Routledge Handbook of Indian Cinemas K. Moti Gokulsing, Wimal Dissanayake, 2013-04-17 India is the largest film producing country in the world and its output has a global reach. After years of marginalisation by academics in the Western world, Indian cinemas have moved from the periphery to the centre of the world cinema in a comparatively short space of time. Bringing together contributions from leading scholars in the field, this Handbook looks at the complex reasons for this remarkable journey. Combining a historical and thematic approach, the Handbook discusses how Indian cinemas need to be understood in their historical unfolding as well as their complex relationships to social, economic, cultural, political, ideological, aesthetic, technical and institutional discourses. The thematic section provides an up-to-date critical narrative on diverse topics such as audience, censorship, film distribution, film industry, diaspora, sexuality, film music and nationalism. The Handbook provides a comprehensive and cutting edge survey of Indian cinemas, discussing Popular, Parallel/New Wave and Regional cinemas as well as the spectacular rise of Bollywood. It is an invaluable resource for students and academics of South Asian Studies, Film Studies and Cultural Studies.

Fakira Anna Bhau Sathe, 2022-03 Dalit literature particularly fiction, autobiography and poetry has emerged as a vital modern literary force in India. The scope and richness of this literature is brilliantly exemplified by novels like *Fakira* which is the landmark novel in the foundation of Dalit literature in India. Authors like Anna Bhau Sathe illustrate experiences of caste discrimination, untouchability, and Dalit subjugation. The undaunted and ceaseless battle of the protagonist *Fakira* for the collective welfare of his community forms the core of the narrative. He revolts against the rural orthodox caste system and the British Raj to save his village from utter starvation, humiliation and death.

The Connection Stephen F. Hayes, 2009-03-17 In the wake of 9/11 no one knew when the next attack would come, or where it would come from. America's enemies seemed gathered on all sides, and for several nerve-racking months, we lived in fear that the perpetrators might be plotting another action or, worse, that our most dangerous enemies -- al Qaeda and Saddam Hussein's murderous regime in Iraq -- could be banding together against us. The Bush administration and CIA director George Tenet warned against complacency and pointed to growing indications that al Qaeda and Iraq were in league. But their case was undercut by unnamed intelligence officials, skeptical politicians, and a compliant media. So America relaxed. A comforting consensus settled in: Osama bin Laden was an impassioned fundamentalist, Saddam a secular autocrat. The two would never, could never, work together. ABC News reported that there was no connection between them, and the New York Times said so too, and pretty soon just about everyone agreed. Just about everyone was wrong. In *The Connection*, Stephen Hayes draws on CIA debriefings, top-secret memos from our national intelligence agencies, and interviews with Iraqi military leaders and Washington insiders to demonstrate that Saddam and bin Laden not only could work together, they did -- a curious relationship that stretches back more than a decade and may include collaboration on terrorist acts, chemical-weapons training, and sheltering some of the world's most wanted radicals. Stephen Hayes's bombshell *Weekly Standard* piece on this topic was cited by Vice President Cheney as the best source of information about the Saddam-al Qaeda connections. Now Hayes delves even deeper, exposing the inner workings of America's deadliest opponents and providing a clear-eyed corrective to reams of underreported, politicized, and just plain wrong information. *The Connection* is both a gripping snapshot of the War on Terror and a case study in how bureaucratic assumptions and media arrogance can put us all at risk.

Midaq Alley Naguib Mahfouz, 2016-06-15 Widely acclaimed as Naguib Mahfouz's best novel, *Midaq Alley* brings to life one of the hustling, teeming back alleys of Cairo in the 1940s. From Zaita the cripple-maker to Kirsha the hedonistic cafe owner, from Abbas the barber who mistakes greed for love to Hamida who sells her soul to escape the alley, from waiters and widows to politicians, pimps, and poets, the inhabitants of *Midaq Alley* vividly evoke Egypt's largest city as it teeters on the brink of change. Never has Nobel Prize-winner Mahfouz's talent for rich and luxurious storytelling been more evident than here, in his portrait of one small street as a microcosm of the world on the threshold of modernity.

Risen Cole Gibsen, 2018-03-27 Fans of *Vampire Diaries* and *Twilight* will be thirsting for this latest vampire addiction... My aunt has been kidnapped by vampires, and it's up to me to save her. Only...I had no idea vampires existed. None. Nada. I'm more of a reader than a fighter, and even though I'd been wishing to escape my boring existence in the middle of nowhere, I'd give anything to have it back now if it meant my aunt was safe. Then there's the vampire Sebastian, who seems slightly nicer than most of the bloodsuckers I've run into so far. Yes, he's the hottest being I've ever come across, but there's no way I can trust him. He swears he's helping me get answers, but there's more to his story. Now I'm a key pawn in a raging vampire war, and I need to pick the right ally. But my chances of surviving this war are slim at best, when the side I choose might be the one that wants me dead the most.

Her husband is a workaholic, her teenage kids have their own lives, her senile mother-in-law needs constant care, and she's always a step behind on her endless to-do list. The only thing keeping her sane is her book club, a close-knit group of Charleston women united by their love of true crime. At these meetings they're as likely to talk about the Manson family as they are about their own families. One evening after book club, Patricia is viciously attacked by an elderly neighbor, bringing

the neighbor's handsome nephew, James Harris, into her life. James is well traveled and well read, and he makes Patricia feel things she hasn't felt in years. But when children on the other side of town go missing, their deaths written off by local police, Patricia has reason to believe James Harris is more of a Bundy than a Brad Pitt. The real problem? James is a monster of a different kind—and Patricia has already invited him in. Little by little, James will insinuate himself into Patricia's life and try to take everything she took for granted—including the book club—but she won't surrender without a fight in this blood-soaked tale of neighborly kindness gone wrong.

INDIA'S NEW CAPITALISTS Harish Damodaran,2018-11-25 It's no secret that certain social groups have predominated India's business and trading history, with business traditionally being the preserve of particular 'Bania' communities. However, the past four or so decades have seen a widening of the social base of Indian capital, such that the social profile of Indian business has expanded beyond recognition, and entrepreneurship and commerce in India are no longer the exclusive bastion of the old mercantile castes. In this meticulously researched book ? acclaimed for being the first social history to document and understand India's new entrepreneurial groups ? Harish Damodaran looks to answer who the new 'wealth creators' are, as he traces the transitional entry of India's middle and lower peasant castes into the business world. Combining analytical rigour with journalistic flair, India's New Capitalists is an essential read for anyone seeking to understand the culture and evolution of business in contemporary South Asia.
