George Washington ,

A Picture Book of George Washington David A. Adler,2018-01-01 A lively fife and drum playing Yankee-Doodle-Dandy welcome the listener...A narrative tone that is sincere and respectful and a slow, even pace afford the young listener time to absorb facts. - AudioFile Magazine

Power and Liberty Gordon S. Wood,2021-08-02 New York Times bestseller and Pulitzer Prize-winning author Gordon S. Wood elucidates the debates over the founding documents of the United States. The half century extending from the imperial crisis between Britain and its colonies in the 1760s to the early decades of the new republic of the United States was the greatest and most creative era of constitutionalism in American history, and perhaps in the world. During these decades, Americans explored and debated all aspects of politics and constitutionalism--the nature of power, liberty, representation, rights, the division of authority between different spheres of government, sovereignty, judicial authority, and written constitutions. The results of these issues produced institutions that have lasted for over two centuries. In this new book, eminent historian Gordon S. Wood distills a lifetime of work on constitutional innovations during the Revolutionary era. In concise form, he illuminates critical events in the nation's founding, ranging from the imperial debate that led to the Declaration of Independence to the revolutionary state constitution making in 1776 and the creation of the Federal Constitution in 1787. Among other topics, he discusses slavery and constitutionalism, the emergence of the judiciary as one of the major tripartite institutions of government, the demarcation between public and private, and the formation of states' rights. Here is an immensely readable synthesis of the key era in the making of the history of the United States, presenting timely insights on the Constitution and the nation's foundational legal and political documents.

In Search of the Perfect Loaf Samuel Fromartz,2014-09-04 An invaluable guide for beginning bakers. –Sam Sifton, The New York Times In 2009, journalist Samuel Fromartz was offered the assignment of a lifetime: to travel to France to work in a boulangerie. So began his quest to hone not just his homemade baguette—which later beat out professional bakeries to win the “Best Baguette of D.C.”—but his knowledge of bread, from seed to table. For the next four years, Fromartz traveled across the United States and Europe, perfecting his sourdough in California, his whole grain rye in Berlin, and his country wheat in the South of France. Along the way, he met historians, millers, farmers, wheat geneticists, sourdough biochemists, and everyone in between, learning about the history of breadmaking, the science of fermentation, and more. The result is an informative yet personal account of bread and breadbaking, complete with detailed recipes, tips, and beautiful photographs. Entertaining and inspiring, this book will be a touchstone for a new generation of bakers and a must-read for anyone who wants to take a deeper look at this deceptively ordinary, exceptionally delicious staple: handmade bread.

Mount Vernon Love Story Mary Higgins Clark,2012-09-04 Always a lover of history, Mary Higgins Clark wrote this extensively researched biographical novel and titled it *Aspire to the Heavens*, after the motto of George Washington's mother. Published in 1969, the book was more recently discovered by a Washington family descendant and reissued as *Mount Vernon Love Story*. Dispelling the widespread belief that although George Washington married Martha Dandridge Custis, he reserved his true love for Sally Carey Fairfax, his best friend's wife, Mary Higgins Clark describes the Washington marriage as one full of tenderness and passion, as a bond between two people who shared their lives -- even the bitter hardship of a winter in Valley Forge -- in every way. In this author's skilled hands, the history, the love, and the man come fully and dramatically alive.

Finding George Washington Bill Zarchy,2020-11-20 On a freezing night in 1778, General George Washington vanishes. Walking away from the Valley Forge encampment, he takes a fall and is knocked unconscious, only to reappear at a dog park on San Francisco Bay-in the summer of 2014. Washington befriends two Berkeley twenty-somethings who help him cope with the astonishing-and often comical-surprises of the twenty-first century. Washington's absence from Valley Forge, however, is not without serious consequences. As the world rapidly devolves around them-and their beloved Giants fight to salvage a disappointing season-George, Tim, and Matt are catapulted on a race across America to find a way to get George back to 1778. Equal parts time travel tale, thriller, and baseball saga, *Finding George Washington* is a gripping, humorous, and entertaining look at what happens when past and present collide in the 9th inning, with the bases loaded and no one warming up in the bullpen.

Posters for Change Princeton Architectural Press,2018-03-20 The US presidential election in 2016 brought to a head myriad political activism around the world, around the rights of minorities, women, the LGBTQ community, and the environment. In the midst of this turmoil, nearly 300 designers from around the world answered the call to create this collection of 50 tear-out posters for people who want to make their voices heard in a time of unprecedented uncertainty and apprehension. A foreword by Avram Finkelstein, a designer for the AIDS art activist collective Gran Fury, looks at the crucial role of graphic activism in the current political climate.

Organic, Inc. Samuel Fromartz,2007-03-05 A “lively, comprehensive, and . . . definitive account of organic food’s rise” from a “first-rate business journalist” (Michael Pollan). Who would have thought that a natural food

supermarket could have been a financial refuge from the dot-com bust? But it had. Sales of organic food had shot up about 20 percent per year since 1990, reaching \$11 billion by 2003 . . . Whole Foods managed to sidestep that fray by focusing on, well, people like me. Organic food has become a juggernaut in an otherwise sluggish food industry, growing at twenty percent a year as products like organic ketchup and corn chips vie for shelf space with conventional comestibles. But what is organic food? Is it really better for you? Where did it come from, and why are so many of us buying it? Business writer Samuel Fromartz set out to get the story behind this surprising success after he noticed that his own food choices were changing with the times. In *Organic, Inc.*, Fromartz traces organic food back to its anti-industrial origins more than a century ago. Then he follows it forward again, casting a spotlight on the innovators who created an alternative way of producing food that took root and grew beyond their wildest expectations. In the process he captures how the industry came to risk betraying the very ideals that drove its success in a classically complex case of free-market triumph.

I am George Washington Brad Meltzer,2016-09-06 Children will want to read about our first president while discussing the presidential elections. This is the ninth book in the New York Times bestselling biography series that inspires while it informs and entertains. (Cover may vary) George Washington was never afraid to be the first to try something, from exploring the woods around his childhood home to founding a brand new nation, the United States of America. With his faith in the American people and tremendous bravery, he helped win the Revolutionary War and became the country's first president. This friendly, fun biography series inspired the PBS Kids TV show *Xavier Riddle and the Secret Museum*. One great role model at a time, these books encourage kids to dream big. Included in each book are: • A timeline of key events in the hero's history • Photos that bring the story more fully to life • Comic-book-style illustrations that are irresistibly adorable • Childhood moments that influenced the hero • Facts that make great conversation-starters • A virtue this person embodies: George Washington's courage to set off a new course is highlighted here. You'll want to collect each book in this dynamic, informative series!

George Washington and the General's Dog Frank Murphy,2013-02-12 Children will delight at this little-known-story about our nation's first president, George Washington, that makes for perfect President's Day readers! Boom! Bang! Guns fire! Cannons roar! This Step 3 History Reader is about George Washington fighting in the American Revolution. He sees a dog lost on the battlefield. Whose dog is it? How will it find its master? Early readers will be surprised to find out what happens in this little-known true story about America's first president. Step 3 Readers feature engaging characters in easy-to-follow plots about popular topics. These books are for children who are ready to read on their own.

Rules of Civility & Decent Behavior In Company and Conversation George Washington,2017-04-22 Rules of Civility & Decent Behavior In Company and Conversation began as a school exercise in 1744 for George Washington, who became the first president of the United States of America. Washington copied a translation of these rules by Francis Hawkins', which was first published in England around 1640. The majority of the 110 rules originated from a French etiquette manual written in 1959 by the Jesuits, who were members of the Society of Jesus, a Roman Catholic order of men noted for educational, charitable and missionary works and teachings.

Tartine Book No. 3 Chad Robertson,2013-12-17 The third in a series of classic, collectible cookbooks from Tartine Bakery & Cafe, one of the great bakeries, Tartine Book No. 3 is a revolutionary, and altogether timely, exploration of baking with whole grains. The narrative of Chad Robertson's search for ancient flavors in heirloom grains is interwoven with 85 recipes for whole-grain versions of Tartine favorites. Robertson shares his groundbreaking new methods of bread baking including new techniques for whole-grain loaves, as well as porridge breads and loaves made with sprouted grains. This book also revisits the iconic Tartine Bakery pastry recipes, reformulating them to include whole grains, nut milks, and alternative sweeteners. More than 100 photographs of the journey, the bread, the pastry and the people, make this is a must-have reference for the modern baker.

General George Washington Edward G. Lengel,2007-01-09 “The most comprehensive and authoritative study of Washington's military career ever written.” –Joseph J. Ellis, author of *His Excellency: George Washington* Based largely on George Washington's personal papers, this engrossing book paints a vivid, factual portrait of Washington the soldier. An expert in military history, Edward Lengel demonstrates that the “secret” to Washington's excellence lay in his completeness, in how he united the military, political, and personal skills necessary to lead a nation in war and peace. Despite being an “imperfect commander”–and at times even a tactically suspect one–Washington nevertheless possessed the requisite combination of vision, integrity, talents, and good fortune to lead America to victory in its war for independence. At once informative and engaging, and filled with some eye-opening revelations about Washington, the American Revolution, and the very nature of military command, *General George Washington* is a book that reintroduces readers to a figure many think they already know. “The book's balanced assessment of Washington is satisfying and thought-provoking. Lengel gives us a believable Washington . . . the most admired man of his generation by far.” –The Washington

Post Book World “A compelling picture of a man who was ‘the archetypal American soldier’ . . . The sum of his parts was the greatness of Washington.” –The Boston Globe “[An] excellent book . . . fresh insights . . . If you have room on your bookshelf for only one book on the Revolution, this may be it.” –The Washington Times

Not for Long Robert W. Turner (II),2018 The NFL is the most popular professional sports league in the United States. Its athletes receive multimillion-dollar contracts and almost endless media attention. The league's most important game, the Super Bowl, is practically a national holiday. Making it to the NFL, however, is not about the promised land of fame and fortune. Robert W. Turner II draws on his personal experience as a former professional football player as well as interviews with more than 140 current and former NFL players to reveal what it means to be an athlete in the NFL and explain why so many players struggle with life after football. Without guaranteed contracts, the majority of players are forced out of the league after a few seasons. Over three-quarters of retirees experience bankruptcy or financial ruin, two-thirds live with chronic pain, and too many find themselves on the wrong side of the law. Robert W. Turner II argues that the fall from grace of so many players is no accident. The NFL, he contends, powerfully determines their experiences in and out of the league. The labor agreement provides little job security and few health and retirement benefits, and the owners refuse to share power with the players, making change difficult. And the process of becoming an elite football player--from high school to college and through the pros--leaves athletes with few marketable skills and little preparation for their first Sunday off the field. With compassion and objectivity, *Not for Long* reveals the life and mind of high school, college, and NFL athletes, shedding light on what might best help players transition successfully out of the sport.

J. Robert Oppenheimer Glenn Scherer,Marty Fletcher,2008 Presents the life and accomplishments of the director of the Manhattan Project, focusing on his involvement with the development of the atom bomb.

Fatal Sunday Mark Edward Lender,Garry Wheeler Stone,2016-04-18 Historians have long considered the Battle of Monmouth one of the most complicated engagements of the American Revolution. Fought on Sunday, June 28, 1778, Monmouth was critical to the success of the Revolution. It also marked a decisive turning point in the military career of George Washington. Without the victory at Monmouth Courthouse, Washington's critics might well have marshaled the political strength to replace him as the American commander-in-chief. Authors Mark Edward Lender and Garry Wheeler Stone argue that in political terms, the Battle of Monmouth constituted a pivotal moment in the War for Independence. Viewing the political and military aspects of the campaign as inextricably entwined, this book offers a fresh perspective on Washington's role in it. Drawing on a wide range of historical sources—many never before used, including archaeological evidence—Lender and Stone disentangle the true story of Monmouth and provide the most complete and accurate account of the battle, including both American and British perspectives. In the course of their account it becomes evident that criticism of Washington's performance in command was considerably broader and deeper than previously acknowledged. In light of long-standing practical and ideological questions about his vision for the Continental Army and his ability to win the war, the outcome at Monmouth—a hard-fought tactical draw—was politically insufficient for Washington. Lender and Stone show how the general's partisans, determined that the battle for public opinion would be won in his favor, engineered a propaganda victory for their chief that involved the spectacular court-martial of Major General Charles Lee, the second-ranking officer of the Continental Army. Replete with poignant anecdotes, folkloric incidents, and stories of heroism and combat brutality; filled with behind-the-scenes action and intrigue; and teeming with characters from all walks of life, *Fatal Sunday* gives us the definitive view of the fateful Battle of Monmouth.

The Indian World of George Washington Colin Gordon Calloway,2018 An authoritative, sweeping, and fresh new biography of the nation's first president, Colin G. Calloway's book reveals fully the dimensions and depths of George Washington's relations with the First Americans.--Provided by publisher.

The Education of George Washington Austin Washington,2014-02-10 George Washington—a man of honor, bravery and leadership. He is known as America's first President, a great general, and a humble gentleman, but how did he become this man of stature? *The Education of George Washington* answers this question with a new discovery about his past and the surprising book that shaped him. Who better to unearth them than George Washington's great-nephew, Austin Washington? Most Washington fans have heard of “The Rules of Civility” and learned that this guided our first President. But that's not the book that truly made George Washington who he was. In *The Education of George Washington*, Austin Washington reveals the secret that he discovered about Washington's past that explains his true model for conduct, honor, and leadership—an example that we could all use. *The Education of George Washington* also includes a complete facsimile of the forgotten book that changed George Washington's life.

A Short Biography of George Washington Carla Killough McClafferty,2018-05-22 A Pocket-Sized Short Biography of George Washington in an Elegant Hardcover Edition

A Birthday Cake for George Washington Ramin Ganeshram,2016 An exploration of fifty influential and inspirational women who changed the world. Everyone is buzzing about the president's birthday! Especially George Washington's servants who scurry around the kitchen preparing to make this the best celebration ever. Oh, how George Washington loves his cake! And, oh, how he depends on Hercules, his head chef, to make it for him.

Hercules, a slave, takes great pride in baking the president's cake. But this year there is one problem--they are out of sugar. This story, told in the voice of Delia, Hercules' young daughter, is based on real events, and underscores the loving exchange between a very determined father and his eager daughter who are faced with an unspoken, bittersweet reality.
