I Am Perfectly Designed Karamo Brown, Jason "Rachel" Brown, 2019-11-05 *I Am Perfectly Designed* is an exuberant celebration of loving who you are, exactly as you are, from Karamo Brown, the Culture Expert of Netflix's hit series *Queer Eye*, and Jason Brown—featuring illustrations by Anoosha Syed. In this empowering ode to modern families, a boy and his father take a joyful walk through the city, discovering all the ways in which they are perfectly designed for each other. With tenderness and wit, this story captures the magic of building strong childhood memories. The Browns and Syed celebrate the special bond between parent and child with joy and flair...Syed's bright, cartoon illustrations enrich the tale with a meaningful message of kindness and inclusion.—Kirkus

**Sock City** Christine Carrington, 2013-07-16 *Sock City*, a missing town of scientists and its people who were shrunk down to the size of a quarter. With a gigantic desire and need to survive they have made this world a place like no other. Sock City is protected by a dome space ship and can move at a moment's notice. The young people of 20 years or less have no idea what the real world is all about until they are recruited by SCRAT. Sock City's Retrieval Action Team is the reason for the survival of Sock City. Missing things can be found and made very useful. This town has an appreciation for human life and the love of friends and family. Life is too short and how you choose to live whether in a giant world or micro world is a question that some may have in this accidental world of Sock City.

*The Book with No Pictures* B. J. Novak, 2014-09-30 A #1 New York Times bestseller, this innovative and wildly funny read-aloud by award-winning humorist/actor B.J. Novak will turn any reader into a comedian—a perfect gift for any special occasion! You might think a book with no

pictures seems boring and serious. Except . . . here's how books work. Everything written on the page has to be said by the person reading it aloud. Even if the words say . . . BLORK. Or BLUURF. Even if the words are a preposterous song about eating ants for breakfast, or just a list of astonishingly goofy sounds like BLAGGITY BLAGGITY and GLIBBITY GLOBBITY. Cleverly irreverent and irresistibly silly, *The Book with No Pictures* is one that kids will beg to hear again and again. (And parents will be happy to oblige.)

Verkhosh, 2016-06-29 I wrote these poems as a way to get away from the real world. These poems has mirrored emotions from the many good and bad times in my life. Even during the briefest moments, when my pen met the pages of my journals, I felt the weight of the world lift off my shoulders. My poetry has given me a way to speak my mind and share my story. I want to let others know that no matter how small you feel or how good your life is, there will always be hard times, but I hope that my book influences others to write.

Short Term Spiritual Guidance Duane R. Bidwell, This book represents a significant departure from most contemporary writing about spiritual direction. While most writers focus on long-term relationships of guidance, specifically envisioning long listening sessions, Bidwell changes focus. Spiritual direction, he insists, typically requires intervention in a specific crisis or situation or question, is not formal, lasts fewer than five sessions, and must be actively and intentionally focused on the person's growth. Bidwell's work shows what spiritual directors can learn from the short-term therapy model, especially about enabling people briefly but effectively to "learn to listen on their own and with others for God's presence." Focusing on how God is already active in the directee's life allows the participants to identify God's action and respond in ways that collaborate with that identified movement of the Spirit.

*When You Look Up* Decur, 2020-07-21 Visually stunning, tactile, and mesmerizing, this graphic novel is a

debut at the summit from a self-taught Argentinian visionary. Lorenzo isn't happy about moving. But in his new room, he finds an old desk with what seems like hundreds of drawers. Each even has its own smell! Deep inside the desk, he finds a book and begins to read. When he looks up, he sees all kinds of curious things. Has the book come to life? Or is it something else? This is a graphic novel about observation, imagination, and the many incredible lenses through which everyday experience might be perceived if you read.
