Oxygen Mask: A Graphic Novel Jason

Reynolds,2022-07-05 And so for anyone who didn't really know what it means to not be able to breathe, REALLY breathe, for generations, now you know. And those who already do, you'll be nodding yep yep, that is exactly how it is . . .Intimately set within the walls of a family home, this book is an incredible artefact of the historic year we have all lived through. We travel from the depths of despair but not without hope; the mundane details contained within four walls becomes our sanctuary. This is a gift in commemoration of a time and place, of a world wide pandemic, of loss and of the murder of George Floyd. It is a reminder of how, in uncertain times, we can cling to the simple things for respite, for hope. A reminder of how comforting books and artworks are in times of extreme stress.

DT & G Magazine - www.Design-Bookshelf.com If you care for your craft, you'd be foolish indeed to let this opportunity slip away. Book of the year. Photoshop User Magazine, January 2002 The variety of artwork and approaches is a definite plus. CGI Magazine, February 2002 Not just a book about graphics, it's a work of art in itself. As a piece of software, Adobe Photoshop is rare - perhaps alone - in evoking genuine passion from its users. As it

evolves, it finds its way into the lives of more and more professional creators, tempting them away from their traditional materials, and expanding their horizons. Yes, it can alter photographs. It can also alter careers. New Masters of Photoshop is a showcase of Masters who use Photoshop, and Masters of Photoshop use. The photographers, animators, artists, and designers assembled here have a myriad of different skills: some manipulate, some animate, some create from scratch. All of them produce remarkable, beautiful things. In these pages, the authors will demonstrate examples of their print work, web work, public work, and private work, explaining the techniques they use to achieve their results. More than that, though, they'll tell you how they think: who their influences are, where their ideas come from, and how they find inspiration when the well has run dry. friends of ED has scoured the world for the leading exponents of Photoshop technique. This book is a gallery of Photoshop practice and theory, backed with essays on the influences and inspirations that lie behind the sharpest digital art in today's media-saturated world. The book deconstructs sophisticated, complex, and astonishing Photoshop graphics, providing motivation, skills and inspiration in equal parts. Support for this book is available on the friends of ED web site (friendsofed.com). From the Publisher Creating a Photoshop image is a process that occurs as much in the head as it does on the screen. Uniquely, New Masters of Photoshop documents it all, from the seeds of an idea, to the outcome on screen, paper, or canvas. The projects include examples of collage and montage that involve manipulation of whole images and tiny fragments - working on a grand scale, and at a pixel-by-pixel level. Layers and masks, with all their subtleties, are used in fascinating ways; and filters are treated with the sensitivity and

discretion they require. The CD contains: Audio, video, and written interviews with the authors

New Books to Read in 2021 An astounding work of
fiction from New York Times bestselling author
Jason Mott, always deeply honest, at times
electrically funny, that goes to the heart of
racism, police violence, and the hidden costs
exacted upon Black Americans and America as a
whole In Jason Mott's Hell of a Book, a Black
author sets out on a cross-country publicity tour
to promote his bestselling novel. That storyline
drives Hell of a Book and is the scaffolding of
something much larger and more urgent: Mott's
novel also tells the story of Soot, a young Black

boy living in a rural town in the recent past, and The Kid, a possibly imaginary child who appears to the author on his tour. As these characters' stories build and converge, they astonish. For while this heartbreaking and magical book entertains and is at once about family, love of parents and children, art and money, it's also about the nation's reckoning with a tragic police shooting playing over and over again on the news. And with what it can mean to be Black in America. Who has been killed? Who is The Kid? Will the author finish his book tour, and what kind of world will he leave behind? Unforgettably told, with characters who burn into your mind and an electrifying plot ideal for book club discussion, Hell of a Book is the novel Mott has been writing in his head for the last ten years. And in its final twists, it truly becomes its title.

Middle School Misadventures ,2019-05-28 In Jason Platt's debut graphic novel, Ferris Bueller meets Calvin and Hobbes in this hilarious and embarrassing middle school caper that asks the important questions--like how long can one kid vamp before he embarrasses himself in front of his whole school? Newell is always getting into trouble--whether it's showing up tardy for most of the year, or mocking his teachers while authoritarian Mr. Todd is standing right behind him. When disaster strikes and Newell finds himself on track to summer school, he's given one last minute option to get out of it--participating in the upcoming Talent Show. The only problem is that he doesn't technically have a talent to show. Yikes. In this fun and imaginative full-color graphic novel, Jason Platt sends a fast-talking, daydreaming, middle school kid on a desperate quest to pull off a great show and save his summer. This title will be simultaneously available in hardcover.

Hang Glider and Mud Mask Brian McMullen, Jason

Masks in Horror Cinema Alexandra Heller-Nicholas,2019-10-15 Why has the mask been such an enduring generic motif in horror cinema? This book explores its transformative potential historically across myriad cultures, particularly in relation to its ritual and mythmaking capacities, and its intersection with power, ideology and identity. All of these factors have a direct impact on mask-centric horror cinema: meanings, values and rituals associated with masks evolve and are updated in horror cinema to reflect new contexts, rendering the mask a persistent, meaningful and dynamic aspect of the genre's iconography. This study debates horror cinema's durability as a site for the potency of the mask's broader symbolic power to be constantly re-explored, re-imagined and re-invented as an object of cross-cultural and ritual significance that existed long before the moving image culture of cinema.

Slipknot Jason Arnopp,2011-05-31 The only plan right now is to kill everybody Joey Jordison, drummerIgnoring every rule in the book and more besides, Slipknot are a notoriously controversial band who combine a talent for outrage with their

music. Reminiscent of the outlandishness of punk, 'nu metal' has become the fastest growing area in rock, with Slipknot selling over 2 million copies of their debut album. And yet Slipknot spit, swear and risk injury night after night in their extraordinary live performances. Incredibly, their apparel of masks and boiler suits, which they refuse to remove, means that their fans still do not know what they look like. Jason Arnopp, the first British journalist to interview Slipknot face to mask, describes the transformation of the Des Moines crew into unorthodox mega stars. Featuring an introduction by the legendary Gene Simmons of Kiss, this biography will be the first published on the band either in the UK or America and will include exclusive interviews and in-depth information on the mysterious nine masked men.

Conan the Barbarian Stuart Moore, Gabriel Guzmán, Jason Gorder, 2011 After witnessing his wife burned at the stake, warlord Khalar Zym sets out on a quest to find the mythical Mask of Acheron, an ancient artifact that will bring his beloved back to life. In his search across the lands, Zym destroys a village in northern Cimmeria, where a boy born of battle survives and is cast out into the world, alone. Years later, Zym crosses paths again with the boy who survived--Conan. Zym must now contend with this barbarian nuisance who is now set on vengeance for the slaughter of his village. Zym and his seductive witch daughter, Marique, eventually clash with Conan in an epic final battle, the outcome of which will decide the fate of the world. Based on *Conan the Barbarian*, the new major motion picture from Millennium Films, Furla Productions and Conan Properties International.

That's Not Hockey! Andrée Poulin, 2018-09-11 The legendary goalie who revolutionized the game of hockey Young Jacques Plante's way of playing hockey may look different from everyone else's.

Instead of a puck, he uses a tennis ball, and his shin pads are made out of potato sacks and wooden slats. But that's not going to stop him. He loves the game. Jacques is drafted by the Montreal Canadiens in his mid-twenties. Fans love the unstoppable goalie as he leads his team to one victory after another. But there's a price to pay: pucks to the face result in a broken jaw, broken cheekbones, multiple stitches, and even a skull fracture. One day, Jacques has had enough. He goes on the ice wearing a fiberglass mask. The coach orders him to take it off. Finally, at a game against the Rangers, when yet another puck hits Jacques square in the face, he puts his foot down. He will not continue to play unless he's allowed to wear a mask. Young hockey fans will enjoy this story of Jacques Plante, whose determination and love of the game brought about a revolutionary change to how it is played.

Saving Face Jim Hynes, Gary Smith, 2019-03-05 Who was the first goaltender to wear a mask in a game? Who was the last to go without one? When did goalies start painting their masks? These are just a few of the questions that are answered in this definitive book on goalie masks. Saving Face looks at the development of the mask from its earliest days as a rudimentary face-saving device to its current high-tech design, bullet-proof construction, and cutting-edge artwork. The book offers a visual journey, too. More than 150 historic and modern photos, including thirty-plus full-page shots of some of the most famous masks ever created, support a text that weaves the tale of the mask's development. Based on extensive archival research and exclusive interviews, Saving Face tells the story of the goalies behind the mask and their fight for the right to wear one. It also looks at the talented mask makers, artisans, and artists behind hockey's modern masterpieces. This updated edition includes masks worn by some

of the most exciting stars in the game today. While goaltenders the world over owe a debt of thanks to those who created, developed, championed, and continuously improved the mask, hockey fans everywhere are thankful, too. For the mask today has gone far beyond its original function—saving face—to become the most intriguing piece of equipment in sports.
