affair with former Prime Minister John Major, Edwina’s diaries caused a media sensation. A decade on, and now with previously unpublished material, the diaries still provide a remarkable insight into politics at the top by a writer with an observant eye and a sharp sense of humour. Edwina Currie’s honesty, her frankness and her courage make these unexpurgated diaries an irresistible read.
