Works Escorts In Detail Graham Robson, 2013-03-01 Between 1968 and 1981 the Ford Escort was probably the most successful rally car in the world. Rallying became progressively more glamorous, the teams and drivers more famous, and the cars became more colourful, in that period. European, then World, Championships were set up and prospered. The Escort won its first major International rally in April 1968, and its last in mid-1981. The brand won the World Rally Championship on several occasions during that time, its drivers won the Drivers'

Championship twice, and the Escort was the standard by which all other rally cars were judged throughout that 13-year period. The Ford-UK factory and its closest associates built no fewer than 113 Mk I cars of all types (1968 to 1974), and 55 Mk 2 cars (1975 to 1981). This new book covers all of these vehicles, car-by-car detailing build details, colour schemes, competition history, technical development. Every individual car is illustrated in its principal liveries using archive pictures and several of the more important cars have been specially photographed in great detail.
