**HAUNEBU: THE SECRET FILES** David Childress, 2020-01-01 David Childress, popular author and star of the History Channel show *Ancient Aliens*, brings us the incredible tale of the German flying disk known as the Haunebu. Although rumors of German flying disks have been around since the late years of WWII it was not until 1989 when a German researcher named Ralf Ettl living in London received an anonymous packet of photographs and documents concerning the planning and development of at least three types of unusual craft—craft which we would classify today as UFOs or flying saucers. Ettl went on to make several television documentaries based on the material in the packet and released most of the documents and photos to researchers in Austria and other parts of Europe. What the Ralf Ettl document dump shows us is what many have suspected for a long time: that WWII did not end in the manner in which we have been told, and a remnant of the Nazi military—particularly the SS—continued to operate flying saucers and submarines around the world in the decades after the end of the war. This activity—involving a flying saucer known as the Haunebu—was particularly notable in South America, but it ultimately involved all the continents of the world including Antarctica. Join Childress as he shows us the secret files involving the Haunebu, the Vril craft, the Andromeda craft, and others. Includes a 16-page color section. Over 120 photographs and diagrams.

**As Cataratas Shania!** Maria Helena Guedes, 2016-07-30 As cataratas ficaram entre as 28 finalistas da campanha, que durou até o fim do ano 2011 quando foi atingido o número de 1 bilhão de votos. No dia 31 de janeiro de 2012, o Google preparou um doodle especial em homenagem a descoberta das Cataratas do Iguaçu por Álvaro Núñez Cabeza de Vaca.

**Haunebu** Paul Downs, 2017-06-29 Haunebu describes the aircraft creations of the German designers, engineers and scientists during World War II.

**DEI LEGACY** Rico Paganini, 2021-10-15 After a passionate decade of spiritual research and numerous journeys to Earth's cultural and megalithic power spots, Rico Paganini can conclusively prove that all the sacred books, prophecies and the 4-cycle calendar agree in one aspect: The turning point that will change everything is upon us NOW. One man bears witness in this book, because he can no longer remain silent and may wait no longer. What he has to reveal is simply too significant for humankind: The great Plan of Creation and the Plan of Redemption that will lead aligned people towards the light. The message that he delivers must manage to reach people now. Because time is running out. Only a few years remain before the turning point to return to the divine spheres. There are perhaps just two decades remaining. The author did not choose this messenger role. Rather, he accepted that an experience he had destined him to spread the word about the Divine Legacy. He is driven neither by ambition nor a craving for recognition, but instead, love and a promise. To feel that is what makes his calling so authentic and touching. For him it is like the person who discovers that a medicinal herb can heal a terrible illness. And now nothing can and may prevent him from informing all those who have the illness before it is too late. He does not expect gratitude. He does not need personal recognition. Only one thing matters to him: that the ascension of souls is successful. And that is what DEI LEGACY is all about the most important healing of all. Just that! And that is everything. This book reveals a wondrous holistic view to all those who are able to receive its message without preconceptions and with the strength of their hearts, as well as a wonderful perspective of this uncertain and fearful time at the beginning of the 3rd millennium.

**Plunder** Menachem Kaiser, 2021-03-16 A New York Times Critics' Best Nonfiction Book of 2021 Canadian Jewish Literary Award for Biography From a gifted young writer, the story of his quest to reclaim his family's apartment building in Poland—and of the astonishing entanglement with Nazi treasure hunters that follows Menachem Kaiser's brilliantly told story, woven from improbable events and profound revelations, is set in motion when the author takes up his Holocaust-survivor grandfather's former battle to reclaim the family's apartment building in Sosnowiec, Poland. Soon, he is on a circuitous path to encounters with the long-time residents of the building, and with a Polish lawyer known as "The Killer." A surprise discovery—that his grandfather's cousin not only survived the war, but wrote a secret memoir while a slave laborer in a vast, secret Nazi tunnel

complex—leads to Kaiser being adopted as a virtual celebrity by a band of Silesian treasure seekers who revere the memoir as the indispensable guidebook to Nazi plunder. Propelled by rich original research, Kaiser immerses readers in profound questions that reach far beyond his personal quest. What does it mean to seize your own legacy? Can reclaimed property repair rifts among the living? Plunder is both a deeply immersive adventure story and an irreverent, daring interrogation of inheritance—material, spiritual, familial, and emotional.

Hitler's Flying Saucers Henry Stevens, 2012-11-29 WWII expert Stevens shows us the incredible and suppressed technology of the Third Reich and their desire to create highly advanced “wingless” aircraft—yes, flying saucers! Learn why the Schriever-Habermohl project was actually two projects and read the written statement of a German test pilot who actually flew one of these saucers; about the Leduc engine, the key to Dr. Miethes saucer designs; how US government officials kept the truth about foo-fighters hidden for almost sixty years and how they were finally forced to come clean about the German origin of foo fighters. Learn of the Peenemuende saucer project and how it was slated to go atomic. Read the testimony of a German eyewitness who saw magnetic discs. Read the U.S. government's own reports on German field propulsion saucers. Read how the post-war German KM-2 field propulsion rocket worked. Learn details of the work of Karl Schappeller and Viktor Schauberger. Learn how their ideas figure in the quest to build field propulsion flying discs. Find out what happened to this technology after the war. Find out how the Canadians got saucer technology directly from the SS. Find out about the surviving Third Power of former Nazis. Learn of the US government's methods of UFO deception and how they used the German Sonderbueroll as the model for Project Blue Book.

The Truth about the Wunderwaffe Igor Witkowski, 2013-01 Original Polish edition was published in 2002 by WIS-2 Publishing Company, Warsaw.

Vimana David Hatcher Childress, 2013-12-18 According to early Sanskrit texts the ancients had several types of airships called vimanas. Like aircraft of today, vimanas were used to fly through the air from city to city; to conduct aerial surveys of uncharted lands; and as delivery vehicles for awesome weapons. David Hatcher Childress, popular Lost Cities author and star of the History Channel's long-running show Ancient Aliens, takes us on an astounding investigation into tales of ancient flying machines. In his new book, packed with photos and diagrams, he consults ancient texts and modern stories and presents astonishing evidence that aircraft, similar to the ones we use today, were used thousands of years ago in India, Sumeria, China and other countries. This means that these ancient civilizations had advanced metal technology, electricity and the engineering knowledge of flight many thousands of years before our own era of flight technology. Childress discusses ancient UFO sightings, the fascinating lore of ancient flight and the technology allegedly used in the flying machines of the ancients.

**Antarctica and the Secret Space Program** David Childress, 2020-05-20 David Childress, popular author and star of the History Channel show Ancient Aliens, brings us the incredible tale of Nazi submarines and secret weapons in Antarctica and elsewhere. He looks into the strange life and death of Rudolf Hess, as well as the mystery of James Forrestal and the secret group called MJ-12. He examines Operation Highjump led by Admiral Richard Byrd in 1947 and the battle that he apparently had in Antarctica with flying saucers. Through “Operation Paperclip,” the Nazis infiltrated aerospace companies, banking, media, and the US government, including NASA and the CIA after WWII. He reveals that the Nazis had built secret bases in a variety of places during WWII, including Greenland, the Canary Islands, Tibet and Antarctica. Childress discusses the secret U-boat fleet that patrolled the Atlantic and Antarctic Oceans for decades after the war. He looks into the secret German space program and its flying disks and tubular aircraft; the secret technology involved, including anti-gravity propulsion technology; underground and under ice bases; strange things happening in South America; and secret bases on the Moon and Mars. Childress looks at the possible merger of Nazi assets in Antarctic with the Americans' and the use of Antarctica as a space base for traffic to secret space stations in orbit and below the surface of the Moon. The author looks at military space programs such as Solar Warden, Lunex and Project Horizon. Does the US Space

Force have a secret space program that maintains huge ships in orbit around the Earth and employs hundreds of astronauts as crew for these vehicles? Includes a 16-page color section.

**Vimana Aircraft of Ancient India & Atlantis** David Hatcher Childress, 1991 Did the ancients have the technology of flight? In this incredible volume on ancient India, authentic Indian texts such as the Ramayana and the Mahabharata, are used to prove that ancient aircraft were in use more than four thousand years ago. Included in this book is the entire Fourth Century BC manuscript Vimaanika Shastra by the ancient author Maharishi Bharadwaaja, translated into English by the Mysore Sanskrit professor G.R. Josyer. Also included are chapters on Atlantean technology, the incredible Rama Empire of India and the devastating wars that destroyed it. Also an entire chapter on mercury vortex propulsion and mercury gyros, the power source described in the ancient Indian texts. Not to be missed by those interested in ancient civilizations or the UFO enigma. Tons of illustrations!

**Nazi Moonbase** Graeme Davis, 2016-04-21 In the dying days of World War II, Nazi Germany spent increasingly large amounts of its dwindling manufacturing capability on the construction of a small fleet of flying saucers capable of travel beyond the atmosphere. While these saucers were too few in number to affect the eventual outcome of the war, they did allow for a small, but fanatical Nazi group to escape Germany, first to Antarctica, and then on to the moon! For the first time, the history of the Nazi space program has been revealed - with a focus on the design, construction, and layout of the moonbase. Using detailed maps, the entire moonbase is reconstructed, noting the locations of various important features, such as weapon emplacements, the Vril generator, the air recyclers and water extractors. The book also covers the various attempt by the allies to overcome this last Nazi stronghold through both subterfuge and outright battle.

**Dark Star** Henry Stevens, 2011 Even though dozens of top Nazi scientists were persuaded to switch their allegiance to the United States (or other Allied nations) through Operation Paperclip at the end of World War II, many innovators continued working under their original allegiance to the Third Reich. Operating from secret bases in Norway, Greenland, the Canary Islands, Antarctica and South America, these scientists developed astonishing technologies and a postwar Nazi power structure called the 'Dritte Macht' or Third Power. Stevens painstakingly provides the details, function and location, of several of these bases while revealing the underlying technologies being developed-they are interrelated in unexpected ways, and Stevens' fluency in German aids in his being able to present brand new evidence from documents and testaments translated by him for the first time. Stevens details how Hans Kammler survived the war, and set up shop in Prague. Together with Otto Skorzeny and his South American group and Reinhard Gehlen and his crew in Munich, Kammler lifted the 'Nazi International' into the Third Power, an information-based organization integral to the functioning of the Cold War.

**Reich of the Black Sun** Joseph P. Farrell, 2012-09-04 Why were the Allies worried about an atom bomb attack by the Germans in 1944? Why did the Soviets threaten to use poison gas against the Germans? Why did Hitler in 1945 insist that holding Prague could win the war for the Third Reich? Why did US General George Patton's Third Army race for the Skoda works at Pilsen in Czechoslovakia instead of Berlin? Why did the US Army not test the uranium atom bomb it dropped on Hiroshima? Why did the Luftwaffe fly a non-stop round trip mission to within twenty miles of New York City in 1944? Reich of the Black Sun takes the reader on a scientific-historical journey in order to answer these questions. Arguing that Nazi Germany actually won the race for the atom bomb in late 1944, Reich of the Black Sun then goes on to explore the even more secretive research the Nazis were conducting into the occult, alternative physics and new energy sources. The book concludes with a fresh look at the Nazi Legend of the UFO mystery by examining the Roswell Majestic-12 documents and the Kecksburg crash in the light of parallels with some of the super-secret black projects being run by the SS. Reich of the Black Sun is must-reading for the researcher interested in alternative history, science, or UFOs!

**Beyond Esoteric** Brad Olsen, 2021-01-14 Nothing in this world works the way you think it does; there is always more to the story. Be aware that there is a war for your mind and your soul.

Corporations have taken over governments in a new form of Fascism that now incorporates high technology and artificial intelligence. The survival of the human race may depend on breaking the Embargo of truth, and collectively developing an ÜberMind. But truth always resonates! Beyond Esoteric takes off the kids gloves, and exposes the control grid extending its tentacles across the planet. The word occult means nothing more than to study the realm of the hidden. So much of real knowledge and wisdom is disguised because the people who run the planet feel that true information of how the world works and how to manifest reality is something you do not need to know.

Everything we think we know about the world and the universe in which we live, whatever we have been led to believe concerning the course of human history, could very well be completely wrong, distorted and misinformed. The 19th century teachers of the occult could never have imagined The Ultimate Journey of the 21st century we now face, one that extends far Beyond Esoteric.

**SECRET MARS** M. J. Craig, 2020-01-01 Why has NASA not announced to the world the greatest scientific discovery ever made in the history of space exploration? Do you want to know what has really been discovered by the orbiters and rovers on the planet Mars? While scientists spend billions of dollars confirming that microbes live in the Martian soil, people sitting at home on their computers studying the Mars images are making far more astounding discoveries... they have found the possible archaeological remains of an extraterrestrial civilization. Hard to believe? Well, this challenging book invites you to take a look at the astounding pictures yourself and make up your own mind. Secret Mars presents over 160 incredible images taken by American and European spacecraft that reveal possible evidence of a civilization that once lived and may still live, on the planet Mars... powerful evidence that scientists are ignoring! This is the complete revised edition from the original 2013 publication in Britain. A visual and fascinating book!

**LOST CITIES & ANCIENT MYSTERIES OF THE SOUTHWEST** David Hatcher Childress, 2011-03-22 Popular Lost Cities author David Hatcher Childress takes to the road again in search of lost cities and ancient mysteries. This time he is off to the American Southwest, traversing the region's deserts, mountains and forests investigating archeological mysteries and the unexplained. Join David as he starts in northern Mexico and searches for the lost mines of the Aztecs. It's a full-tilt blast down the back roads of the Southwest in search of the weird and wondrous mysteries of the past!

*The Truth about Flying Saucers* Aimé Michel, 1974

Inside the Space Ships George Adamski, 2018-03-12 What has happened to George Adamski since he wrote the famous incidents in *Flying Saucers Have Landed*? Since the memorable November 20, 1952, when he first made personal contact with a man from another world? Since December 13, 1952 when he was able to make photographs within 100 feet of the same saucer that had brought his original visitor? Inside *The Space Ships* is Adamski's own story of what has happened to him since then. It begins with his first meeting, a few months later, with a second man from another world—his first meeting with one who speaks to him. This second visitor brings him to a Venusian Scout (flying saucer) and this, in turn, brings him to a mother ship. Later he is conveyed in both a Saturnian Scout and a Saturnian mother ship. Adamski tells us what transpires in these space craft and what the men and women from other worlds have told him. Adamski's photographs of flying saucers, originally published in *Flying Saucers Have Landed*, have since become world-famous as other witnesses in other parts of the world have succeeded in taking photographs identical with his. Now, however, in *Inside The Space Ships*, Adamski gives us 16 photographs and

illustrations, no longer of Scouts (flying saucers) mostly, but of the great space ships from which they are launched. The main group of these photographs was taken in April, 1955, and neither the photographs nor a description of them has ever been published before.
