Fat Kid Rules the World K. L. Going, 2004-11-18 A Michael L. Printz Honor Book Troy Billings is seventeen, 296 pounds, friendless, utterly miserable, and about to step off a New York subway platform in front of an oncoming train. Until he meets Curt MacCrae, an emaciated, semi-homeless, high school dropout guitar genius, the stuff of which Lower East Side punk rock legends are made. Never mind that Troy's dad thinks Curt's a drug addict and Troy's brother thinks Troy's the biggest (literally) loser in Manhattan. Soon, Curt's recruited Troy as his new drummer—even though Troy can't play the drums. Together, Curt and Troy will change the world of punk, and Troy's own life, forever. Troy's voice is candid, irreverent, realistic and humorous. Watch Keith Buckley, 2018-09 When John Harvey's watch stops working on the morning of February 3rd, 1987, he has an epiphany. It occurs to him that every personal trauma he is trying to forget has had one thing in common: they all occurred at some point on the face of that very watch. The loss of his job, the death of his child, Zola's suicide, all contained right there in that tiny circle of finite numbers. So he smashes the watch. Problem solved. But when John steps out the door to make his daily trek to the local bar as a man newly freed from the tyrannies of time, he is met by a snowstorm that renders him completely blind, and a walk that should have taken just a few minutes begins to feel like years. Because as John Harvey wanders alone through the snow with no sun nor sign to guide him, the twenty-eight year old misanthrope is confronted by the vivid manifestation of every ghost he has devoted his lonely life to avoiding. In the storm he is forced to finally accept the suffering he has been hiding from. In the storm he is forced to understand that the only thing worse than never truly seeing is never truly being seen. In the storm he is forced, for once, to watch.

A Walk in the Woods Lee Blessing, 1988 Length: 2 acts.

Not Light, but Fire Matthew Kay, 2023-10-10 Do you know how to initiate and facilitate productive dialogues about race in your classroom? Are you prepared to handle complex topics while keeping your students engaged? Inspired by Frederick Douglass's abolitionist call to action, it is not light that is needed, but fire—, author Matthew Kay demonstrates how to move beyond surface-level discussions and lead students through the most difficult race conversations. In *Not Light, But Fire: How to Lead Meaningful Race Conversations in the Classroom*, Kay recognizes we often never graduate to the harder conversations, so he offers a method for getting them right, providing candid guidance on: How to recognize the difference between meaningful and inconsequential race conversations. How to build conversational safe spaces, - not merely declare them. How to infuse race conversations with urgency and purpose. How to thrive in the face of unexpected challenges. How administrators might equip teachers to thoughtfully engage in these conversations. With the right blend of reflection and humility, Kay asserts teachers can make school one of the best venues for young people to discuss race.

The Monsters Know What They're Doing Keith Ammann, 2019-10-29 From the creator of the popular blog *The Monsters Know What They're Doing* comes a compilation of villainous battle plans for *Dungeon Masters*. In the course of a *Dungeons & Dragons* game, a *Dungeon Master* has to make one decision after another in response to player behavior—and the better the players, the more unpredictable their behavior! It's easy for even an experienced DM to get bogged down in on-the-spot decision-making or

to let combat devolve into a boring slugfest, with enemies running directly at the player characters and biting, bashing, and slashing away. In *The Monsters Know What They're Doing*, Keith Ammann lightens the DM's burden by helping you understand your monsters' abilities and develop battle plans before your fifth edition D&D game session begins. Just as soldiers don't whip out their field manuals for the first time when they're already under fire, a DM shouldn't wait until the PCs have just encountered a dozen bullywugs to figure out how they advance, fight, and retreat. Easy to read and apply, *The Monsters Know What They're Doing* is essential reading for every DM.

The Cult of Smart Fredrik deBoer, 2020-08-04 Named one of Vulture's Top 10 Best Books of 2020! Leftist firebrand Fredrik deBoer exposes the lie at the heart of our educational system and demands top-to-bottom reform. Everyone agrees that education is the key to creating a more just and equal world, and that our schools are broken and failing. Proposed reforms variously target incompetent teachers, corrupt union practices, or outdated curricula, but no one acknowledges a scientifically-proven fact that we all understand intuitively: Academic potential varies between individuals, and cannot be dramatically improved. In *The Cult of Smart*, educator and outspoken leftist Fredrik deBoer exposes this omission as the central flaw of our entire society, which has created and perpetuated an unjust class structure based on intellectual ability. Since cognitive talent varies from person to person, our education system can never create equal opportunity for all. Instead, it teaches our children that hierarchy and competition are natural, and that human value should be based on intelligence. These ideas are counter to everything that the left believes, but until they acknowledge the existence of individual cognitive differences, progressives remain complicit in keeping the status quo in place. This passionate, voice-driven manifesto demands that we embrace a new goal for education: equality of outcomes. We must create a world that has a place for everyone, not just the academically talented. But we'll never achieve this dream until the Cult of Smart is destroyed.

Playing War John M. Lillard, 2016-04-01 Between the First and Second World Wars, the U.S. Navy used the experience it had gained in battle to prepare for future wars through simulated conflicts, or war games, at the Naval War College. In *Playing War* John M. Lillard analyzes individual war games in detail, showing how players tested new tactics and doctrines, experimented with advanced technology, and transformed their approaches through these war games, learning lessons that would prepare them to make critical decisions in the years to come. Recent histories of the interwar period explore how the U.S. Navy digested the impact of World War I and prepared itself for World War II. However, most of these works overlook or dismiss the transformational quality of the War College war games and the central role they played in preparing the navy for war. To address that gap, *Playing War* details how the interwar navy projected itself into the future through simulated conflicts. *Playing War* recasts the reputation of the interwar War College as an agent of preparation and innovation and the war games as the instruments of that agency.

Filthy Talk for Troubled Times Neil LaBute, 2010-06-15 A collection of early work and new short pieces from "the bad boy of American theater" (Time). Neil LaBute burst onto the American theater scene in 1989 with his controversial debut *Filthy Talk for Troubled Times*. Set in a barroom in Anytown, USA, and populated by a series of everymen (and two beleaguered everywomen), this series of frank exchanges explores the innumerable varieties of American intolerance. A unique snapshot of the times, the play--seldom allowed production by the author since--provides a compelling look at the early thinking and evolution of one of our great theater artists. Also in this collection is a series of new, short works, some never before produced. They include "The New Testament," a showbiz satire that takes a close look at the perils of color-blind casting, and "The Furies," in which a woman helps navigate her brother's breakup with his out--and then perhaps in-the-closet again--lover. "There is something of the sinister menace of Pinter in LaBute's work (along with David Mamet, he is very much the heir apparent to that master)." --Hedy Weiss, Chicago Sun-Times "There is no playwright on the planet these days who is writing better than Neil LaBute." --John Lahr, The New Yorker
