Mr. Menace R. Michael Burns,2020-10-14 In this supernatural noir, a private detective is hired to find a woman's missing identity, and faces a crime boss whose business is beyond deadly. As soon as the mysterious woman walked into his office, PI Frank Orpheus knew she was trouble. She's rich and beautiful—and she needs Orpheus to find out who she is. It's an unusual case to say the least, but he can't say no to those haunting eyes. Even if tracking down her missing identity leads him into a corner of the criminal underworld he never knew existed. In no time, Orpheus finds himself entangled in a web of criminality, facing characters more dangerous than he could ever imagine. But all of them are mere puppets, controlled by a crime boss known only as Mr. Menace—a dark figure who traffics not just in drugs and booze, but—possibly—in souls.

The Only One Living to Tell Mike Burns,2012-04-01 Mike Burns--born Hoomothya--was around eight years old in 1872 when the US military murdered his family and as many as seventy-six other Yavapai men, women, and children in the Skeleton Cave Massacre in Arizona. One of only a few young survivors, he was adopted by an army captain and ended up serving as a scout in the US army and adventuring in the West. Before his

death in 1934, Burns wrote about the massacre, his time fighting in the Indian Wars during the 1880s, and life among the Kwevkepaya and Tolkepaya Yavapai. His precarious position between the white and Native worlds gives his account a distinctive narrative voice. Because Burns was unable to find a publisher during his lifetime, these firsthand accounts of history from a Native perspective remained unseen through much of the twentieth century, archived at the Sharlot Hall Museum in Prescott. Now Gregory McNamee has brought Burns's text to life, making this extraordinary tale an accessible and compelling read. Generations after his death, Mike Burns finally gets a chance to tell his story. This autobiography offers a missing piece of Arizona history--as one of the only Native American accounts of the Skeleton Cave Massacre--and contributes to a growing body of history from a Native perspective. It will be an indispensable tool for scholars and general readers interested in the West--specifically Arizona history, the Apache wars, and Yavapai and Apache history and lifeways. Ê

France and the Dreyfus Affair: A Documentary History Michael Burns,2019-08-09 The unjust conviction of French Jewish Captain Alfred Dreyfus on charges of treason started the Dreyfus affair, a major event in European anti-Semitism. “This documentary history is designed to introduce the broad outlines and significant legacies of the Dreyfus affair, from the captain’s arrest in 1894 to the 1998 centennial of J’Accuse, Émile Zola’s scathing indictment of the French military... This volume, fashioned for a weeklong assignment in a college course, reproduces the affair’s most celebrated texts, as well as less familiar, but no less telling, documents. Presented as a chronological narrative, it charts Captain Dreyfus’s case as it unfolded in time, and summarizes the major issues and debates that have survived for the past century.” (From the preface by Michael Burns) “A fresh and compelling study of the turn of the century affair in a concise and readable book... A fine compilation of well-chosen documents and lucid analysis... Beyond making this frequently told tale come to life once again (I literally could not put the book down), Burns has given it historical and cultural context.” — Donna F. Ryan, Gallaudet University “Michael Burns’s volume is imaginatively written, with a keen eye to the drama and desperation of the Dreyfus affair. Its special strength is its learned attention to the political, military, and cultural contexts. Weaving the author’s own commentary together with documents from the period, this volume is a splendid guide to one of the most important historical landmarks of our time.” — Michael R. Marrus, University of Toronto “In both his analysis and his choice of documents, Michael Burns has brilliantly captured all the complexity and the passion of the Dreyfus affair. I salute his achievement.” — Benjamin F. Martin, Louisiana State University

Power Moves Karl Welzein,2013-07-09 Meet Karl Welzein, aka Captain Karl, aka @DadBoner on Twitter—the Midwest's most beautiful loser Karl Welzein is really lookin' forward to the weekend, you guys. His job is a drag and his wife kicked him out, but that's okay. She wears granny panties and is constantly dropping wads of cash at Target, and his son cries all the time. Now his temporary roommate, Dave, ate all the Totino's pizza rolls. Again. Karl Welzein is sick of this. So sick of this. Power Moves chronicles the hilarious decline of Karl Welzein on his journey from life as a Dockers-and-golfshirt-wearing dad to a ponytailed party maniac who spits out his life philosophies like a modern-day Charles Bukowski (if he preferred to get drunk at Applebee's). A middle-aged Michigan native, Karl may be overweight, prone to questionable fashion and culinary choices, oblivious to his drinking problem, a poor excuse for an employee, obsessed with the restroom, and a terrible husband, father, and friend . . . but in his heart he means well. He's just like a lot of us—he loves the USA, Guy Fieri, bold flavors, Bob Seger, and thinking he looks jacked in a tight tee and Maui Jim sunglasses. Karl is an everyman and like no other man on the planet all at once. Inspired by the Twitter feed @DadBoner, Karl finally tells his full story. He shares his wisdom on fitness (1. Look at a pic of Stone Cold Steve Austin. 2. Do 'shups 'til you look like Stone Cold. 3. Cut off your sleeves), diet (Eat only the filling of the Taco Bell Beefy Melts for maximum flavor and low-carb health), fashion (Wearin' boots with jean shorts says I like to keep cool, but I'm ready if the action gets hot), work life (If you don't have a job that makes you want to kill yourself, you don't deserve to drink until you want to die), and the bliss of the perfect weekend (beers, brats, and babes' chest beefers). But above all, this is a story about America—the real red, white, and blue America of today. Welcome to Karl's world. Reading this book is the ultimate Power Move.

Delta of Dead River has always been told to hide her back, where a map is branded on her skin to a rumored paradise called the Verdant. In a wasteland plagued by dust squalls, geomagnetic storms, and solar flares, many would kill for it—even if no one can read it. So when raiders sent by a man known as the General attack her village, Delta suspects he is searching for her. Delta sets out to rescue her family but quickly learns that in the Wastes no one can be trusted—perhaps not even her childhood friend, Asher, who has been missing for nearly a decade. If Delta can trust Asher, she just might decode the map and trade evidence of the Verdant to the General for her family. What Delta doesn't count on is what waits at the Verdant: a long-forgotten secret that will shake the foundation of her entire world.
