**Images of the Beatles** Tim Hill,2006 This book is pictures of the Beatles starting back in 1960 and goes to 2004.

*The Beatles!* Bill Carlson,2007 This collection of original, previously unpublished photographs from August 21, 1965, brings to Beatles fans, photography aficionados, and history buffs more than 160 never-before-published photographs that document one day in the life of the Beatles on tour.

The Beatles Jeremy Roberts,2002-01-01 Tells the story of the Beatles, describing how the group began, their phenomenal success and influence, the breakup of the group, and their separate musical careers.

**The Beatles** Tim Hill,2004

Looking Through You: The Beatles Book Monthly Photo Archive Tom Adams,2015-08-10 In 1963, it was unusual for a pop group to have a monthly magazine devoted exclusively to their career. Only Elvis Presley had been considered important enough to warrant such an honour. But then the Beatles were unusual. Within the space of that pivotal year, the Fab Four became the biggest thing in British popular culture and their worldwide fame was soon inescapable. One of the first to astutely recognise their greatness was Sean O'Mahony and the monthly magazine he launched with the full blessing of The Beatles and their manager Brian Epstein - The Beatles Book.Looking Through You presents a selection of over 300 images from the precious Beatles Book photo archive, many unpublished or unseen in their original form from the original negatives, as well as the story behind the success of the regular Beatle bulletin.With each new issue, Beatle fans worldwide would voraciously devour the contents from cover-to-cover, discovering the Fab Four's latest news and activities and most of all, savouring the exclusive B&W photographs, captured by in-house photographer, Leslie Bryce. During the magazine's six-year run only a small fraction of these photographs were printed - and then often altered in some way. The Beatles Book Monthly captured the Beatles' development from British provincial theatres - through foreign tours including their ground-breaking first American visit - and onwards to the band's withdrawal into the recording studio. It was unique in its access - as well as concert tours and television shows, the band were photographed off duty, at their homes and in the studio - locales that were generally out-of-bounds to most Beatle observers. This unique and original photographic record preserves many important moments within the Beatles' career, providing a historically important glimpse into the world's greatest ever entertainment phenomenon.

*Sound Pictures* Kenneth Womack,2018-09-04 The second book of two, Sound Pictures traces the story of George Martin and the Beatles' incredible artistic trajectory after reaching the creative heights of Rubber Soul. As the bandmates engage in brash experimentation both inside and outside of the studio, creating such masterworks as Revolver, Sgt. Pepper's Lonely Hearts Club Band, The Beatles (The White Album), and Abbey Road, the internal stakes and interpersonal challenges become ever greater. During his post-Beatles years, Martin attempts to discover new vistas of sound recording with a host of acts, including Jeff Beck, America, Cheap Trick, Paul McCartney, and Elton John. Eventually, though, all roads lead Martin back to the Beatles.

The Beatles1 Beatles,2000 Based on the album of Beatles' singles of the same name, this site provides, for each song, images of sleeves and labels, original recording sheets and publicity materials, as well as some photos and general information about the song. There are also video and audio clips included.

The Beatles from A to Zed Peter Asher,2019-10-29 A legendary record producer and performer takes readers on an alphabetical journey of insights into the music of the Beatles and individual reminiscences of John, Paul, George, and Ringo. Peter Asher met the Beatles in the spring of 1963, the start of a lifelong association with the band and its members. He had a front-row seat as they elevated pop music into an art form, and he was present at the creation of some of the most iconic music of our times. Asher is also a talented musician in his own right, with a great ear for what was new and fresh. Once, when Paul McCartney wrote a song that John Lennon didn't think was right for the Beatles, Asher asked if he could record it. "A World Without Love" became a global No. 1 hit for

his duo, Peter & Gordon. A few years later Asher was asked by Paul McCartney to help start Apple Records; the first artist Asher discovered and signed up was a young American singer-songwriter named James Taylor. Before long he would be not only managing and producing Taylor but also (having left Apple and moved to Los Angeles) working with Linda Ronstadt, Neil Diamond, Robin Williams, Joni Mitchell, and Cher, among others. The Beatles from A to Zed grows out of his popular radio program "From Me to You" on SiriusXM's The Beatles Channel, where he shares memories and insights about the Fab Four and their music. Here he weaves his reflections into a whimsical alphabetical journey that focuses not only on songs whose titles start with each letter, but also on recurrent themes in the Beatles' music, the instruments they played, the innovations they pioneered, the artists who influenced them, the key people in their lives, and the cultural events of the time. Few can match Peter Asher for his fresh and personal perspective on the Beatles. And no one is a more congenial and entertaining guide to their music.

*Thank you Beatles*, 1986

**The Beatles Records on Vee-Jay**, 1998

*The Beatles' Story on Capitol Records*, 2000

*Fifty Years with the Beatles* Tim Hill, 2014-05 Beatles photos from the archives of the Daily Mail.

*The Beatles in America Poster Book* Mark Hayward, 2013 When the Beatles came to America, they sparked a revolution . . . and nothing was ever the same again. This unique collection of 20 frameable posters captures the lives and careers of the Fab Four in the US, starting with the moment they stepped off the plane in NYC for the first time. An insightful essay examining the band's influence on music, culture, and fashion accompanies the posters. Each poster is bound into the book on perforated pages.

**The Beatles are Coming!** Bruce Spizer, 2003 An account of the explosion of the Beatles' popularity in the U.S. includes 450 photos and images from period publications, album art work, merchandising and publicity materials, and documents from various legal tussles between record labels after the Beatles' worth became evident.

*The Beatles in Rome 1965* Marcello Geppetti, 2006-10 Originally published in Italy, this dynamic book captures the moment when the world's most adored and electrifying rock group entered the setting of Fellini's *La Dolce Vita*. All of the excitement, expectation and romance of The Beatles in 1965 is caught by the camera of Italy's most famous celebrity photographer during the height of Rome's glamorous epoch, when everyone was fabulous and anything was possible.

**The Beatles: In Pictures**, 2024-03-12 The Beatles: In Pictures takes a nostalgic look at the world's most famous pop group, presenting 300 photographs from the Mirrorpix archives. The best-selling band in history, with sales of over a billion, The Beatles - John Lennon, Paul McCartney, George Harrison and Ringo Starr - have had more number-one albums and sold more singles in the UK than any other act and they have achieved more sales in the USA than any other artist. Also known as the 'Fab Four', The Beatles have become one of the most critically acclaimed acts in popular music. The Beatles: In Pictures explores the band's remarkable journey, from their formation in Liverpool in 1960 and rise to international fame, to their eventual separation. This book celebrates The Beatles' legacy and lasting impression on the music industry and the world.

**The Beatles** Michael E. Stern, Barbara Crawford, Hollis Lamon, 1998 The second edition of this book holds over 300 full-color photographs featuring hundreds of items. Beatles fans and collectors are sure to spend much more than a Hard Day's Night studying these pages.

**LIFE With the Beatles** Editors of Life, 2012-09-25 In the mid-1960s, when so much was happening in the world and the volume everywhere seemed dialed up to 11, the Beatles were the biggest thing on the planet. Their fans screamed from the fences as the Fab Four walked across the airport tarmac or into a vast stadium. They wanted to touch the Beatles. They wanted to know the Beatles. Who might help them? One photographer was inside. The young Australian Robert Whitaker had been noticed by Beatles manager Brian Epstein, who then hired him. When Beatlemania exploded, Whitaker was along for the wild ride. He was backstage, he was in the studio, he went to the boys' homes, he became their friend and confidante (He grew particularly close to John). Robert

Whitaker fashioned many of the iconic Beatles images, and all his pictures of the band were taken in the period that Beatles fans most like to remember: when they were fab, when they changed our culture. Bob Whitaker-a great photographer, after all-was a friend of LIFE's and made contributions to earlier books on John Lennon and George Harrison. In the months before his death in September 2011, he was collaborating with us on this book, his Beatles magnum opus. In these pages are rarely or never seen photographs and his personal reflections, which add resonance to the images. For those who once wanted to touch the Beatles, wanted to know them, this is an essential document. It is full of vitality. Beatlemania was a crazy, crazy place to be, and it is captured here in all its nutty glory. Then, too, there are the famous Whitaker album covers, including the early drafts of the notorious-and banned-Yesterday and Today jacket. It is LIFE's good fortune, and it will be our readers', that Bob Whitaker talked about all this with us and others through the years. His testimony is that of a proverbial fifth Beatle: He was there, part of the scene. He saw it all, he recorded much of it on film, and he remembered even more. Here, then, is Bob Whitaker's final word on the Beatles-all his best photographs, all his reminiscences. LIFE is proud to bring forth this book. It does what we always try to do-present great photography-and it also pays tribute to a bygone time, a bygone band that we all loved, and a man who was a dear friend.

**Sgt. Pepper's Lonely Hearts Club Band** Brian Southall,2017-05-09 A carefully crafted and collectible volume celebrates the 50th anniversary of a legendary and groundbreaking Beatles album. Expert Brian Southall's unique edition recounts the story behind the music and the cultural climate of 1967 when Sgt. Pepper's Lonely Heart Club Band debuted. The A-side of this coolly curated title is all about the Beatles, the music on the album, the recording process, how the disc was received at the time and how it has been acknowledged as one of the greatest albums ever recorded. The B-side looks at the state of the world in 1967, from the Summer of Love to anti-war protests to the launch of Rolling Stone magazine to Jimi Hendrix's first UK tour as a solo artist--and so much, much more. Fascinating photographs and text build a complete picture of the world as it was when one of the most famous albums of all time was released.

The Beatles phenomenon Barry Miles,2008 The world's most celebrated band has been the subject of countless books and articles over the years. But The Beatles Phenomenon is a unique new Beatles chronicle that brings their astonishing legend to life using sheet music, rare photos and a detailed chronology of their gigs, public quotes and most memorable moments. Based on the exhaustive research of the legendary Miles, intimate member of the Beatles Sixties circle, The Beatles Phenomenon weaves together the whole spectacular Beatles story, the full sheet music of their most important songs in chronological order and 240 rarely-seen colour and black-and-white photos. The result is a truly amazing personal history of The Beatles, a collectable book that will become a treasured and evocative keepsake for those who grew up with their music, and an essential reference tool for anyone seriously interested in rock's must influential phenomenon.Each of the 100 songs featured in this prestigious collection is printed with topline, guitar chord boxes and full lyrics. The result is a magnificent musical, visual and textual commentary on the life, times and music of the most phenomenal rock n roll band the world has ever seen.
