Behemoth: A History of the Factory and the Making of the Modern World Joshua B.

Freeman, 2018-02-27 Freeman's rich and ambitious Behemoth depicts a world in retreat that still looms large in the national imagination....More than an economic history, or a chronicle of architectural feats and labor movements. —Jennifer Szalai, New York Times In an accessible and timely work of scholarship, celebrated historian Joshua B. Freeman tells the story of the factory and examines how it has reflected both our dreams and our nightmares of industrialization and social change. He whisks readers from the early textile mills that powered the Industrial Revolution to the factory towns of New England to today's behemoths making sneakers, toys, and cellphones in China and Vietnam. Behemoth offers a piercing perspective on how factories have shaped our societies and the challenges we face now.

Behemoth Cornelius Mathews, 1970

Behemoth Scott Westerfeld, 2010-10-01 The Leviathan arrives in Constantinople, a city where Clanker culture and Darwinist principles intersect in the most intriguing ways. Dr Barlow and Deryn deliver their precious cargo to the Sultan, but their peace-keeping mission goes unexpectedly - and disastrously - awry. Now the only way to save themselves in this hostile, politically-charged city is for Dr Barlow to offer up the thing that matters most: the air ship. Alek escapes from his prison camp and goes on the run with his men and the loris while Count Volger stays behind to fend-off the pursuit, forcing Alek to take on new responsibilities. Meanwhile a secret mission lands Deryn in serious danger... and leads both teens to re-evaluate their precarious situations in the world.

Blake's Job Andrew Wright, 1972

Behemoth Cornelius Mathews, 2006 This amazing work has been produced by Cornelius in the

true spirit of preserving the roots of his nation. He has endeavoured to portray before the readers the nation that dwelled the American continent before them and before the natives. Although endowed with his own imagination, he has based his work on facts and evidences.

The Mines of Behemoth Michael Shea, 1997 Niff the Lean, and his companion-at-arms, Barnar Hammer-Hand, were often lucky. Enroute to working Costard's sap mine -- very dangerous, and sometimes nauseating work far below ground -- they were shipwrecked. But this proved fortuitous, when they met Bunt, who had been seeking just such as they. If they would work the sap mine, but also bring back twenty gills of fluid, he would make them exceedingly wealthy. So it was settled. They would suck the sap from the servants of the monstrous insectile queen -- and they would bring back some of the ichor that she alone exuded -- and they would be rich. It seemed relatively easy. They wouldn't have to go to hell at all, for instance. Of course, the best laid plans sometimes do go a little astray.

The Coming of the American Behemoth Michael Roberto, 2018-10-22 Most people in the United States have been trained to recognize fascism in movements such as Germany's Third Reich or Italy's National Fascist Party, where charismatic demagogues manipulate incensed, vengeful masses. We rarely think of fascism as linked to the essence of monopoly-finance capitalism, operating under the guise of American free-enterprise. But, as Michael Joseph Roberto argues, this is exactly where fascism's embryonic forms began gestating in the United States, during the so-called prosperous 1920s and the Great Depression of the following decade. Drawing from a range of authors who wrote during the 1930s and early 1940s, Roberto examines how the driving force of American fascism comes, not from reactionary movements below, but from the top, namely, Big Business and the power of finance capital. More subtle than its earlier European counterparts,

writes Roberto, fascist America's racist, top-down quashing of individual liberties masqueraded as "real democracy," "upholding the Constitution," and the pressure to be "100 Percent American." The *Coming of the American Behemoth* is intended as a primer, to forge much-needed discourse on the nature of fascism, and its particular forms within the United States. The book focuses on the role of the capital-labor relationship during the period between the two World Wars, when the United States became the epicenter of the world-capitalist system. Concentrating on specific processes, which he characterizes as terrorist and non-terrorist alike, Roberto argues that the interwar period was a fertile time for the incubation of a protean, more salable form of tyranny – a fascist behemoth in the making, whose emergence has been ignored or dismissed by mainstream historians. This book is a necessity for anyone who fears America tipping ever closer, in this era of Trump, to full-blown fascism.

Behemoth Hp Newquist, 2022-07-04 A mysterious car crash results in the death of three boys in a small rural town. Later that night, people living nearby begin disappearing. One at a time. Something has been released. Rumors spread and townspeople claim there are rational explanations. But the seemingly normal village has a haunted past: missing children and whispers about a strange creature in the woods. The one person who tries to find an explanation discovers that he may be the next to disappear. And that is when truly unspeakable things start to happen . . .

BEHEMOTH Cornelius 1817-1889 Mathews, 2016-08-24

The Blue Behemoth Brackett, Leigh, 2020-06-11 Shannon's Imperial Circus was a jinxed space-carny leased for a mysterious tour of the inner worlds. It made a one-night pitch on a Venusian swamp-town—to find that death stalked it from the jungle in a tiny ball of flame! Classic science fiction.

I'm a Behemoth, an S-Ranked Monster, but Mistaken for a Cat, I Live as an Elf Girl's Pet, Vol. 2 (manga) Taro Shinonome, 2020-07-21 Reincarnation is the cat's meow! Aria and Tama's party is getting a new member—a tanned girl with tiger ears and an enormous war hammer?! Thanks to her help, their days of carefree dungeon crawling are going better than ever, as Aria strives to overcome her weaknesses and Tama learns some...unusual skills. But that all may change when the kingdom's knights come bearing news of a dangerous quest...

Behold Now Behemoth: Dinosaurs All Over the Bible! Glenn L. Wilson, 2011-10-10 Have dinosaurs always lived with man? The Bible clearly shows the answer is yes! God created these great creatures and gave man dominion over them. Esau domesticated them. Nehemiah rode them. Ancient armies appear to have fought from them or along side them. People used them for labor and even ate them! Behemoth, Tanniyin, Yownah, Chamowr—the pages of the Bible in its original languages finally reveals the truth about dinosaurs and man in some incredibly wonderful ways! The lying doctrines of evolution claiming “billions of years” and “man never saw a dinosaur” are shown to be what they are—lies designed to deceive men into believing the Bible is not true. Men today see the bones of these creatures in museums and wonder, “If the Bible is true, why are there no dinosaurs found in its pages?”. After many centuries of the Bible existing in English, God gets the glory for His second-most magnificent creation next to man: the great dinosaurs!

Behemoth Peter Watts, 2004-07 In a sequel to the best-selling *Starfish and Maelstrom*, deep-sea cyborg Lenie Clarke, having discovered that she helped destroy the world by responding to a lie, finds that she is the only one who can protect the rifter cyborgs and their corrupt former masters from a dangerous adversary.

Behemoth Peter Watts, 2015

Behemoth David Meyer, Professor of Sociology David Meyer, 2015-09-15 The Vallerio Forest. Millions of acres of undeveloped land, cut off from the outside world by giant fences, armed guards, and government edicts. It's widely considered an ecological paradise. But beneath its majestic canopy lies a dark underbelly of strange creatures, secret facilities, and horrifying experiments. For something is stirring within the Vallerio. Something ancient, something deadly. And as Caplan fights to untangle the terrifying truth about the dark forest, he will come to an inescapable conclusion. The fate of humanity is in his hands, and one wrong move could mean extinction. -Back of book

Behemoth Stephen Baxter, 2004 They have measured the slow pulse of the seasons as the Earth spins its stately annual dance. Their memories stretch back across the million-year cycles of the ice sheets. Their stories tell of the making of the world. And as the millenia have passed, their legends have served them well. And a thousand years from now, on a different world, they will be the difference between life and death, between extinction and a future as long as the past. This new edition collects three of Stephen Baxter's early books together for the first time.

Equation of Time Peter Lik, 2015-03-01

Behemoth Jonathan C. Leicht, 2011-12 Jim Thompson, chief game warden of the Masai Mara Game Reserve in Kenya, has a major problem. Three of his prized elephants have been gored to death in the past month. The only clues left are mysterious tracks reportedly belong to a creature long thought extinct. Thompson suddenly finds himself on a tumultuous adventure as he travels across the African continent, hoping to convince himself and the world that he is on the verge of an incredible discovery. He is not alone. On the other side of the world, Professor Stephen Gregory is embarking on an adventure of his own. Forced to resign over his unpopular scientific beliefs, this once-distinguished professor gets the chance of a lifetime when he is offered an expedition into the

heart of Africa in search of a creature that could prove his theories true once and for all.

Behemoth Ronald B. Tobias, 2013-10-08 In the two hundred years since their arrival in America, elephants have worked on farms, mills, mines, and railroads, in Hollywood, and in professional baseball. They've contributed to the national discourse on civil rights, immigration, politics, and capitalism. They became so deeply ingrained in the American way that they were once accorded the rights of American citizenship, including the right to vote and the right to provide testimony under oath—and they have incurred brutal punishments when convicted of human crimes. In *Behemoth*, Ronald B. Tobias has written the first comprehensive history of the elephant in America. As tragic as it is comic, this enthralling chronicle traces this animal's indelible footprint on American culture.
