Beetle & the Hollowbones Aliza Layne, 2020-08-04 An enchanting, riotous, and playfully illustrated debut graphic novel following a young goblin trying to save her best friend from the haunted mall—perfect for fans of Steven Universe and Adventure Time. In the eerie town of 'Allows, some people get to be magical sorceresses, while other people have their spirits trapped in the mall for all ghastly eternity. Then there's twelve-year-old goblin-witch Beetle, who's caught in between. She'd rather skip being homeschooled completely and spend time with her best friend, Blob Glost. But the mall is getting boring, and B.G. is cursed to haunt it, tethered there by some unseen force. And now Beetle's old best friend, Kat, is back in town for a sorcery apprenticeship with her Aunt

Hollowbone. Kat is everything Beetle wants to be: beautiful, cool, great at magic, and kind of famous online. Beetle's quickly being left in the dust. But Kat's mentor has set her own vile scheme in motion. If Blob Ghost doesn't escape the mall soon, their afterlife might be coming to a very sticky end. Now, Beetle has less than a week to rescue her best ghost, encourage Kat to stand up for herself, and confront the magic she's been avoiding for far too long. And hopefully ride a broom without crashing.

Scarlet Tides David Hair, 2014-10-07 In Scarlet Tides David Hair continues his stunning fantasy epic set in the masterfully crafted world of Urte. With the Leviathan Bridge now uncovered from the sea, it re-opens the East to the Rondian legions and the Third Crusade ensues in the name of Emperor Constant. The Rondians are determined to succeed in their latest Crusade and have recruited the strongest and most lethal magi of the Church's Inquisition to lead the way--and to leave nothing but blood and ruins in their wake. While most of the Rondians have their sights set on gold, one fraction of the Inquisition is set on finding a more important treasure--the Scytale of Corneus. As the source of all magical power, the Scytale is a sure game-changer, and it is imperative that the power-hungry and ruthless Rondians to keep it out of the hands of their enemies if they wish to maintain their growing empire. Yet, as the Inquisition marches forward, conspiracy to overthrow the new emperor lurks in the shadows in both the East and West. With the unlikely heroes of Alaron, a failed mage; Ramita, a lowly market maid; and Cymbellea, the daughter of a gypsy set on ending a world of war, Scarlet Tides is an impressive world-building feat that proves that sometimes even weapons and magic cannot overcome the power of love and loyalty.

Art Et Industrie , 2015-11-05 Dirty and downtrodden, forsaken and feared: this was Downtown New York, circa 1977? a hothouse of creative impulses that flew in the face of restrictions and ran headlong toward riotous expression. Punk, hip-hop, graffiti or neoexpressionism, artists, writers, designers and performers conceived languages that spoke? or shouted? their way into mainstream consciousness. In this unique environment, a collective of artists, designers and craftsmen came together who challenged the boundaries between art and design, forging a new hybrid language in three dimensions: art furniture. Summoned by the downtown cultural impresario Rick Kaufmann, the members of Art et Industrie boldly bridged the conceptual gap between art and design at a time when both sides were entrenched in prejudice. The furniture that resulted from this fertile period of American creativity defies aesthetic categorization but in the words of Kaufmann, shared in the collective experiment of ?redefining the object for the furniture.? Art et Industrie is the first publication to document the genesis of this uniquely New York movement in art and design. Tracing its origins to an unlikely combination of places? from the refined halls of Art Nouveau salons in Paris to industrial shops of Detroit, to a Yugoslavian freighter bound

for Morocco and a punk club on the Bowery?the book sheds light on a compelling moment of cultural history that bears ever greater resonance for our hybrid times.

Blackwater Michael McDowell,Poppy Z. Brite,2014 One of the finest southern Gothics ever written, Blackwater is generally acknowledged to be the late Michael McDowell's finest achievement, and, taken as a whole, one of the best horror novels of the 1980s ... McDowell was at the height of his powers when he wrote Blackwater, a six-part novel about the powers exerted by the mysterious Elinor Dammert over the citizens of Perdido, Alabama and her ghastly and inexplicable ability to use water to gain her hideous ends--

To recreate this the book, it consists of just 34 pages on a white background with footers and numbers on each page. Perfect for any Tim Burton or 80's movie fan.

Alternative Movie Posters Matthew Chojnacki,2013 Over the years the motion picture industry has (sadly) gravitated to generating poorly cropped and heavily airbrushed posters that rely far too often on celebrity head shots. Thankfully, an underground network of graphic designers and artists has reinvigorated the art of the movie poster, crafting stunning pieces for classic and cult films. Here is the first comprehensive look at the movement, presenting this eclectic and dynamic medium through more than 200 eye-popping posters from over 100 cutting-edge artists, coupled with fascinating commentary and behind-the-scenes information. These new, underground posters have quickly become the most coveted by ardent moviegoers; they are typically produced in very limited runs, sell

out within minutes, and command upwards of several hundred dollars each. With a smart, fresh visual perspective, alternative movie posters celebrate classics like Star Wars, A Clockwork Orange, and The Shining as well as cult favorites: The Big Lebowski, Blade Runner, and Pink Flamingos.
