Seveveves Neal Stephenson,2015-05-19 From the #1 New York Times bestselling author of Anathem, Reamde, and Cryptonomicon comes an exciting and thought-provoking science fiction epic—a grand story of annihilation and survival spanning five thousand years. What would happen if the world were ending? A catastrophic event renders the earth a ticking time bomb. In a feverish race against the inevitable, nations around the globe band together to devise an ambitious plan to ensure the survival of humanity far beyond our atmosphere, in outer space. But the complexities and unpredictability of human nature coupled with unforeseen challenges and dangers threaten the intrepid pioneers, until only a handful of survivors remain . . . Five thousand years later, their progeny—seven distinct races now three billion strong—embark on yet another audacious journey into the unknown . . . to an alien world utterly transformed by cataclysm and time: Earth. A writer of dazzling genius and imaginative vision, Neal Stephenson combines science, philosophy, technology, psychology, and literature in a magnificent work of speculative fiction that offers a portrait of a future that is both extraordinary and eerily recognizable. As he did in Anathem, Cryptonomicon, the Baroque Cycle, and Reamde, Stephenson explores some of our biggest ideas and perplexing challenges in a breathtaking saga that is daring, engrossing, and altogether brilliant.

Some lines should never be crossed. Sixteen-year-old Kadee is proud to be a part of the Obsidian guild, whose members refuse to bow to anyone in Midnight—including the vampires who claim to rule this world and the shapeshifter royals who obey them. She knows firsthand what it's like to live with the Shantel and serpiente, and she'll never forgive these shapeshifters for taking her from her real father as a sick and frightened human child. Fortunately, Kadee is the master of her own life and decisions now, but some of the choices she's made to protect her Obsidian family—and one of her peers in the guild—have begun to haunt her. Praise for Bloodkin: Like all of Atwater-Rhodes' heroines, Kadee is brave and brash but still has
