The Ripple Effect Cozy Mystery Boxed Set, Books 1-3 Jeanne Glidewell, 2018-11-20 In a world that views aging and senior citizens as obsolete, it is refreshing to read The Ripple Effect Cozy Mystery series by Jeanne Glidewell. ~Cindy Travis, Reviewer Join Rip and Rapella Ripple and the Chartreuse Caboose on Their First Three Adventures Filled With Mystery and Mayhem BOOK 1: A RIP ROARING GOOD TIME – Senior citizens and full-time RVers, Rip and Rapella Ripple, are headed to Rockdale, Missouri, in their old travel trailer (aka The Chartreuse Caboose) to attend a friend's surprise birthday party. But surprise quickly turns to shock when a party guest is found murdered and Lexie Starr, a friend of the Ripples, is hauled off to jail as suspect number one. Determined to exonerate Lexie, the Ripples put the Chartreuse Caboose in park and their investigating tactics in drive. But more than a simple frame-up is afoot when the victim's stepfather, who is also the local Police Chief, ignores the Ripple's findings. BOOK 2: RIP TIDE - Rip and Rapella Ripple are spending the holidays with daughter Regina, in their hometown of Rockport, TX. When Regina's new husband, Milo Moore, becomes a suspect in an off-shore harpooning homicide, the Ripples set out to exonerate him. But proving Milo didn't harpoon his best friend and business partner, Cooper Claypool—with Claypool's spear-gun while out poaching red snapper in the Gulf of Mexico—is more challenging than the Ripples anticipated. BOOK 3: RIPPED TO SHREDS - Visiting Wyoming's Rest 'n Peace RV Park, senior citizens and full-time RVers Rip and Rapella Ripple are intent on winning a wildlife photo contest. But while trying to snap the perfect nature photo, Rapella's game camera captures the truth behind the RV park owner's mysterious death. Now Rip and Rapella are knee-deep in their own investigation, and on the trail of poachers illegally trapping bears in the Bighorn National Forest. From The Publisher: The Ripple Effect series will be enjoyed by fans of Joanne Fluke, Madison Johns, Ceecee James and readers of cozy mysteries who enjoy light-hearted, clean & wholesome, mysteries featuring female amateur sleuths and senior citizens. East Central European Migrations During the Cold War Anna Mazurkiewicz, 2019-05-06 An extremely useful and much needed survey. Over eleven chapters, authors from eight countries cover the complex history of migration from the perspective of Central and Eastern Europe between 1945 and 1993. Following in the footsteps of Klaus Bade's Encyclopedia of European Migrations, the authors make extensive use of sources in national languages, while providing an extensive overview of population movements in the region between the Baltic, Black, and Adriatic Seas. The individual chapters shed light on phenomena overlooked in other volumes, including individual state reactions to various migratory phenomenon, and the political, economic, and ideological consequences of human movement. The chapters of this volume are uniform not only in their informative nature, but also in suggesting new pathways for in-depth research. Adam Walaszek, Jagiellonian University, Kraków, Poland Eastern Europe is an emblematic space of mobility and its Cold War history cannot be told without considering migration from and into the countries of the region. This volume comes at a timely moment and provides a uniquely comprehensive account, full with useful information for further research. It will be a must-read both for migration studies scholars and for area specialists. Ulf Brunnbauer, Leibniz Institute for East and Southeast European Studies, Regensburg, Germany The Handbook is a gift to students of migration on three counts. It gathers the expertise of scholars fluent in the languages – and familiar with the archives – of Eastern and Central Europe. Thus it brings the multi-layered and complex histories of movement beyond the flat descriptor of Soviet bloc or Eastern European migrations. The Handbook is both rich and lucid, presenting in-depth materials on the European twentieth-century, on one hand, and organizing each chapter in a similar way, offering the reader transparently comparable histories. From Estonia south to Albania, and from the USSR west to the GDR, each chapter elucidates a complex migration history distinguished by national politics, ethnic composition, and economics – moving from the cataclysmic impacts of World War II to the international migrations and politics of Cold War movement, as well as the politics of Cold War emigrants themselves. Each chapter ends with an epilogue on post-1989 international migrations and a valuable addendum on published and archival sources. Finally, the Handbook models the kind of high quality work produced by international scholarly cooperation at its best. How to Kill a Tiger Tank Craig Moore,2021-12-02 When the Panzer VI Ausf.E Tiger I tank first arrived on the battlefield, it launched an Allied and Soviet intelligence race to discover everything they could about this new threat. The British Army needed to know how to knock it out, and then communicate their information to the troops that had to face this new German metal monster either by official means or via newspapers. Using original official period documents from the Second World War, *How to Kill a Tiger Tank: Unpublished Scientific Reports from the Second World War*, this is not a typical book on the Tiger tank. It shows the reader what the British and Commonwealth forces knew about the Tiger I tank during the war and the results of scientific firing trials. Unpublished and original documents, discovered in different archives, have been transcribed and reproduced along with existing photographs found in these secret reports. These include top secret Bletchley Park Enigma intercepts of German messages, which were decoded and translated before being sent to Prime Minister Winston Churchill. One such intercept discovered in the archives shows the exact moment when Churchill became aware of the existence of a heavy tank called the Tiger. On 25 November 1942, he marked the intercept in his normal red pen and asked Field Marshal Alan Brooke, Chief of the Imperial General Staff, indicating the word 'Tiger' in the message with 'CIGGS, what are these?'

Annunciations: Sacred Music for the Twenty-First Century George Corbett,2019-05-01 Our contemporary culture is communicating ever-increasingly through the visual, through film, and through music. This makes it ever more urgent for theologians to explore the resources of art for enriching our understanding and experience of the Judeo-Christian tradition. *Annunciations: Sacred Music for the twenty-First Century*, edited by George Corbett, answers this need, evaluating the relationship between the sacred and the composition, performance, and appreciation of music. Through the theme of 'annunciations', this volume interrogates how, when, why, through and to whom God communicates in the Old and New Testaments. In doing so, it tackles the intimate relationship between Scriptural reflection and musical practice in the past, its present condition, and what the future might hold. *Annunciations* comprises three parts. Part I sets out flexible theological and compositional frameworks for a constructive relationship between the sacred and music. Part II presents the reflections of theologians and composers involved in collaborating on new pieces of sacred choral music, alongside the six new scores and links to the recordings. Part III considers the reality of programming and performing sacred works today. This volume provides an indispensable resource for scholars and artists working at the interface between theology and the arts, and for those involved in sacred music. However, it will also be of interest to anyone concerned with the ways in which the Divine communicates through word and artistry to humanity.

Catalyst Deactivation 1997 G.A. Fuentes,C.H. Bartholomew,1997-09-12 *Catalyst Deactivation 1997* focused on 9 key topical areas: carbon deposition and coke formation, chemicals, environmental catalysis, modeling, petroleum processing, poisoning, syngas conversion, techniques, and thermal degradation. All of these areas were well represented at the meeting; moreover, several review articles were presented that provide perspectives on new research and development thrusts. The proceedings of the meeting are organized with six review and award articles at the front of the volume followed by topical articles a keynote, 5-6 oral, and 2-3 poster papers. A list of authors is provided at the end of the book. It should be emphasized that all of the papers were ranked and reviewed by members of the Scientific Committee.

The Juggler of Notre Dame and the Medievalizing of Modernity Jan M. Ziolkowski,2018-10-31 This ambitious and vivid study in six volumes explores the journey of a single, electrifying story, from its first incarnation in a medieval French poem through its prolific rebirth in the nineteenth and twentieth centuries. *The Juggler of Notre Dame* tells how an entertainer abandons the world to join a monastery, but is suspected of blasphemy after dancing his devotion before a statue of the Madonna in the crypt; he is saved when the statue, delighted by his skill, miraculously comes to life. Jan Ziolkowski tracks the poem from its medieval roots to its rediscovery in late nineteenth-century Paris, before its translation into English in Britain and the United States. The visual influence of the tale on Gothic revivalism and vice versa in America is carefully documented with lavish and inventive illustrations, and Ziolkowski concludes with an examination of the explosion of interest in *The Juggler of Notre Dame* in the twentieth century and its place in mass culture today. In this volume Jan Ziolkowski follows the juggler of Notre Dame as he cavorts through new media, including radio, television, and film, becoming closely associated with Christmas and embedded in children's literature. Presented with great clarity and simplicity, Ziolkowski's work is accessible to the general reader, while its many new discoveries will be valuable to academics in such fields and disciplines as medieval studies, medievalism, philology, literary history, art history, folklore, performance studies, and reception studies.
