Politics of Parking Sarah Marusek, 2016-04-22 There is more to parking law than just parking penalties. Considering the ways in which law works in everyday life, and in familiar places of common experience where the presence of law is not obvious, this book explores the various notions of the right to park, which jurisprudentially is enacted between individuals in everyday parking. From parking areas to the courtroom, parking engenders disputes over equality, speech, legitimacy, and entitlement that reach beyond the stated scope of policy. Looking beyond the obvious, this book examines the contested site of the parking space as a place of socio-legal meaning where property claims and rights shape identities. Adopting a constitutive approach to the study of law, the book examines how regulation of parking policy is at odds with the force of localised politics, producing competing notions of legality and examples of legal semiotics within the terrain of legal geography.

Maid Stephanie Land, 2019-01-22 A single mother's personal, unflinching look at America's class divide (Barack Obama), this New York Times bestselling memoir is the inspiration for the Netflix limited series, hailed by Rolling Stone as a great one. At 28, Stephanie Land's dreams of attending a university and becoming a writer quickly dissolved when a summer fling turned into an unplanned pregnancy. Before long, she found herself a single mother, scraping by as a housekeeper to make ends meet. *Maid* is an emotionally raw, masterful account of Stephanie's years spent in service to upper middle class America as a nameless ghost who quietly shared in her clients' triumphs, tragedies, and deepest secrets. Driven to carve out a better life for her family, she cleaned by day and took online

classes by night, writing relentlessly as she worked toward earning a college degree. She wrote of the true stories that weren't being told: of living on food stamps and WIC coupons, of government programs that barely provided housing, of aloof government employees who shamed her for receiving what little assistance she did. Above all else, she wrote about pursuing the myth of the American Dream from the poverty line, all the while slashing through deep-rooted stigmas of the working poor. *Maid* is Stephanie's story, but it's not hers alone. It is an inspiring testament to the courage, determination, and ultimate strength of the human spirit. A single mother's personal, unflinching look at America's class divide, a description of the tightrope many families walk just to get by, and a reminder of the dignity of all work. -PRESIDENT BARACK OBAMA, Obama's Summer Reading List

Lady's Maid Margaret Forster, 2012-08-22 "Fascinating . . . The reader is treated to a revealing account of the passionate romance between Elizabeth Barrett and Robert Browning through the eyes of an intimate observer."—Booklist Young and timid but full of sturdy good sense and awakening sophistication, Lily Wilson arrives in London in 1844, becoming a lady's maid to the fragile, housebound Elizabeth Barrett. Lily is quickly drawn to her mistress' s gaiety and sharp intelligence, the power of her poetry, and her deep

emotional need. It is a strange intimacy that will last sixteen years. It is Lily who smuggles Miss Barrett out of the gloomy Wimpole Street house, witnesses her secret wedding to Robert Browning in an empty church, and flees with them to threadbare lodgings and the heat, light, and colors of Italy. As housekeeper, nursemaid, companion, and confidante, Lily is with Elizabeth in every crisis—birth, bereavement, travel, literary triumph. As her devotion turns almost to obsession, Lily forgets her own fleeting loneliness. But when Lily's own affairs take a dramatic turn, she comes to expect the loyalty from Elizabeth that she herself has always given. Praise for *Lady's Maid* "[A] wonderful novel . . . fully imagined and persuasive fiction."—The New York Times Book Review "Absorbing . . . heartbreaking . . . grips the reader's imagination on every page . . . [Margaret] Forster paints a vivid picture of class, station, hypocrisy and survival in Victorian society."—San Francisco Chronicle "Extremely readable . . . The author's sense of the nineteenth century seems innate."—The New Yorker "Highly recommended . . . an engrossing novel of the colorful Browning ménage."—Library Journal "Delightful . . . entertaining."—Vogue

The Maid Narratives Katherine Van Wormer, David W. Jackson III, Charletta Sudduth, 2012-09-17 *The Maid Narratives* shares the memories of black domestic workers and the white families they served, uncovering the often intimate relationships between maid and mistress. Based on interviews with over fifty people -- both white and black -- these stories deliver a personal and powerful message about resilience and resistance in the face of oppression in the Jim Crow South. The housekeepers, caretakers, sharecroppers, and cooks who share their experiences in *The Maid Narratives* ultimately moved away during the Great Migration. Their perspectives as servants who left for better opportunities

outside of the South offer an original telling of physical and psychological survival in a racially oppressive caste system: Vinella Byrd, for instance, from Pine Bluff, Arkansas, recalls how a farmer she worked for would not allow her to clean her hands in the family's wash pan. These narratives are complemented by the voices of white women, such as Flora Templeton Stuart, from New Orleans, who remembers her maid fondly but realizes that she knew little about her life. Like Stuart, many of the white narrators remain troubled by the racial norms of the time. Viewed as a whole, the book presents varied, rich, and detailed accounts, often tragic, and sometimes humorous. The Maid Narratives reveals, across racial lines, shared hardships, strong emotional ties, and inspiring strength.

Style and Creativity in Design Chiu-Shui Chan, 2015-03-09 This book looks at causative reasons behind creative acts and stylistic expressions. It explores how creativity is initiated by design cognition and explains relationships between style and creativity. The book establishes a new cognitive theory of style and creativity in design and provides designers with insights into their own cognitive processes and styles of thinking, supporting a better understanding of the qualities present in their own design. An explanation of the nature of design cognition begins this work, with a look at how design knowledge is formulated, developed, structured and utilized, and how this utilization triggers style and creativity. The author goes on to review historical studies of style, considering a series of psychological experiments relating to the operational definition, degree, measurement, and creation of style. The work conceptually summarizes the recognition of individual style in products, as well as the creation of such styles as a process before reviewing studies on creativity from various disciplines, presenting case studies and reviewing works by master

architects. Readers will discover how creativity is initiated by design cognition. A summary of the correlations between creativity and style, expressed as a conceptual formula describing the cognitive phenomenon of style and creativity concludes the work. The ideas presented here are applicable to all design fields, allowing designers to comprehend and improve their design processes to produce creative, stylistically unique products.

Maid In China Wanning Sun, 2009-01-21 Maid in China is the first systematic, book-length investigation of internal rural migration in post-Mao China focused on the day-to-day production and consumption of popular media. Taking the rural maid in the urban home as its point of departure, the book weaves together three years of engaged ethnographic research in Beijing and Shanghai with critical analyses of a diverse array of popular media, and follows three lines of inquiry: media and cultural production, consumption practices, and everyday politics. It unravels some of the myriad ways in which the subaltern figure of the domestic worker comes to be inscribed with the cultural politics of boundaries that entrench a host of inequalities—between rich and poor, male and female, rural and urban. Wanning Sun explores a number of paradoxes that the domestic worker lives out on a daily basis: her ubiquitous invisibility, her enduring transience, and her status as an intimate stranger. Collectively, these paradoxes afford her a unique window onto the spaces and practices of the modern Chinese city. This intimate stranger's epistemological status makes her an unauthorized yet authoritative witness of urban residents' social lives, offering a revealing lens through which to examine both the formation of new social relations in post-reform urban China, and the new social uses of space—both domestic and public—engendered by these relations.
