The 1964-1965 New York World's Fair Bill Cotter,Bill Young,2014-01-20 Advertised as the Billion-

Dollar Fair, the 1964-1965 New York World's Fair transformed a sleepy park in the borough of Queens into a fantasy world enjoyed by more than 51 million visitors from around the world. While many countries and states exhibited at the fair, the most memorable pavilions were built by the giants of American industry. Their exhibits took guests backward and forward in time, all the while extolling how marvelous everyday life would be through the use of their products. Many of the techniques used in these shows set the standard for future fairs and theme parks, and the pavilions that housed them remain the most elaborate structures ever built for an American fair. The 1964-1965 New York World's Fair showcases the beauty of this international spectacular through rare color photographs, published here for the first time.

**Go and Do Likewise.** . . Marta Montalvo-Ramos,2018-10-19 This book is an honest attempt/tool to get fellow brothers and sisters in Christ inspired, motivated, and actively seeking ways to help others

along the way. I know we are all busy and that fear can take over when there is so much chaos and violence and distrust around us. We fear negative outcomes of our well-meaning actions, or we fear we are wasting our time. But I say turn to the Bible for inspiration and take a chance. Remember the main instruction of love for God—trust God’s love for us and show love to our brothers and sisters in Christ. Little by little, we can make this world a better place one plate of food at a time, one unexpected compliment at a time, one lawn mowed at a time, one book reading at a time, one listening and nonjudgmental ear at a time, even one smile at a time. Use your own unique talents and help someone today. Do your part and leave the outcome to God.

Dayanita Singh: File Room Dayanita Singh, 2023-09-29 Dayanita Singh's photos of archives and their custodians across India examine how memory is made and how history is narrated. These images bring to light the paradox of archives: they are impersonal in their classifications, yet each is the careful handiwork of an individual archivist, an unsung keeper of history whose decisions generate the sources of much of our knowledge. Archives are vessels of orthodox fact but can also be the home

of neglected details and forgotten documents than can unfix the status quo. As the pace of change in contemporary India accelerates and Indians turn from the past and fix their gaze on the future, what will become of the archive? Singh prompts us to imagine archives as not merely documents of dusty scholarship but as monuments of knowledge, beautiful in their unkempt order.
