Shards of Memory Ruth Praver Jhabvala, 1996 A young man named Henry sits down with his grandmother, a genial lady still called Baby by everyone, in her Manhattan townhouse where he has lived all his life, to record the history of a spiritual movement that has woven itself into the fabric of their family's lives for four generations. What unfolds is a mesmerizing family saga: the imperious great-grandmother Elsa and her husband, an Indian poet, whose marriage is as unconventional as the movement they help to found; Baby, their cheerfully pragmatic daughter, married to the aloof English diplomat Graeme; bemused and brooding Renata, Baby and Graeme's daughter, married to an idle dreamer; and finally Henry, Renata's son, who in many ways bears the legacy of all that has gone before. Their lives--and that of the movement's elusive yet ineluctable founder, known only as the Master--intertwine, diverge, and collide with each other in a masterfully orchestrated story spanning the twentieth century and several continents. By turns brilliantly satiric, insightful, and profoundly moving, *Shards Of Memory* is a beautifully wrought tale of love and devotion, of family and faith, and of the complex nature of memory itself--a literary tour de force from one of the most distinguished novelists of our time.

In Memory of Memory Maria Stepanova, 2021-02-09 An exploration of life at the margins of history from one of Russia's most exciting contemporary writers Shortlisted for the 2021 International Booker Prize Winner of the MLA Lois Roth Translation Award With the death of her aunt, the narrator is left to sift through an apartment full of faded photographs, old postcards, letters, diaries, and heaps of souvenirs: a withered repository of a century of life in Russia. Carefully reassembled with calm, steady hands,

these shards tell the story of how a seemingly ordinary Jewish family somehow managed to survive the myriad persecutions and repressions of the last century. In dialogue with writers like Roland Barthes, W. G. Sebald, Susan Sontag, and Osip Mandelstam, *In Memory of Memory* is imbued with rare intellectual curiosity and a wonderfully soft-spoken, poetic voice. Dipping into various forms—essay, fiction, memoir, travelogue, and historical documents—Stepanova assembles a vast panorama of ideas and personalities and offers an entirely new and bold exploration of cultural and personal memory.

Shards of Memory Yehudi Lindeman, 2007-04-30 As the last Holocaust survivors die, their testimonies make the transition from memory to history. In this compelling volume, Yehudi Lindeman, Director of the Living Testimonies Video Archive in Montreal, shares compelling stories of survival and triumph collected from years of interviews with those who lived through the most harrowing decade of the 20th century. Here are 25 tales of courage and loss, representing the experiences of women, men, and children who either survived the death camps or lived in hiding, and of their rescuers and redeemers. The testimonies included in this volume show glimpses of the big movements, the big picture of World War II—the fast German sweep into Poland; the bureaucratic German machine that marked and identified Jews across German-occupied Europe; the efficiently organized roundups of Europe's Jews; the gradual retreat of the Wehrmacht from east to west; the sudden attacks on Holland and France. The fate of the European Jews may be a collective one, but their attempt to survive the onslaught on their liberty and life is often best understood through the portrayal of individual struggles. By focusing on individual lives, the narratives collected here capture the flow of history in all its precise,

subjective, human detail.

The Memory of Souls Jenn Lyons, 2021-11-30 The Memory of Souls is the third epic fantasy in Jenn Lyons' Chorus of Dragons series and one of Library Journal's best SF&F books of the year! THE LONGER HE LIVES THE MORE DANGEROUS HE BECOMES Now that Relos Var's plans have been revealed and demons are free to rampage across the empire, the fulfillment of the ancient prophecies—and the end of the world—is closer than ever. To buy time for humanity, Kihrin needs to convince the king of the Manol vané to perform an ancient ritual which will strip the entire race of their immortality, but it's a ritual which certain vané will do anything to prevent. Including assassinating the messengers. Worse, Kihrin must come to terms with the horrifying possibility that his connection to the king of demons, Vol Karoth, is growing steadily in strength. How can he hope to save anyone when he might turn out to be the greatest threat of them all? A Chorus of Dragons 1: The Ruin of Kings 2: The Name of All Things 3: The Memory of Souls

A Single Shard Linda Sue Park, 2001-04-23 The Newbery Medal-winning tale of an orphan boy whose dream of becoming a master potter leads to unforeseen adventure in ancient Korea. Tree-ear is an orphan boy in a 12th-century Korean village renowned for its ceramics. When he accidentally breaks a delicate piece of pottery, he volunteers to work to pay for the damage. Putting aside his own dreams, Tree-ear resolves to serve the master potter by embarking on a difficult and dangerous journey, little knowing that it will change his life forever. Despite the odds against him, Tree-ear becomes courageous, brave and selfless, a hero as enduring as the porcelain Park so lovingly describes. (New York Times) "Intrigues, danger, and a strong focus on doing what is right turn a simple story into a compelling read. A timeless

jewel." (Kirkus starred review) *A broken piece of pottery sets events in motion as an orphan struggles to pay off his debt to a master potter. This finely crafted novel brings 12th-century Korea and these indelible characters to life. (School Library Journal starred review) Tree-ear's determination and bravery in pursuing his dream of becoming a potter takes readers on a literary journey that demonstrates how courage, honor and perseverance can overcome great odds and bring great happiness. Park effectively conveys 12th century Korea in this masterful piece of historical fiction. (Kathleen Odean, chair of the Newbery Award Selection Committee)

The Bands of Mourning Brandon Sanderson, 2016-01-26 From #1 New York Times bestselling author Brandon Sanderson, the Mistborn series is a heist story of political intrigue and magical, martial-arts action. Three hundred years after the events of the Mistborn trilogy, Scadrial is now on the verge of modernity, with railroads to supplement the canals, electric lighting in the streets and the homes of the wealthy, and the first steel-framed skyscrapers racing for the clouds. The Bands of Mourning are the mythical metal minds owned by the Lord Ruler, said to grant anyone who wears them the powers that the Lord Ruler had at his command. Hardly anyone thinks they really exist. A kandra researcher has returned to Elendel with images that seem to depict the Bands, as well as writings in a language that no one can read. Waxillium Ladrian is recruited to travel south to the city of New Seran to investigate. Along the way he discovers hints that point to the true goals of his uncle Edwain and the shadowy organization known as The Set. The Night of Broken Glass Feroz

Rather, 2018-07-05 Over the last three decades,
Kashmir has been ravaged by insurgency. While
reams have been written on it - in human rights
documents, academic theses, non-fiction accounts
of the turmoil, and government and military
reports - the effects of the violence on its
inhabitants have rarely been rendered in fiction.
Feroz Rather's *The Night of Broken Glass* corrects
that anomaly. Through a series of interconnected
stories, within which the same characters move in
and out, the author weaves a tapestry of the
horror Kashmir has come to represent. His visceral
imagery explores the psychological impact of the
turmoil on its natives - Showkat, who is made to
wipe off graffiti on the wall of his shop with his
tongue; Rosy, a progressive, jeans-wearing 'upper-
caste' girl who is in love with 'lower-caste'
Jamshid; Jamshid's father Gulam, a cobbler by
profession who never finds his son's bullet-
riddled body; the ineffectual Nadim 'Pasture', who
proclaims himself a full-fledged rebel; even the
barbaric and tyrannical Major S, who has to
contend with his own nightmares. Grappling with a
society brutalized by the oppression of the state,
and fissured by the tensions of caste and gender,
Feroz Rather's remarkable debut is as much a paean

to the beauty of Kashmir and the courage of its people as it is a dirge to a paradise lost.

The Way of Kings Brandon Sanderson, 2014-03-04
Introduces the world of Roshar through the experiences of a war-weary royal compelled by visions, a highborn youth condemned to military slavery, and a woman who is desperate to save her impoverished house.

Blaze of Memory Nalini Singh, 2009-11-03 Nalini Singh returns to the Psy/Changeling world and its "breathtaking blend of passion, adventure, and the paranormal"* as a woman without a past becomes the pawn of a man who controls her future... Dev Santos discovers her unconscious and battered, with no memory of who she is. All she knows is that she's dangerous. Charged with protecting his people's most vulnerable secrets, Dev is duty-bound to eliminate all threats. It's a task he's never hesitated to complete...until he finds himself drawn to a woman who might yet prove the enemy's most insidious weapon. Stripped of her memories by a shadowy oppressor, and programmed to carry out cold-blooded murder, Katya Haas is fighting desperately for her sanity itself. Her only hope is Dev. But how can she expect to gain the trust of a man who could very well be her next target? For in this game, one must die...

Star Trek: Mirror Universe: Shards and Shadows Marco Palmieri, Margaret Clark, 2009-01-06 Fractured history. Broken lives. Splintered souls. Since the alternate universe was first glimpsed in the classic episode *Mirror, Mirror*, something about Star Trek's dark side has beckoned us, called to us, tempted us -- like forbidden fruit on the Tree of Knowledge. To taste it is to lose oneself in a world of startling familiarity and terrifying contradictions, where everything and everyone we knew is somehow disturbingly different, and where shocking secrets await their revelation. What began in 2007 with *Glass Empires* and *Obsidian*

Alliances -- the first truly in-depth foray into the turbulent history of this other continuum -- now continues in twelve new short tales that revisit and expand upon that so-called Mirror Universe, spanning all five of the core incarnations of Star Trek, as well as their literary offshoots, across more than two hundred years of divergent history, as chronicled by... Interdisciplinary Unsettlings of Place and Space

Sarah Pinto, Shelley Hannigan, Bernadette Walker-Gibbs, Emma Charlton, 2019-04-25 This book brings together researchers from different fields, traditions and perspectives to examine the ways in which place and space might (be) unsettle(d). Researchers from across the humanities and social sciences have been drawn to the study of place and space since the 1970s, and the term 'unsettled' has been an occasional but recurring presence in this body of scholarship. Though it has been used to invoke a range of meanings, from the dangerous to the liberating, the term itself has rarely been at the centre of sustained examination. This collection highlights the idea of the unsettled in the scholarly investigation of place and space. The respective chapters offer a dialogue between a diverse and eclectic group of researchers, crossing significant disciplinary and interdisciplinary boundaries in the process. The purpose of the collection is to juxtapose a range of different approaches to, and perspectives on, the unsettling of place and space. In doing so, *Interdisciplinary Unsettlings of Place and Space*

makes an important contribution and offers new insights into how scholarship and research into different fields and practices may help us re-envision place and space.

Basics Interactive Design: User Experience Design Gavin Allanwood, Peter Beare, 2014-04-24 By putting people at the centre of interactive design, user experience (UX) techniques are now right at the heart of digital media design and development. As a designer, you need to create work that will impact positively on everyone who is exposed to it. Whether it's passive and immutable or interactive and dynamic, the success of your design will depend largely on how well the user experience is constructed. User Experience Design shows how researching and understanding users' expectations and motivations can help you develop effective, targeted designs. The authors explore the use of scenarios, personas and prototyping in idea development, and will help you get the most out of the latest tools and techniques to produce interactive designs that users will love. With practical projects to get you started, and stunning examples from some of today's most innovative studios, this is an essential introduction to modern UXD.
