A child is presented with a marshmallow and given a choice: Eat this one now, or wait and enjoy two later. What will she do? And what are the implications for her behavior later in life? The world's leading expert on self-control, Walter Mischel has proven that the ability to delay gratification is critical for a successful life, predicting higher SAT scores, better social and cognitive functioning, a healthier lifestyle and a greater sense of self-worth. But is willpower prewired, or can it be taught? In *The Marshmallow Test*, Mischel explains how self-control can be mastered and applied to challenges in everyday life--from weight control to quitting smoking, overcoming heartbreak, making major decisions, and planning for retirement. With profound implications for the choices we make in parenting, education, public policy and self-care, *The Marshmallow Test* will change the way you think about who we are and what we can be.

Married to Bhutan Linda Leaming,2011-04-01 Tucked away in the eastern end of the Himalayas lies Bhutan: a tiny, landlocked country bordering China, India, and Nepal. One of the most remote places in the world, Bhutan is rich in natural beauty, exotic landscapes, and ancient wisdom, where people are genuinely happy with very few material possessions and the government embraces Gross National Happiness instead of Gross National Product. As one of the few Americans to have lived in Bhutan, Linda Leaming offers a rare glimpse at the peaceful mountain kingdom so many have only dreamed of. For over ten years, Leaming has lived and taught in the small town of Thimphu, where there are fewer than 100,000 people and no traffic lights. If enlightenment is possible anywhere, she writes, I think it is particularly possible here. The Bhutanese way of life—quieter, slower, and more tranquil—can seem daunting to most Westerners, consumed with time, dates, speed, and efficiency. In Bhutan, people rarely check their e-mail and take their time answering their telephones. But, as Leaming shows us, a little patience—over a cup of warm tea and friendly conversation—can help soothe the most distressed mind and soul. In this funny, magical memoir, Leaming takes us with her on her travels through South Asia, sharing her experiences as she learns the language, customs, and religion; folklore of a revered Tibetan holy man who gave blessings to the people by whacking them on the head with a big wooden phallus; her unlikely romance with a Buddhist artist; and her discoveries about the unexpected path to happiness and accidental enlightenment, where true bliss resides. *Married to Bhutan* is a reminder that following our dreams is the way to be truly happy.

The Days of the Dead John Greenleigh,Rosalind Rosoff Beimler,1998 The Days of the Dead offers a remarkable journey within Mexico's traditional holiday honoring departed ancestors, friends, and family. Each aspect of the multiday festival is carefully explored, from the journey to the cemeteries to spruce up neglected gravesites to the lively marketplace selling breads and candies in the shapes of skulls and skeletons and finally, the peaceful vigil as friends and families crowd the cemeteries to await the arrival of their loved ones through the long night. San Francisco-based photographer John Greenleigh traveled to small towns in Mexico in four different years to document this extraordinary festival. Accompanied by evocative text by cultural scholar Rosalind Rosoff Beimler, the pictures speak eloquently to a ritual that is at once mocking and respectful of death -- and ultimately affirming of human life.
