*The Big Three* Michael Holley,2020-12-01 \*\*Selected by the Wall Street Journal among the Best Sports Books of 2021\*\* A New York Times bestselling sportswriter tells the inside story of how three star players joined together to form the most dominant team in basketball and lead the Boston Celtics to their first championship in more than two decades. The first of The Big Three was Paul Pierce. As Boston Celtics fans watched the team retire Pierce's jersey in a ceremony on February 11, 2018, they remembered again the incredible performances Pierce put on in the city for fifteen years, helping the Celtics escape the bottom of their conference to become champions and perennial championship contenders. But Pierce's time in the city wasn't always so smooth. In 2000, he was stabbed in a downtown nightclub eleven times in a seemingly random attack. Six years later, remaining the sole star on a struggling team, he asked to be traded and briefly became a lightning rod among fans. Then, in 2007, the Boston Celtics General Manager made two monumental trades, bringing Ray Allen and Kevin Garnett to Boston. A press conference on July 31, 2007 was a sight to behold: Pierce, KG, and Ray Allen holding up Celtics jerseys for the flood of media. Coach Doc Rivers made sure the team bonded over the thought of winning a title and living by a Bantu term called Ubuntu, which translates as I am because we are. Rivers wanted to make it clear that togetherness and brotherhood would help them maximize their talent and win. What came next—the synthesis of the Celtics' Big Three and their dominant championship run—cemented their standing as one of great teams in NBA history, a rival to Kobe Bryant's Lakers and LeBron James's Cavaliers. This is the team that brought excitement back to the Garden, and therefore to one of the most storied franchises in all of sports. They met their historic rivals, the Lakers, in the 2008 NBA Finals, winning the series in Game 6, in a rout on their home court with a raucous, concert like atmosphere. Along the victory parade route, Paul Pierce smoked a cigar—as a tribute to legendary former Celtics Coach Red Auerbach. In a city now defined by a wealth of championships, The Big Three joined the club. Michael Holley, the premier chronicler of Boston sports, brings their story to life with countless untold stories and behind-the-scenes details in another bestselling tome for New England and sports fans across the country.

*From the Outside* Ray Allen,Michael Arkush,2018-03-27 New York Times Bestseller The record-holding two-time NBA champion and recently inducted hall-of-famer reflects on his work ethic, his on-the-court friendships and rivalries, the great teams he's played for, and what it takes to have a long and successful career in this thoughtful, in-depth memoir. Playing in the NBA for eighteen years, Ray Allen won championships with the Boston Celtics and the Miami Heat and entered the record books as the original king of the three-point shot. Known as one of the hardest-working and highest-achieving players in NBA history, this most dedicated competitor was legendary for his sharp shooting. *From the Outside*, complete with a foreword by Spike Lee, is his story in his words: a no-holds-barred look at his life and career, filled with behind-the-scenes stories and surprising revelations about the game he has always cherished. Allen talks openly about his fellow players, coaches, owners, and friends, including LeBron James, Kobe Bryant, and Kevin Garnett. He reveals how, as a kid growing up in a military family, he learned about responsibility and respect—the key to making those perfect free throws and critical three-point shots. *From the Outside* is the portrait of a gifted athlete and a serious man with a strongly defined philosophy about the game and the right way it should be played—a philosophy that, at times, set him apart from colleagues and coaches, while inspiring so many others, and lead to the most pivotal shot of his career: the unforgettable 3-pointer in the final seconds of Game 6 of the 2013 NBA finals against the San Antonio Spurs. Throughout, Allen makes clear that success in basketball is as much about what happens off the court as on, that devotion and commitment are the true essence of the game—and of life itself.

**Roar from Zion** Paul Wilbur, 2021-07-13 The son of a Jewish father and Baptist mother, Paul Wilbur grew up attending synagogue. In college he was transformed by a Baptist minister's teaching about a rabbi, Jesus, who fulfilled the promise of the Torah. As he grew in his relationship with Jesus, Wilbur was reintroduced to the God of the Old Testament and began exploring his Jewish heritage. Along the way, he discovered the power of Jewish worship traditions—the weekly Shabbat, with the power of Holy Communion and dedication to family, along with other high holy traditions and feast days. Observing those ancient rituals, now infused with the power of the Holy Spirit, Wilbur heard a sound that he describes as a roar from Zion. As evangelicals came to understand and incorporate ancient Jewish worship practices in their home and church lives, miracles broke out, fathers assumed their roles as the head of their families, prodigal children returned home, and marriages were restored. What began with one man is now becoming a movement, with tens of thousands taking part—

Then he takes it further by completely reevaluating not only how NBA Hall of Fame inductees should be chosen but how the institution must be reshaped from the ground up, the result being the Pyramid: Simmons’s one-of-a-kind five-level shrine to the ninety-six greatest players in the history of pro basketball. And ultimately he takes fans to the heart of it all, as he uses a conversation with one NBA great to uncover that coveted thing: The Secret of Basketball. King of Jazz James Layton,David Pierce,2016 King of Jazz: Paul Whiteman's Technicolor Revue tells the story of the making, release, and restoration of Universal's 1930 Technicolor musical extravaganza King of Jazz. Authors James Layton and David Pierce have uncovered original artwork, studio production files, behind-the-scenes photographs, personal papers, unpublished interviews, and a host of other previously unseen documentation. The book offers a richly illustrated narrative of the film's production, with broader context on its diverse musical and theatrical influences. The story concludes with an in-depth look at the challenges Universal overcame in restoring the film in 2016. Additionally, the book's appendix provides a comprehensive guide to all of the film's performers, music, alternate versions, and deleted scenes. King of Jazz was one of the most ambitious films ever to emerge from Hollywood. Just as movie musicals were being invented in 1929, Universal Pictures brought together Paul Whiteman, leader of the country's top dance orchestra; John Murray Anderson, director of spectacular Broadway revues; a top ensemble of dancers and singers; early Technicolor; and a near unlimited budget. The film's highlights include a dazzling interpretation of George Gershwin's Rhapsody in Blue, which Whiteman had introduced to the public in 1924; Walter Lantz's A Fable in Jazz, the first cartoon in Technicolor; and Anderson's grand finale The Melting Pot of Music, a visualization of popular music's many influences and styles. The film is not only a unique document of Anderson's theatrical vision and Whiteman's band at its peak, but also of several of America's leading performers of the late 1920s, including Bing Crosby in his first screen

appearance, and the Russell Markert Dancers, who would soon become Radio City Music Hall's famous Rockettes

From its earliest days when big men ruled the paint in a fast-paced style that did not have a three-point line, NBA basketball transformed into a more structured defensive style of play in the '70s. Then, during the '80s and '90s, the game became more physical as teams relied more on a grind-it-out style that involved a lot of one-on-one, man-to-man defense. During the 2000s, we saw teams relying more on superstars as names such as Kobe Bryant, LeBron James, Dirk Nowitzki, Kevin Garnett, and Dwyane Wade emerged as players you can give the ball to if you want your team to get buckets. This steadily transitioned into a different style of play over the next decade as franchises began to create super teams with three or more All-Stars. However, though there are still super teams in today's era, the style has become more reliant on overall team play instead of just putting the ball in the hands of the team's three All-Stars. We saw the Golden State Warriors playing that way since they won the NBA title in 2015. Though they had many stars on their team, they relied more on spacing and ball movement to win games. This led to the current pace-and-space era where teams rely more on increasing the tempo of the game while spacing the floor with four or more shooters. This pace-and-space era led to the introduction of positionless basketball

that demands all five players to bring the ball up, make plays for others, and shoot the ball from the perimeter. You are now seeing frontcourt players 6'7 or taller spacing the floor with their three-point shooting or even playing the point from time to time.
