Sound Pictures Kenneth Womack,2018-09-04 The second book of two, Sound Pictures traces the story of George Martin and the Beatles' incredible artistic trajectory after reaching the creative heights of Rubber Soul. As the bandmates engage in brash experimentation both inside and outside of the studio, creating such masterworks as Revolver, Sgt. Pepper's Lonely Hearts Club Band, The Beatles (The White Album), and Abbey Road, the internal stakes and interpersonal challenges become ever greater. During his post-Beatles years, Martin attempts to discover new vistas of sound recording with a host of acts, including Jeff Beck, America, Cheap Trick, Paul McCartney, and Elton John. Eventually, though, all roads lead Martin back to the Beatles.

The Beatles from A to Zed Peter Asher,2019-10-29 A legendary record producer and performer takes readers on an alphabetical journey of insights into the music of the Beatles and individual reminiscences of John, Paul, George, and Ringo. Peter Asher met the Beatles in the spring of 1963, the start of a lifelong association with the band and its members. He had a front-row seat as they elevated pop music into an art form, and he was present at the creation of some of the most iconic music of our times. Asher is also a talented musician in his own right, with a great ear for what was new and fresh. Once, when Paul McCartney wrote a song that John Lennon didn't think was right for the Beatles, Asher asked if he could record it. "A World Without Love" became a global No. 1 hit for his duo, Peter & Gordon. A few years later Asher was asked by Paul McCartney to help start Apple Records; the first artist Asher discovered and signed up was a young American singer-songwriter named James Taylor. Before long he would be not only managing and producing Taylor but also (having left Apple and moved to Los Angeles) working with Linda Ronstadt, Neil Diamond, Robin Williams, Joni Mitchell, and Cher, among others. The Beatles from A to Zed grows out of his popular radio program "From Me to You" on SiriusXM's The Beatles Channel, where he shares memories and insights about the Fab Four and their music. Here he weaves his reflections into a whimsical alphabetical journey that focuses not only on songs whose titles start with each letter, but also on recurrent themes in the Beatles' music, the instruments they played, the innovations they pioneered, the artists who influenced them, the key people in their lives, and the cultural events of the time. Few can match Peter Asher for his fresh and personal perspective on the Beatles. And no one is a more congenial and entertaining guide to their music.

LIFE With the Beatles Editors of Life,2012-09-25 In the mid-1960s, when so much was happening in the world and the volume everywhere seemed dialed up to 11, the Beatles were the biggest thing on the planet. Their fans screamed from the fences as the Fab Four walked across the airport tarmac or into a vast stadium. They wanted to touch the Beatles. They wanted to know the Beatles. Who might help them? One photographer was inside. The young Australian Robert Whitaker had been noticed by Beatles manager Brian Epstein, who then hired him. When Beatlemania exploded, Whitaker was along for the wild ride. He was backstage, he was in the studio, he went to the boys' homes, he became their friend and confidante (He grew particularly close to John). Robert Whitaker fashioned many of the iconic Beatles images, and all his pictures of the band were taken in the period that Beatles fans most like to remember: when they were fab, when they changed our culture. Bob Whitaker-a great photographer, after all-was a friend of LIFE's and made contributions to earlier books on John Lennon and George Harrison. In the months before his death in September 2011, he was collaborating with us on this book, his Beatles magnum opus. In these pages are rarely or never seen photographs and his personal reflections, which add resonance to the images. For those who once wanted to touch the Beatles, wanted to know them, this is an essential document. It is full of vitality. Beatlemania was a crazy, crazy place to be, and it is captured here in all its nutty glory. Then, too, there are the famous Whitaker album covers, including the early drafts of the notorious-and banned-Yesterday and Today jacket. It is LIFE's good fortune, and it will be our readers', that Bob Whitaker talked about all this with us and others through the years. His testimony is that of a proverbial fifth Beatle: He was there, part of the scene. He saw it all, he recorded much of it on film, and he remembered even more. Here, then, is Bob Whitaker's final word on the Beatles-all his best photographs, all his reminiscences. LIFE is proud to bring forth this book. It does what we always try to do-present great photography-and it also pays tribute to a bygone time, a bygone band that we all loved, and a man who was a dear friend.
