The Ghost Tree and Other Eerie Tales Anthony Holcroft, 2009

This collection of spooky stories is designed to give you chills. With tales of mystical cabbage trees able to move from place to place, not-so-harmless house guests and music that bridges the gap between the dead and the living, there's a story here for everyone.

The Ghost Tree Christina Henry, 2020-09-08 When people go missing in the sleepy town of Smith's Hollow, the only clue to their fate comes when a teenager starts having terrifying visions, in a chilling horror novel from national bestselling author Christina Henry. When the bodies of two girls are found torn apart in the town of Smiths Hollow, Lauren is surprised, but she also expects that the police won't find the killer. After all, the year before her father's body was found with his heart missing, and since then everyone has moved on. Even her best friend, Miranda, has become more interested in boys than in spending time at the old ghost tree, the way they used to when they were kids. So when Lauren has a vision of a monster dragging the remains of the girls through the woods, she knows she can't just do nothing. Not like the rest of her town. But as she draws closer to answers, she realizes that the foundation of her seemingly normal town might be rotten at the center. And that if nobody else stands for the missing, she will.

Ghost Trees Bob Gilbert, 2022-07-21 A joyous hymn to the urban wild. Patrick Barkham Even in the brick and concrete heart of our cities, nature finds a way. Birds and mammals, insects, plants and trees – they all manage to thrive in the urban jungle, and Bob Gilbert is their champion and their chronicler. He explores the hidden wildlife of the inner city and its edgelands, finding unexpected beauty in the cracks and crannies, and uncovering the deep and essential

relationship that exists between people and nature when they are bound together in such close proximity. Beginning from Poplar, the East End area in which he lives, Bob explores, in particular, our relationship with the trees that have helped shape London; from the original wildwood through to the street trees of today. He draws from history and natural history, poetry and painting, myth and magic, and a great deal of walking, observing and listening. Beautifully written, passionate and defiant, *Ghost Trees* tells the secrets and stories of the urban wildscape, of glorious nature resilient and resurgent on our very doorsteps. 'Full of deep truths and improbable marvels, this beautifully observed book is a joyous hymn to the urban wild and a clarion call for better – greener, wilder – cities.' Patrick Barkham, natural history writer Praise for Bob Gilbert's *The Green London Way*: 'More than ever now, as edgeland becomes a value to be fought over, we need the sanity and the calm informative voice of walkers like Bob Gilbert. This is more than an elegy, it's an inspiration: open your eyes, see what is there and not what you are told is there.' Iain Sinclair

Life In Miniature Linda Schlossberg, 2010-12-01 From a powerful

new voice in fiction comes a compelling debut about the delicate bond between daughters and mothers, and about leaving everything you know in order to find the place where you belong. Adie has always known she was different. There's her size, for one thing. Born three months premature, Adie is the smallest of her peers. Then there's Adie's mother, who at first glance seems like so many other 1980s moms--clipping coupons and attending Feel the Burn aerobics classes. But beneath the surface is something erratic and unpredictable, something that makes her drag Adie and her older sister, Miriam, from one rental apartment to the next--until Miriam runs away. Adie is left behind with her mother, who is convinced their lives are in real danger and takes Adie on a crazy run across northern California. Now Adie faces a stark choice: submit to this increasingly surreal adventure, or grow up in ways she never imagined. . . Life in Miniature is a stunning double portrait, subtly capturing a daughter's misconceptions of her mother's delusions--while simultaneously revealing the consequences for both--in a compulsively readable and deeply insightful first novel. --Jonathon Keats, author of *The Book of the Unknown* . . . a book of intelligence and grace that will make you laugh and cry. --Terry Gamble, author of *Good Family*

Linda Schlossberg received her PhD in English literature from Harvard University, where she is the Assistant Director of the Women, Gender, and Sexuality Studies program. Her fiction has been recognized by the Pacific Northwest Writers Association, the National League of American PEN Women, and Writers at Work. She has also received research and writing grants from the Andrew W. Mellon Foundation, as well as several awards for excellence in teaching. Linda lives in Cambridge, Massachusetts.

Xylotheque Yelizaveta P. Renfro, 2014 Combining memoir and nature writing, this book comprises nine essays that represent different seasons and slices of time, not unlike the rings of a tree. No two rings are alike, but each accretes to the next, creating, section by section, a life.

Christmas Tree! Florence Minor, 2005-09-27 If you were a Christmas tree, what kind of tree would you be? A mighty tree or a tiny tree? A city tree or a country tree? A tree with curious features or a tree made just for creatures? Voyaging from cities to plains and in renderings of things miniature to grand, Wendell and Florence Minor lead young readers on an imaginative journey across America in tribute to one of our most beloved symbols -- the Christmas tree.

The Giving Tree Shel Silverstein, 1964 A young boy grows to manhood and old age experiencing the love and generosity of a tree which gives to him without thought of return.

The Living Age, 1848

Ghost Hunters of the South Alan Brown, 2006 Southerners are accustomed to hearing stories of a residence, an old hotel, a mansion, or a battlefield being haunted. In *Ghost Hunters of the South*, Alan Brown shows that ghostlore is no longer enough for some. The forty-four ghost hunting groups he profiles in this book pack cameras, Geiger counters, thermal scanners, oscilloscopes, tape recorders, computers, and dowsing rods to find and record elusive proof of supernatural activity. With candor, the directors and team members reveal the passions and even obsessions that lead them to this expensive, time-consuming, and sometimes dangerous and chilling pursuit of evidence of the spirit realm. Brown interviews enthusiasts from twelve states--Alabama, Arkansas, Florida, Georgia, Kentucky,

Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas, and Virginia. *Ghost Hunters of the South* takes the reader along on exciting and fearful investigations of places such as the Myrtles, St. Francis Inn, Chickamauga Battlefield, Bob Mackey's Music World, Old Talbott Tavern, North Carolina State Capitol, Granberry Opera House, and 17Hundred90 Inn and Restaurant. Brown participates in some of the investigations to gain a full and objective understanding of teachers, doctors, accountants, housewives, and law enforcement personnel, who devote much of their free time to a quest that many outsiders view with skepticism if not scorn. In fascinating, frightening, and sometimes humorous accounts, Brown highlights the determination of these individuals to answer the question: What happens to the soul after death?. Alan Brown is a professor of English and director of the Writing Center at the University of West Alabama.
