Skateboarding and the City Iain Borden, 2019-02-21 Skateboarding is both a sport and a way of life. Creative, physical, graphic, urban and controversial, it is full of contradictions – a billion-dollar global industry which still retains its vibrant, counter-cultural heart. Skateboarding and the City presents the only complete history of the sport, exploring the story of skate culture from the surf-beaches of '60s California to the latest developments in street-skating today. Written by a life-long skater who also happens to be an architectural historian, and packed through with full-colour images – of skaters, boards, moves, graphics, and film-stills – this passionate, readable and rigorously-researched book explores the history of skateboarding and reveals a vivid understanding of how skateboarders, through their actions, experience the city and its architecture in a unique way.

District and Circle Seamus Heaney, 2014-01-13 Seamus Heaney's new collection starts In an age of bare hands and cast iron and ends as The automatic lock / clunks shut in the eerie new conditions of a menaced twenty-first century. In their haunted, almost visionary clarity, the poems assay the weight and worth of what has been held in the hand and in the memory. Images out of a childhood spent safe from the horrors of World War II – railway sleepers, a sledgehammer, the heavyweight / Silence of Cattle out in rain – are colored by a strongly contemporary sense that Anything can happen, and other images from the dangerous present – a journey on the Underground, a melting glacier – are fraught with this same anxiety. But District and Circle, which includes a number of prose poems and translations, offers resistance as the poet gathers his staying powers and stands his ground in the hiding places of love and excited language. In a sequence like The Tollund Man in Springtime and in several poems which do the rounds of the district – its known roads and rivers and trees, its familiar and unfamiliar ghosts – the gravity of memorial is transformed into the grace of recollection. With more relish and conviction than ever, Seamus Heaney maintains his trust in the obduracy of workaday realities and the mystery of everyday renewals. District and Circle is the winner of the 2007 Poetry Now award and the 2006 T.S. Eliot Prize for Poetry.
