Polish Saber Richard Marsden,2020-12 Polish Saber - The use of the Polish Saber on foot in the 17th century covers the history, anecdotes and use of Poland's iconic weapon. In matters of honor and personal safety the saber was the Polish nobleman's choice of arms. The concept of the duel, the form and function of the weapon, as well as source material from Poland, Italy and Germany are blended together in an interpretation presented in full-color. The work is suitable for history enthusiasts, Historical European Martial Artists and recreationists who wish to explore Poland's Commonwealth and the weapon that symbolized its nobility.

Saber Exercise 1914 George S. Patton, Jr.,Lt George S Patton Jr,2017-10-18 A true reproduction of the U.S. Army 1914 Saber Exercise written by Lt. George S. Patton, Jr. while he was Master of the Sword at Fort Riley, Kansas.

In Defense of My Saber George S Patton Jr,2017-03-06 IN DEFENSE OF MY SABER contains four articles written by George S. Patton, Jr in the years 1913 to 1917. At the time Patton was a young cavalry officer but already celebrated as the inventor of the Model 1913 Cavalry Saber (more commonly known as the

Saber Exercise 1914 Jr George S. Patton,2016-03-12 George S. Patton, Jr. authored this Army training manual, *Saber Exercise 1914* while he was still a young lieutenant. The manual provides a system of training for both mounted and on-foot use of the saber. It is reprinted here in its entirety, including all original illustrations and graphics, although the original text has been converted to modern font for ease of reading. (An earlier version with JPG images of the original text is also available for those interested in seeing what the original manual looked like. The original manual has a cover picture of a mounted cavalryman with his saber pointed to the left. This later version has the saber pointed to the right.) Patton's affinity for swordsmanship came naturally. His grandfather, Confederate Colonel George Smith Patton, Sr., was mortally wounded at the Third Battle of Winchester while wielding a sword and leading his men into combat. Before writing this training manual, Patton had already achieved celebrity status, having placed fifth in the 1912 Summer Olympics in Stockholm, Sweden. His event was the Pentathlon, combining skills at which he excelled, including horseback riding and fencing. After the Olympics Patton studied in France with a fencing master reputed to be the finest in Europe. Patton also designed what came to be known as the Patton Sword. The War Department ordered 20,000 of them in 1913. Later the same year Patton was assigned as a student and Master of the Sword, the top instructor in a new course in swordsmanship, at the Mounted Service School in Fort Riley, Kansas. It was here he wrote *Saber Exercise 1914*, using easy-to-follow steps accompanied by detailed illustrations. The following year he wrote a more informal guide, *Diary of the Instructor in Swordsmanship*, with additional insights and recommendations. Both works are historical treasures as well as modern treatises on this age-old martial art, presented by the Master himself, George Patton.

Saber Down Harrison Kone,2020-11-10 Three men must die: The Terrorist. The Arms Dealer. The Officer. Never one to leave a job undone, Captain David Shaw, a member of the elite MARSOC Raiders, is hell-bent on returning to his team in Afghanistan after a deadly ambush sends him and his career packing back to the US - but an unwanted, involuntary medical retirement is standing in his way. Invited back as a spectator to keep tabs on his team during a mission to Yemen, Shaw is forced to watch in horror as they are taken from him once again. His new mission is simple: kill those who killed his men. But who is behind their deaths? As Shaw navigates the treacheries of Middle East dealings and American interests, he must be careful who he calls friend... Or foe.

Saber First Editing,2020-12-25 Hune is not what it used to be, neither the war nor the prophecy. After losing all cities against the reisers, the human army and civilian survivors walk as prisoners through the desert. The path is dreadful, but a new perspective provides a more accurate interpretation of their past. The outside world has changed. Old beliefs must yield to darker truths, even if they create more questions than answers. Saving the world will depend on new alliances as the true evil forces set all pieces for an ultimate victory. The few that remain free will need to face old magic, find the truth in legends, and relearn their history. A lost relic holds the answer to their future. It will force them to decide what is most important. Can Commander Christopher Riddley risk more lives by choosing a path that is out of his control?In a journey full of doubts and misdirection, only the shadows of the past will lead them to tomorrow.
