*The Big Three* Michael Holley, 2020-12-01 \*\*Selected by the Wall Street Journal among the Best Sports Books of 2021\*\* A New York Times bestselling sportswriter tells the inside story of how three star players joined together to form the most dominant team in basketball and lead the Boston Celtics to their first championship in more than two decades. The first of The Big Three was Paul Pierce. As Boston Celtics fans watched the team retire Pierce's jersey in a ceremony on February 11, 2018, they remembered again the incredible performances Pierce put on in the city for fifteen years, helping the Celtics escape the bottom of their conference to become champions and perennial championship contenders. But Pierce's time in the city wasn't always so smooth. In 2000, he was stabbed in a downtown nightclub eleven times in a seemingly random attack. Six years later, remaining the sole star on a struggling team, he asked to be traded and briefly became a lightning rod among fans. Then, in 2007, the Boston Celtics General Manager made two monumental trades, bringing Ray Allen and Kevin Garnett to Boston. A press conference on July 31, 2007 was a sight to behold: Pierce, KG, and Ray Allen holding up Celtics jerseys for the flood of media. Coach Doc Rivers made sure the team bonded over the thought of winning a title and living by a Bantu term called Ubuntu, which translates as I am because we are. Rivers wanted to make it clear that togetherness and brotherhood would help them maximize their talent and win. What came next—the synthesis of the Celtics' Big Three and their dominant championship run—cemented their standing as one of great teams in NBA history, a rival to Kobe Bryant's Lakers and LeBron James's Cavaliers. This is the team that brought excitement back to the Garden, and therefore to one of the most storied franchises in all of sports. They met their historic rivals, the Lakers, in the 2008 NBA Finals, winning the series in Game 6, in a rout on their home court with a raucous, concert like atmosphere. Along

the victory parade route, Paul Pierce smoked a cigar—as a tribute to legendary former Celtics Coach Red Auerbach. In a city now defined by a wealth of championships, The Big Three joined the club. Michael Holley, the premier chronicler of Boston sports, brings their story to life with countless untold stories and behind-the-scenes details in another bestselling tome for New England and sports fans across the country.

*From the Outside* Ray Allen, Michael Arkush, 2018-03-27 New York Times Bestseller The record-holding two-time NBA champion and recently inducted hall-of-famer reflects on his work ethic, his on-the-court friendships and rivalries, the great teams he's played for, and what it takes to have a long and successful career in this thoughtful, in-depth memoir. Playing in the NBA for eighteen years, Ray Allen won championships with the Boston Celtics and the Miami Heat and entered the record books as the original king of the three-point shot. Known as one of the hardest-working and highest-achieving players in NBA history, this most dedicated competitor was legendary for his sharp shooting. *From the Outside*, complete with a foreword by Spike Lee, is his story in his words: a no-holds-barred look at his life and career, filled with behind-the-scenes stories and surprising revelations about the game he has always cherished. Allen talks openly about his fellow players, coaches, owners, and friends, including LeBron James, Kobe Bryant, and Kevin Garnett. He reveals how, as a kid growing up in a military family, he learned about responsibility and respect—the key to making those perfect free throws and critical three-point shots. *From the Outside* is the portrait of a gifted athlete and a serious man with a strongly defined philosophy about the game and the right way it should be played—a philosophy that, at times, set him apart from colleagues and coaches, while inspiring so many others, and lead to the most pivotal shot of his career: the unforgettable 3-pointer in the final seconds of Game 6 of the 2013 NBA finals against the San Antonio Spurs.

Throughout, Allen makes clear that success in basketball is as much about what happens off the court as on, that devotion and commitment are the true essence of the game—and of life itself.

**Hard Work** Roy Williams, 2011-01-01 One of the most respected basketball coaches in the country relates the story of his life, from his turbulent childhood to the North Carolina Tar Heels' national championship in 2009, and discusses the coaching philosophy that has made him successful.

Scabs to Scars Paul Pierce, 2018-03 Many relationships are doomed from the start because we carry the baggage of previous hurts and disappointments into the new relationships. The hurts of the past must be dealt with so we can be free to love the way we really desire. Scabs are the product of wounds still in need of healing. When a hurt is truly healed, a scar forms. This scar reminds us of that hurt and the situation that caused the wound but the pain is gone. Life can bring us hurt but how we deal with those hurts determine if we are free and whole.

Here is a preview of what is inside this Jayson Tatum biography book: Childhood and Early Life High School Career College Career Getting Drafted, Rookie Season, Playoff Debut On the Rise Jayson Tatum's Personal Life Tatum's Impact on Basketball Legacy and Future An excerpt from this Jayson Tatum biography: The NBA style of basketball has often gone through different evolutions and transformations throughout its history. From its earliest days when big men ruled the paint in a fast-paced style that did not have a three-point line, NBA basketball transformed into a more structured defensive style of play in the '70s. Then, during the '80s and '90s, the game became more physical as teams relied more on a grind-it-out style that involved a lot of one-on-one, man-to-man defense. During the 2000s, we saw teams relying more on superstars as names such as Kobe Bryant, LeBron James, Dirk Nowitzki, Kevin Garnett, and Dwyane Wade emerged as players you can give the ball to if you want your team to get buckets. This steadily transitioned into a different style of play over the next decade as franchises began to create super teams with three or more All-Stars. However,

though there are still super teams in today's era, the style has become more reliant on overall team play instead of just putting the ball in the hands of the team's three All-Stars. We saw the Golden State Warriors playing that way since they won the NBA title in 2015. Though they had many stars on their team, they relied more on spacing and ball movement to win games. This led to the current pace-and-space era where teams rely more on increasing the tempo of the game while spacing the floor with four or more shooters. This pace-and-space era led to the introduction of positionless basketball that demands all five players to bring the ball up, make plays for others, and shoot the ball from the perimeter. You are now seeing frontcourt players 6'7 or taller spacing the floor with their three-point shooting or even playing the point from time to time.
