City of the Gods Sonny Whitelaw, 2011 When a Crystal Skull is discovered beneath the pyramid of the Sun in Mexico, it ignites a cataclysmic chain of events that maroons SG-1 on a dying world. Xalđtcan is a brutal society, steeped in death and sacrifice, where the bloody gods of the Aztecs demand tribute from a fearful and superstitious population. But that's the least of Colonel Jack O'Neill's problems.

The Mote in God's Eye Larry Niven, Jerry Pournelle, 1974 Science fiction-roman.

Book of Souls Nadine Nightingale, 2018-01-07 They call me Angel of Death, but my name is Nisha Blake. I am Shepherdstown's living urban legend. My life, a tale of the macabre. People avoid me like the plague. Well, everyone but my friends. They don't see the Angel of Death when they look at me. They see poor, broken Nisha-the bully victim, suffering from vicious night terrors and vivid hallucinations. Things take a turn for the worse when Blaze shows up. He's a too hot, tattooed, bad-ass MMA fighter from London, hell-bent on getting to know me. Since he walked into my miserable life, my hallucinations graduated to a point where I can no longer differentiate between fiction and reality. I am insane. Broken beyond repair. Or so I think until- I uncover a secret from the past-a link between all the deaths, my hallucinations, and my night terrors. It's then I understand I'm not the Angel of Death. I am

something else. Someone else.

Stargate Sg-1 Sharon Gosling, 2006 Stargate SG-1 is a sci-fi TV phenomenon: the story of an elite military team as they probe the secrets of the Stargate, the mysterious, ancient portal that allows instantaneous travel to remote planets throughout the universe. In season 9, exciting new faces appear at the SGC alongside the old favourites, as following Jack O'Neill's promotion, Lt Colonel Cameron Mitchell steps in to lead a new-look SG-1. A Matter of Honor Jeffrey Archer, 2004-12-28 International bestseller Jeffrey Archer picks up the sweeping story of the Clifton Chronicles with A Matter of Honor--featuring a bonus interview with author. It seems innocent enough. A disgraced British colonel bequeaths a mysterious letter to his only son. But the moment Adam Scott opens the yellowing envelope, he sets into motion a deadly chain of events that threatens to shake the very foundations of the free world. Within days, Adam's lover is brutally murdered and he's running for his life through the great cities of Europe, pursued not only by the KGB, but by the CIA and his own countrymen as well. Their common intent is to kill him before the truth comes out. While powerful men in smoke-filled rooms plot ever more ingenious means of destroying him, Adam finds himself

betrayed and abandoned even by those he holds most dear. When at last he comes to understand what he is in possession of, he's even more determined to protect it, for it's more than a matter of life and death-it's a matter of honor. Only days before Britain declares war on Germany, Harry Clifton, hoping to escape the consequences of long-buried family secrets, and forced to accept that his desire to marry Emma Barrington will never be fulfilled, has joined the Merchant Navy. But his ship is sunk in the Atlantic by a German U-boat, drowning almost the entire crew. An American cruise liner, the SS Kansas Star, rescues a handful of sailors, among them Harry and the third officer, an American named Tom Bradshaw. When Bradshaw dies in the night, Harry seizes on the chance to escape his tangled past and assumes his identity. On landing in America, however, Bradshaw quickly learns the mistake he has made, when he discovers what is awaiting him in New York. Without any way of proving his true identity, Harry Clifton is now chained to a past that could be far worse than the one he had hoped to escape.

All your false beliefs, and knowledge, acquired throughout your life in higher education schools, and higher learning, that you have about the physical universe, shall be shaken to their core when you take the time to actually study, search, and research this compact material. You shall have a totally different perspective about time, space, and matter, and get a glimpse of these incredible occurrences such as: Time travel Time lapse Time stop Space travel Suspended animation Enrix shall entice your mind to

discover the secret ancient civilizations of the world that the Hawai'ian Mythology talks about, and take a closer look at their technologies, such as vimanas, laser rays, nuclear fission boring machines, holographic projection, suspended animation, instant fossilization, and nuclear weapons of mass destruction that they apported to the modern world. If you are able to understand this short cultural work: You shall know, and wonder about the colossal Nephilim tunnels which lay just beneath your feet. You shall discover the real purpose of all the observatories around the world. You shall realize that there's is another world much bigger than the world that we know beyond the colossal ice walls. You shall acquire knowledge of the immense firmament foundations founded beyond the outer circle of the earth. You shall gain understanding of the very advanced underground cities created by the Nephilim, hidden right under the belly of the earth. You shall learn if it is possible, or not with our modern technology to travel through time, space, and matter. You shall know incredible real stories of suspended time, time lapse, time acceleration, and time manipulation. You shall acquire immense knowledge of ancient weapons (Instant freezing, and fossilization of matter) only talked about in movies, cartoons, and caricatures. You shall create in your mind a totally different world before the Great Flood. You shall learn a glimpse of the Hawai'ian culture since its inception right after the Great Flood. Henry Enrix touches on the pantheon of the Hawai'ian culture, and how the very same demons (gods) they worship today, destroy

their current generations, and their modern descendants. You shall also understand that everything that we are living on earth at this very moment, it has been lived in past cultures, and civilizations; that the very high technologies of today, were the high technologies of yesterday, such as: Holographic projectionAvatar technologyInvisibility weaponsSubterranean city technologyVimana technologyStargate technology Nuclear bombs, and guided missilesConstant rain missile weaponsInstant freezing weaponsInstant fossilization weaponsNuclear weapons of mass destructionEnrix also goes deep in the insights of the spiritual world, on how to break the chains, and bonds, and shackles called ancestral curses, and how to follow the right path into the eternal realms of heaven, or hell. Henry Enrix dares you to go beyond your comfort zone, and listen with an open mind to what The All-Mighty God of the Universe has to tell you personally, intimately, and pay attention to Him, obey Him, and follow Him. Don't hesitate to gain the knowledge, wisdom, and understanding that your brain is starving for, and God is willing to provide. King Solomon, the wisest, richest, and most blessed king of the world of all ages, once said: Above all riches in the world, better than gold, and silver, and precious stones, seek FIRST intelligence, wisdom, and understanding.
