Seeing Is Believing Mark Western,2017-12-20
Seeing Is Believing is a book that contains pictures and explanations which illustrates evidence for the existence of God. Seeing Is Believing is unique as it provides a visual aid to enable the reader to paint a thousand words from each picture. Each picture is supported by an apologetic that supports a Christian worldview. Seeing Is Believing aims to debunk atheist myths and help the reader see that Christianity is a belief supported by logic and historical evidence. Christianity is not just a belief; it is a relationship with the living God. The Bible says that the truth will set you free, and it is a sincere prayer that this book helps set many

people free from their intellectual barriers against their Creator, who wants them to believe, receive, and become.
