Antoine de Saint-Exupéry was born in France in 1900, when airplanes were just being invented. Antoine dreamed of flying and grew up to be a pilot—and that was when his adventures began. He found a job delivering mail by plane, which had never been done before. He and his fellow pilots traveled to faraway places and discovered new ways of getting from one

place to the next. Antoine flew over mountains and deserts. He battled winds and storms. He tried to break aviation records, and sometimes he even crashed. How to Live Like the Little Prince Stéphane Garnier,2022-04-12 All grown-ups were once children... but only a few of them remember it. —Antoine St. Exupéry, *The Little Prince* Full of insight, inspiration, and gentle compassion for our complicated modern lives, *How to Live Like the Little Prince* captures the brilliance and wisdom of Antoine St. Exupéry's beloved tale. Through the eyes of the iconic Little Prince, Stéphane Garnier reminds us who we were before we grew up and teaches us to once again take time to live, play, and find wonder in the small, everyday moments. Few books have been as universally cherished as Antione St. Exupéry's *The Little Prince*. First published in 1943 and now one of the bestselling books of all time, the haunting, lyrical fable explores the meaning of life through a young boy who travels the universe in search of happiness. In *How to Live Like the Little Prince*, Stéphane Garnier revisits St. Exupér's story with a fresh, contemporary eye, urging us—as the Little Prince did—to preserve our childlike wonder by slowing down, dreaming big, and showing humble kindness to our planet and one another. In each chapter, Garnier beautifully conjures the expressive wisdom of St. Exupéry's storytelling, reminding us of essential lessons like how to be rebellious and incorruptible, how to leave your mark on the world, how to be free from the judgment of others, and how to let go and be alone. Featuring the iconic original illustrations from *The Little Prince* alongside memorable quotations and thought-provoking ideas about how we can apply St. Exupéry's philosophies to the increasingly complex demands of modern life, Garnier offers a stirring guide to rediscovering what matters most—at any age. A great gift for fans of *The Little Prince*,

graduation, retirement, and other life milestones.

The Little Prince Антуан де Сент-Экзюпери, 2021-01-22 The Little Prince (French: Le Petit Prince) – is an allegorical fable and the most famous work of Antoine de Saint-Exupery. It was first published in April 1943 by publisher “Reynal & Hitchcock” in both English and French. Saint-Exupery wrote the novella while living in New York City; a city he fled to after the occupation of his native France by Nazi Germany. The literary roots of the fable are based on the wandering plot of the rejected prince; while the emotional – on a child's view of the world. The story line is built around the travels of the Little Prince who hails from the tiny planet B-612. Gradually, his journey becomes not just the literal movement from planet to planet, but more of a way to discover life and the world. Thanks to Saint-Exupery's artistic methods, adult readers see in the fable, a transcript of a conversation of two old friends; while children get a vivid and easily understandable description of the world that surrounds them. Due mostly to these two factors, The Little Prince has achieved such high levels of recognition and popularity.
