Brendan McDonough

Donner Pass John R. Signor,1985

Granite Mountain Brendan McDonough,2016-05-03 The true story behind the events that inspired the major motion picture Only the Brave. A unique and bracing (Booklist) first-person account by the sole survivor of Arizona's disastrous 2013 Yarnell Hill Fire, which took the lives of 19 hotshots--firefighters trained specifically to battle wildfires. Brendan McDonough was on the verge of becoming a hopeless, inveterate heroin addict when he, for the sake of his young daughter, decided to turn his life around. He enlisted in the Granite Mountain Hotshots, a team of elite firefighters based in Prescott, Arizona. Their leader, Eric Marsh, was in a desperate crunch after four hotshots left the unit, and perhaps seeing a glimmer of promise in the skinny would-be recruit, he took a chance on the unlikely McDonough, and the chance paid off. Despite the crew's skepticism, and thanks in large part to Marsh's firm but loving encouragement, McDonough unlocked a latent drive and dedication, going on to successfully battle a number of blazes and eventually win the confidence of the men he came to call his brothers. Then, on June 30, 2013, while McDonough--Donut as he'd been dubbed by his team--served as lookout, they confronted a freak, 3,000-degree inferno in nearby Yarnell, Arizona. The relentless firestorm ultimately trapped his hotshot brothers, tragically killing all 19 of them within minutes. Nationwide, it was the greatest loss of firefighter lives since the 9/11 attacks. Granite Mountain is a gripping memoir that traces McDonough's story of finding his way out of the dead end of drugs, finding his purpose among the Granite Mountain Hotshots, and the minute-by-minute account of the fateful day he lost the very men who had saved him. A harrowing and redemptive tale of resilience in the face of tragedy, Granite Mountain is also a powerful reminder of the heroism of the people who put themselves in harm's way to protect us every day.

How To Catch A Russian Spy Naveed Jamali,Ellis Henican,2015-08-13 In 2008, almost two decades after the Cold War was officially consigned to the history books, an average American guy helped to bring down a top Russian spy based at the United Nations. He had no formal espionage training. Everything he knew about spying he'd learned from books, films, video games and TV. And yet, with the help of an initially reluctant FBI duo, he ended up at the centre of a highly successful counterintelligence operation that targetted Russian espionage in America. For four nerve-wracking years, he worked as a double agent, spying on America for the Russians, trading cash for sensitive US military secrets, handing over thumb-drives of valuable technical data, pretending to sell out his country across noisy restaurant tables and in quiet parking lots. Now, for the first time, he will reveal the fascinating mechanics behind his double-agent operation that helped disrupt Russia's New York-based espionage apparatus and forced Moscow to reassign its top operatives

Breathing Fire Jaime Lowe,2021-07-27 A dramatic, revelatory account of the female inmate firefighters who battle California wildfires. Shawna was overcome by the claustrophobia, the heat, the smoke, the fire, all just down the canyon and up the ravine. She was feeling the adrenaline, but also the terror of doing something for the first time. She knew how to run with a backpack; they had trained her physically. But that's not training for flames.

That's not live fire. California's fire season gets hotter, longer, and more extreme every year – fire season is now year-round. Of the thousands of firefighters who battle California's blazes every year, roughly 30 percent of the on-the-ground wildland crews are inmates earning a dollar an hour. Approximately 200 of those firefighters are women serving on all-female crews. In *Breathing Fire*, Jaime Lowe expands on her revelatory work for The New York Times Magazine. She has spent years getting to know dozens of women who have participated in the fire camp program and spoken to captains, family and friends, correctional officers, and camp commanders. The result is a rare, illuminating look at how the fire camps actually operate – a story that encompasses California's underlying catastrophes of climate change, economic disparity, and historical injustice, but also draws on deeply personal histories, relationships, desires, frustrations, and the emotional and physical intensity of firefighting. Lowe's reporting is a groundbreaking investigation of the prison system, and an intimate portrayal of the women of California's Correctional Camps who put their lives on the line, while imprisoned, to save a state in peril.

Kettlebell: A Simple Guide to Learn Kettlebell Exercises (The Ultimate Kettlebell Workouts for a Shredded Body)
Bobbie Wright, 2022-01-13 The great thing about the kettlebell is that it allows you to perform resistance cardio. This means you are using cardiovascular training that increases your heart rate and helps you to burn fat. At the same time though, you are also lifting weight, which protects your muscle from breakdown and increases the challenge, thereby increasing the amount of calories burned and the amount of effort involved. What you will learn in this guide: · The benefits of kettlebells · How to purchase the right kettlebell · How to make your own kettlebell cheaply · The top kettlebell exercises that give you the best results · Learn the best workouts that provide high intensity that will make you a kettlebell machine! Enter kettlebell training. In this book, you'll learn how it can help you get ripped and shredded and, more importantly, how to start with the right set of kettlebells, i.e., the right quality and weight. By the end of this short book, you'll be in a great position to start going for that ripped and shredded body you've always dreamed of using kettlebells. You have a great tool in your hands now. It's up to you if you'll use it to the hilt.

The Back Channel William Joseph Burns, 2019 As a distinguished and admired American diplomat of the last half century, Burns has played a central role in the most consequential diplomatic episodes of his time: from the bloodless end of the Cold War and post-Cold War relations with Putin's Russia to the secret nuclear talks with Iran. Here he recounts some of the seminal moments of his career, drawing on newly declassified cables and memos to give readers a rare, inside look at American diplomacy in action, and of the people who worked with him. The result is an powerful reminder of the enduring importance of diplomacy. -- adapted from jacket

The Great Gamble Gregory Feifer, 2009-01-06 The Soviet war in Afghanistan was a grueling debacle that has striking lessons for the twenty-first century. In *The Great Gamble*, Gregory Feifer examines the conflict from the perspective of the soldiers on the ground. During the last years of the Cold War, the Soviet Union sent some of its most elite troops to unfamiliar lands in Central Asia to fight a vaguely defined enemy, which eventually defeated their superior numbers with unconventional tactics. Although the Soviet leadership initially saw the

invasion as a victory, many Russian soldiers came to view the war as a demoralizing and devastating defeat, the consequences of which had a substantial impact on the Soviet Union and its collapse. Feifer's extensive research includes eye-opening interviews with participants from both sides of the conflict. In gripping detail, he vividly depicts the invasion of a volatile country that no power has ever successfully conquered. Parallels between the Soviet invasion of Afghanistan and the U.S. invasions of Afghanistan and Iraq are impossible to ignore—both conflicts were waged amid vague ideological rhetoric about freedom. Both were roundly condemned by the outside world for trying to impose their favored forms of government on countries with very different ways of life. And both seem destined to end on uncertain terms. A groundbreaking account seen through the eyes of the men who fought it, *The Great Gamble* tells an unforgettable story full of drama, action, and political intrigue whose relevance in our own time is greater than ever.

Industrial History of the United States Albert Sidney Bolles, 1878

American Diaries 1995 Sergei Sputnikoff, 2019-10-31 In the scorching summer heat of 1995 this story of discovery of America begins. The story of young man's peculiar journey from the Ukrainian farmlands, through the remnants of the Soviet iron curtain and into the vastly foreign world of an American urban youth camp. A humorous and heartfelt diary and first hand account of the many lessons learned and memories made when two vastly different cultures commingle in the rustic Michigan countryside.

Building a new New World Jean-Louis Cohen, 2021-01-12 An essential exploration of how Russian ideas about the United States shaped architecture and urban design from the czarist era to the fall of the U.S.S.R. Idealized representations of America, as both an aspiration and a menace, played an important role in shaping Russian architecture and urban design from the American Revolution until the fall of the Soviet Union. Jean-Louis Cohen traces the powerful concept of “Amerikanizm” and its impact on Russia’s built environment from early czarist interest in Revolutionary America, through the spectacular World’s Fairs of the 19th century, to department stores, skyscrapers, and factories built in Russia using American methods during the 20th century. Visions of America also captivated the Russian avant-garde, from El Lissitzky to Moisei Ginzburg, and Cohen explores the ongoing artistic dialogue maintained between the two countries at the mid-century and in the late Soviet era, following a period of strategic competition. This first major study of Amerikanizm in the architecture of Russia makes a timely contribution to our understanding of modern architecture and its broader geopolitics.

Behind the Urals John Scott, Stephen Kotkin, 1989 John Scott's classic account of his five years as a worker in the new industrial city of Magnitogorsk in the 1930s, first published in 1942, is enhanced in this edition by Stephen Kotkin's introduction, which places the book in context for today's readers; by the texts of three debriefings of Scott conducted at the U.S. embassy in Moscow in 1938 and published here for the first time; and by a selection of photographs showing life in Magnitogorsk in the 1930s. No other book provides such a graphic description of the life of workers under the First Five-Year Plan.

Ordinary Men Christopher R. Browning, 2013-04-16 The shocking account of how a unit of average middle-aged

Germans became the cold-blooded murderers of tens of thousands of Jews.

The German Defense Of Berlin Oberst a.D. Wilhem Willemar, 2015-11-06 Often written during imprisonment in Allied War camps by former German officers, with their memories of the World War fresh in their minds, The Foreign Military Studies series offers rare glimpses into the Third Reich. In this study Oberst a.D. Wilhem Willemar discusses his recollections of the climatic battle for Berlin from within the Wehrmacht. "No cohesive, over-all plan for the defense of Berlin was ever actually prepared. All that existed was the stubborn determination of Hitler to defend the capital of the Reich. Circumstances were such that he gave no thought to defending the city until it was much too late for any kind of advance planning. Thus the city's defense was characterized only by a mass of improvisations. These reveal a state of total confusion in which the pressure of the enemy, the organizational chaos on the German side, and the catastrophic shortage of human and material resources for the defense combined with disastrous effect. "The author describes these conditions in a clear, accurate report which I rate very highly. He goes beyond the more narrow concept of planning and offers the first German account of the defense of Berlin to be based upon thorough research. I attach great importance to this study from the standpoint of military history and concur with the military opinions expressed by the author."-Foreword by Generaloberst a.D. Franz Halder.

Midnight in Chernobyl Adam Higginbotham, 2020-02-04 A New York Times Best Book of the Year A Time Best Book of the Year A Kirkus Reviews Best Nonfiction Book of the Year 2020 Andrew Carnegie Medals for Excellence Winner From journalist Adam Higginbotham, the New York Times bestselling "account that reads almost like the script for a movie" (The Wall Street Journal)—a powerful investigation into Chernobyl and how propaganda, secrecy, and myth have obscured the true story of one of the history's worst nuclear disasters. Early in the morning of April 26, 1986, Reactor Number Four of the Chernobyl Atomic Energy Station exploded, triggering one of the twentieth century's greatest disasters. In the thirty years since then, Chernobyl has become lodged in the collective nightmares of the world: shorthand for the spectral horrors of radiation poisoning, for a dangerous technology slipping its leash, for ecological fragility, and for what can happen when a dishonest and careless state endangers its citizens and the entire world. But the real story of the accident, clouded from the beginning by secrecy, propaganda, and misinformation, has long remained in dispute. Drawing on hundreds of hours of interviews conducted over the course of more than ten years, as well as letters, unpublished memoirs, and documents from recently-declassified archives, Adam Higginbotham brings the disaster to life through the eyes of the men and women who witnessed it firsthand. The result is a "riveting, deeply reported reconstruction" (Los Angeles Times) and a definitive account of an event that changed history: a story that is more complex, more human, and more terrifying than the Soviet myth. "The most complete and compelling history yet" (The Christian Science Monitor), Higginbotham's "superb, enthralling, and necessarily terrifying...extraordinary" (The New York Times) book is an indelible portrait of the lessons learned when mankind seeks to bend the natural world to his will—lessons which, in the face of climate change and other threats, remain not just vital but necessary.

Voices from Chernobyl Svetlana Alexievich, 2015-10-16 Winner of the Nobel Prize in Literature and Winner of the National Book Critics Circle Award A journalist by trade, who now suffers from an immune deficiency developed while researching this book, presents personal accounts of what happened to the people of Belarus after the nuclear reactor accident in 1986, and the fear, anger, and uncertainty that they still live with. The Nobel Prize in Literature 2015 was awarded to Svetlana Alexievich for her polyphonic writings, a monument to suffering and courage in our time.

The Times Index, 2008 Indexes the Times and its supplements.

Firefighter Functional Fitness Jim Moss, Dan Kerrigan, 2016-07-15 Firefighter Functional Fitness is the essential guide to optimal firefighter performance and longevity. It provides all firefighters with the knowledge, mindset, and tools to: Maximize their fire ground performance Reduce their risk of injury and experiencing a line-of-duty death Live a long, healthy career and retirement Designed for firefighters by firefighters, this book shares the The 4 Pillars of Firefighter Functional Fitness: Physical Fitness Recovery and Rest Hydration Nutrition and Lifestyle It also reveals the The Big 8 concept, which includes over 100 photos and descriptions of functional exercises, movements, and stretches that are specifically designed to enhance firefighter performance. The Workout Programming chapter gives firefighters numerous options for putting The Big 8 into action, taking into account all levels of fitness. Additionally, each chapter provides practical action steps for both immediate improvement and long-term success. Must-read bonus chapters include: The Importance of Annual Medical Evaluations An Analysis of the Fire Service's Cardiovascular Epidemic Firefighter Physical Agility Assessments Addressing Organizational Barriers to Fitness Frequently Asked Questions Alarming, over the past 10 years, the fire service has suffered more than 1,000 line-of-duty deaths. Unfortunately, over 50% of these LODDs were attributed to heart attacks, strokes, and other medical causes. Firefighter Functional Fitness attacks these statistics by providing all firefighters with the tools needed to combat this epidemic. Firefighter Functional Fitness brings together the authors' combined 40+ years of fire service experience and decades of utilizing functional fitness principles. The result is an invaluable resource with the vital tools and knowledge that firefighters desperately need to not only enjoy a healthy and productive career, but also benefit with a healthy retirement.

The Bear and The Nightingale Katherine Arden, 2020-01-30 _____ Beware the evil in the woods... In a village at the edge of the wilderness of northern Russia, where the winds blow cold and the snow falls many months of the year, an elderly servant tells stories of sorcery, folklore and the Winter King to the children of the family, tales of old magic frowned upon by the church. But for the young, wild Vasya these are far more than just stories. She alone can see the house spirits that guard her home, and sense the growing forces of dark magic in the woods. . . Atmospheric and enchanting, with an engrossing adventure at its core, *The Bear and the Nightingale* is perfect for readers of Naomi Novik's *Uprooted*, Erin Morgenstern's *The Night Circus*, and Philip Pullman's *His Dark Materials*. _____ Now with over 100 5* reviews, readers are spellbound by this magical story: 'This book stayed with me, I didn't want it to end' 'A beautifully written story' 'An

entrancing story, which swept me up from the very first chapter' 'Full of magic' _____
Make sure you've read all the books in the acclaimed Winternight Trilogy 1. The Bear and the Nightingale 2. The Girl in the Tower 3. The Winter of the Witch

Little Smokey Robert Neubecker, 2019-08-06 For a brave firefighting airplane, the sky's the limit! This timeless story of teamwork and determination is perfect for kids who loved The Little Engine That Could and shows how even unlikely heroes can help their community in times of need. When forest fires blaze, the airplanes at Nif-C spring into action! Some swoop low to spray water on the flames. Others drop bright red fire retardant. Little Smokey hasn't quite figured out her job yet, but she wants to help. . . . And when a fire like no other flares up--a fire that none of the other planes can control--it's Smokey's turn to show what she's made of. Featuring useful information about wildfires and fire prevention in the back of the book, Little Smokey is a must-have for children growing up in a world where climate change makes natural disasters a common occurrence. Parents looking to teach their kids about how fires spread and what they can do about it will surely want to take flight with Little Smokey. Positively cinematic. . . . this book may look like a classic, but with forest fires ever more frequent and intense, it's truly timely. --Kirkus

The Russian School of Painting Alexandre Benois, Yarmolinsky Avrahm 1890-1975, 2018-02-07 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. Russian Firefighting Train.jpg Introduction

In the digital age, access to information has become easier than ever before. The ability to download Russian Firefighting Train.jpg has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download

Russian Firefighting Train.jpg has opened up a world of possibilities. Downloading Russian Firefighting Train.jpg provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Russian Firefighting Train.jpg has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Russian Firefighting Train.jpg. These websites range from academic databases offering research papers and journals to online libraries

with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Russian Firefighting Train.jpg. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Russian Firefighting Train.jpg, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus

software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Russian Firefighting Train.jpg has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Russian Firefighting Train.jpg Books

What is a Russian Firefighting Train.jpg PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How**

do I create a Russian Firefighting Train.jpg PDF? There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Russian Firefighting Train.jpg PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Russian Firefighting Train.jpg PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I**

password-protect a Russian Firefighting Train.jpg PDF? Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. **How do I compress a PDF file?** You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. **Can I fill out forms in a PDF file?** Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator,

such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
