Good and Cheap Leanne Brown, 2015-07-14 A perfect and irresistible idea: A cookbook filled with delicious, healthful recipes created for everyone on a tight budget. While studying food policy as a master's candidate at NYU, Leanne Brown asked a simple yet critical question: How well can a person eat on the \$4 a day given by SNAP, the U.S. government's Supplemental Nutrition Assistance Program informally known as food stamps? The answer is surprisingly well: Broiled Tilapia with Lime, Spicy Pulled Pork, Green Chile and Cheddar Quesadillas, Vegetable Jambalaya, Beet and Chickpea Salad—even desserts like Coconut Chocolate Cookies and Peach Coffee Cake. In addition to creating nutritious recipes that maximize every ingredient and use economical cooking methods, Ms. Brown gives tips on shopping; on creating pantry basics; on mastering certain staples—pizza dough, flour tortillas—and saucy extras that make everything taste better, like spice oil and tzatziki; and how to make fundamentally smart, healthful food choices. The idea for Good and Cheap is already proving itself. The author launched a Kickstarter campaign to self-publish and fund the buy one/give one model. Hundreds of thousands of viewers watched her video and donated \$145,000, and national media are paying attention. Even high-profile chefs and food writers have taken note—like Mark Bittman, who retweeted the link to the campaign; Francis Lam, who called it “Terrific!”; and Michael Pollan, who cited it as a “cool kickstarter.” In the same way that TOMS turned inexpensive, stylish shoes into a larger do-good movement, Good and Cheap is poised to become a cookbook that every food lover with a conscience will embrace.

Andrew Jackson and the Politics of Martial Law Matthew Warshauer, 2006 Andrew Jackson and the Politics of Martial Law tells the history of Jackson's use of martial law and how the controversy surrounding it followed him throughout his life. The work engages the age-old controversy over if, when, and who should be able to subvert the Constitution during times of national emergency. It also engages the continuing historical controversy over Jackson's political prowess and the importance of the rise of party politics during the early republic. As such, the book contributes to both the scholarship on Jackson and the legal and constitutional history of the intersection between the military and civilian spheres.--BOOK JACKET.

Catastrophic Politics Lonna Rae Atkeson, Cherie D. Maestas, 2012-07-30 Shocking moments in society create an extraordinary political environment that permits political and opinion changes that are unlikely during times of normal politics. Strong emotions felt by the public during catastrophes – even if experienced only vicariously through media coverage – are a powerful motivator of public opinion and activism. This is particularly true when emotional reactions coincide with attributing blame to governmental agencies or officials. By examining public opinion during one extraordinary event, the aftermath of Hurricane Katrina, Lonna Rae Atkeson and Cherie D. Maestas show how media information interacts with emotion in shaping a wide range of political opinions about government and political leaders. Catastrophic events bring citizens together, provide common experiences and information, and create opinions that transcend traditional political boundaries. These moments encourage citizens to re-examine their understanding of government, its leaders and its role in a society from a less partisan perspective.

Archaeology, History, and Predictive Modeling David G. Anderson, Steven D. Smith, 2003-08-20 Fort Polk Military Reservation encompasses approximately 139,000 acres in western Louisiana 40 miles southwest of Alexandria. As a result of federal mandates for cultural resource investigation, more archaeological work has been undertaken there, beginning in the 1970s, than has occurred at any other comparably sized area in Louisiana or at most other localities in the southeastern United States. The extensive program of survey, excavation, testing, and large-scale data and artifact recovery, as well as historic and archival research, has yielded a massive amount of information. While superbly curated by the U.S. Army, the material has been difficult to examine and comprehend in its totality. With this volume, Anderson and Smith collate and synthesize all the information into a comprehensive whole. Included are previous investigations, an overview of local environmental conditions, base military history and architecture, and the prehistoric and historic cultural sequence. An analysis of location, environmental, and assemblage data employing a sample of more than 2,800 sites and isolated finds was used to develop a predictive model that identifies areas where significant cultural resources are likely to occur. Developed in 1995, this model has already proven to be highly accurate and easy to use. *Archaeology, History, and Predictive Modeling* will allow scholars to more easily examine the record of human activity over the past 13,000 or more years in this part of western Louisiana and adjacent portions of east Texas. It will be useful to southeastern archaeologists and anthropologists, both professional and amateur. David G. Anderson is an archaeologist with the National Park Service's Southeast Archeological Center

in Tallahassee, Florida, and coeditor of *The Woodland Southeast*. Steven D. Smith is with SCIAA in Columbia, South Carolina. J.W. Joseph and Mary Beth Reed are with New South Associates in Stone Mountain, Georgia.

Good Enough Leanne Brown, 2022-01-11 You've got this! Good enough is a cookbook, but it's as much about the healing process of cooking as it is about delicious recipes. It's about acknowledging the fears and anxieties many of us have when we get in the kitchen, then learning to let them go in the sensory experience of working with food. It's about slowing down, honoring the beautiful act of feeding yourself and your loved ones, and releasing the worries about whether what you've made is good enough. It is. A generous mix of essays, stories, and nearly 100 dazzling recipes, Good Enough is a deeply personal cookbook. It's subject is more than Smoky Honey Shrimp Tacos with Spicy Fennel Slaw or Sticky Toffee Cookies; ultimately it's about learning to love and accept yourself, in and out of the kitchen.

Life After Johnnie Cochran Barbara C. Berry, Joanne Parrent, 1995-08-25 Life After Johnnie Cochran is the story of the woman who put up with philandering, physical abuse, mind games, put-downs, and even a long-term white mistress before she grabbed her two young daughters and her dignity and walked away from her eighteen-year marriage to L.A.'s most successful black lawyer. The future captain of the dream team, according to Cochran Berry, was a nightmare to live with, able to come up with a dozen good answers to the simplest of questions, like: Where did you spend the night? The author explains why she chose to ignore the received wisdom of those days among black middle-class women that said, No matter what, you don't leave a man who can pay the bills.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc.
