**The Meaning of Video Games** Steven E. Jones, 2008-04-11 The Meaning of Video Games takes a textual studies approach to an increasingly important form of expression in today's culture. It begins by assuming that video games are meaningful—not just as sociological or economic or cultural evidence, but in their own right, as cultural expressions worthy of scholarly attention. In this way, this book makes a contribution to the study of video games, but it also aims to enrich textual studies. Early video game studies scholars were quick to point out that a game should never be reduced to merely its story or narrative content and they rightly insist on the importance of studying games as games. But here Steven E. Jones demonstrates that textual studies—which grows historically out of ancient questions of textual recension, multiple versions, production, reproduction, and reception—can fruitfully be applied to the study of video games. Citing specific examples such as *Myst* and *Lost*, *Katamari Damacy*, *Halo*, *Façade*, Nintendo's *Wii*, and Will Wright's *Spore*, the book explores the ways in which textual studies concepts—authorial intention, textual variability and performance, the paratext, publishing history and the social text—can shed light on video games as more than formal systems. It treats video games as cultural forms of expression that are received as they are played, out in the world, where their meanings get made.

**Travel from Usa, Mexico, and Central America in an Airplane Piper Colt 108** Lupercio Rangel, 2014-09-24 February was always a good month to start new activities and have new projects. One of them was to buy a large sailboat to make a solo trip from Long Beach (California) to the city of

Santos in Brazil. I gave up that idea because I was not sufficiently healthy for that long trip. My next idea was to make the trip in a small aircraft 108 that I owned. It was an aircraft easy to fly and economical. Piper Colt 108 is a first tricycle aircraft built by Piper, two passages, side by side seat. This was my plan for the adventure, flying from Las Vegas in Nevada through the Americas, Mexico, Guatemala, El Salvador, Honduras, Nicaragua, Costa Rica, and Panama.
