The Purple Cloud M. P. Shiel, 2014-06-22 If now a swell from the Deep has swept over this planetary ship of earth, and I, who alone chanced to find myself in the furthest stern, as the sole survivor of her crew... What then, my God, shall I do?. The Purple Cloud is widely hailed as a masterpiece of science fiction and one of the best last man novels ever written. A deadly purple vapor passes over the world and annihilates all living creatures except one man, Adam Jeffson. He embarks on an epic journey across a silent and devastated planet, an apocalyptic Robinson Crusoe putting together the semblance of a normal life from the flotsam and jetsam of his former existence. As he descends into madness over the years, he becomes increasingly aware that his survival was no accident and that his destiny - and the fate of the human race - are part of a profound, cosmological plan.

Games and Bereavement Sabine Harrer, 2019-03-31 How can videogames portray love and loss? Games and Bereavement answers this question by looking at five videogames and carrying out a participatory design study with grieverers. Sabine Harrer highlights possible connections between grief and videogames, arguing that game design may help make difficult personal feelings tangible. After a brief literary review of grief concepts and videogame theory, the book deep-dives into examples of tragic inter-character relationships from videogame history. Building on these examples, the book presents a case study on pregnancy loss as a potential grief experience that can be validated through game design dialogue.

The Legend of Final Fantasy VII Nicolas Courcier, Mehdi El Kanafi, 2019-02-19 What gamer hasn't tried Final Fantasy VII? The game, released in 1997, is now the standard-bearer of a whole generation, and it's also the one which catapulted Sony's PlayStation onto center stage. To celebrate this mythic video game's 15th anniversary,

Third Editions wanted to throw itself back into this unbelievable universe. This carefully crafted publication takes a look back at all the titles that helped forge Final Fantasy VII's mythology (including the Compilation of FF VII), and deciphers their content through examination and original analysis. This book was written by Nicolas Courcier and Mehdi El Kanafi, former authors and now publishers. The first print was released in 2011. An essential book to (re) discover the universe of the mythical series Final Fantasy! **EXTRACT** To celebrate one of the most important RPGs in the history of video games, Third Editions has decided to publish a tribute book: a heartfelt edition, but also one that truly analyzes the games that revolve around this legendary RPG. Indeed, the subject of this book is not only Final Fantasy VII, but the entire Compilation of Final Fantasy VII, from Advent Children to Before Crisis, including Crisis Core and Dirge of Cerberus, without forgetting Last Order. To get this journey off on the right foot and refresh your memory, we begin by summarizing the Final Fantasy VII saga. For the first time ever, the full story will be told in chronological order: from the Planet's origins to the awakening of Genesis, as depicted in the secret ending of Dirge of Cerberus. Once the entire saga has been told, we will take you behind the scenes so that you can discover how the video game compilation was created. You will learn about the people whose unexpected decisions changed the game's design. We will also provide a number of anecdotes pertaining to the game's overall development. A complete interpretation will then be offered for each title, paving the way for numerous reflections. **ABOUT THE AUTHORS** Nicolas Courcier and Mehdi El Kanafi - Fascinated by print media since childhood, Nicolas Courcier and Mehdi El Kanafi wasted no time in launching their first magazine, Console Syndrome, in 2004. After five issues with distribution limited to the Toulouse region of France, they decided to found a publishing house under the same name. One year later, their small business was acquired by another leading publisher of works about video games. In their four years in the world of publishing, Nicolas and Mehdi published more than twenty works on major video game series, and wrote several of those works themselves: Metal Gear Solid. Hideo Kojima's Magnum Opus, Resident Evil Of Zombies and Men, and The Legend of Final Fantasy VII and IX. Since 2015, they have continued their editorial focus on analyzing major video game series at a new publishing house that they founded together: Third. Grégoire Hellot is a French freelance journalist who specializes in video games. He began his career in the field more than twenty years ago when he joined Joypad magazine. As a pioneer dealing in Japanese video games, he has contributed to the French public's acceptance of these unique titles. Today, he contributes to the Gamekult website and is also the Managing Director of Kurokawa Editions, created in 2005 by the publishing house Univers Poche. Grégoire is also known for his role as the Silver Mousquetaire in the TV series France Five.

Jesus of the East Phuc Luu, 2020-06-16 Why does our theology of salvation focus on forgiving sinners, but not on healing those wounded by sin? Much of Western Christianity has subdued the narrative of Jesus as a Palestinian Jewish healer and liberator who served the sick and oppressed. But the Jesus of the Gospels is a revolutionary who stands with the sinned against, the wounded, and the marginalized. In Jesus of the East, author Phuc Luu re-narrates the life of Jesus to show how he made it his work to topple systems that privileged the few and

disregarded the many, especially the poor and lowest. In this provocative book, Luu offers a counter-narrative to Western Christianity, which for centuries has legitimized colonization and violence to prop up the powerful at the expense of the masses. Pulling from the tradition of the early Eastern church, the present work of theologians of the oppressed, and Luu's own experiences as a Vietnamese immigrant, Jesus of the East offers a transformative vision of healing for the world. For those living in the land between pain and hope, Luu's prophetic words will renew our imaginations and draw us closer to the heart of God.

A Question of Time Verlyn Flieger,1997 Tolkien's concern with time - past and present, real and faerie - captures the wonder of travel into other worlds and other times. This work shows that he was not just a mythmaker and writer of escapist fantasy but a man whose relationship to his own century was troubled and critical.

Norse Myths That Inspired Final Fantasy VII M J Gallagher,2020-09-16 Final Fantasy is one of the most iconic and beloved videogame series in the world. Since its inception, its titles have adopted names, themes and stories from across global mythology, including the beliefs of the Vikings.This book embarks on a detailed exploration of how Norse lore in particular influenced the writing and design of Final Fantasy VII - arguably the most critically-acclaimed of the franchise - and its wider compilation.Why is Midgar the political centre of the Planet, and Nibelheim the home of Cloud Strife?How are the Odin Materia, the Rune Blade and Vincent Valentine connected?What are the parallels between Ragnarok and the fall of the Shinra Corporation?These questions and many more will be examined and answered by award-winning community author M. J. Gallagher. Suitable for newcomers and enthusiasts alike.This work is presented as a tribute to the metaseries Compilation of Final Fantasy(R) VII. The author proposes that the speculative comparisons between Norse mythology and the Compilation of Final Fantasy(R) VII are unique, and use original thinking and analysis to interpret the inspirations, context, and content of the metaseries.The book has not been approved, licensed, or sponsored by any entity or person involved in creating or producing Final Fantasy(R), the videogames, films, or publications.
