Under the Harvest Moon Robin Hale,2019-06-21 Laurel Pearson is ready for adventure. The sort of adventure that means finding your people and discovering yourself and — well, it turns out that her adventure mostly looks like a studio apartment in a new city, a job at a quirky little bookshop, and humiliating herself in front of the most gorgeous woman she’s ever seen. Typical. But Laurel can’t shake the feeling that there’s more going on. The bookshop sells silver amulets and dried herbs alongside their truly impressive poetry section, and that gorgeous woman crackles with secrets. And the bookclub? It might be a coven. There’s something coming. Something changing. And Laurel would swear that Rhea Barnes — the gruff, hot gardener with the intriguing scars — is the key to understanding all of it. Can Laurel convince Rhea to take a chance on her and find out what’s pulling them together? Under the Harvest Moon is a complete F/F romance with grumpy gardeners, curious bookshop clerks, magic, and kisses in the moonlight!

Harvest Moon Robyn Carr,2015-12-29 Return to Virgin River with the books that started it all...The recipe for happiness: making it up as you go along Rising sous-chef Kelly Matlock’s sudden collapse at work is a wake-up call. Disillusioned and burned out, she’s retreated to her sister Jillian’s house in Virgin River to rest and reevaluate. Puttering in Jill’s garden and cooking with her heirloom vegetables is wonderful, but Virgin River is a far cry from San Francisco. Kelly’s starting to feel a little too unmotivated...until she meets Lief Holbrook. The handsome widower looks more like a lumberjack than a sophisticated screenwriter—a combination Kelly finds irresistible. But less appealing is Lief’s rebellious stepdaughter, Courtney. She’s the reason they moved from LA, but Courtney’s finding plenty of trouble even in Virgin River. Kelly’s never fallen for a guy with such serious baggage, but some things are worth fighting for. Besides, a bratty teenager can’t be any worse than a histrionic chef...right? Don't miss Robyn Carr's next uplifting novel, The Friendship Club, where four women come together at a tumultuous time in their lives, forging an unbreakable bond that will leave them all forever changed—available January 2024! After oil was discovered beneath their land, the Osage rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one, the Osage began to be killed off. The family of an Osage woman, Mollie Burkhart, became a prime target. One of her relatives was shot. Another was poisoned. And it was just the beginning, as more and more Osage were dying under mysterious circumstances, and many of those who dared to investigate the killings were themselves murdered. As the death toll rose, the newly created FBI took up the case, and the young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to try to unravel the mystery. White put together an undercover team, including a Native American agent who infiltrated the region, and together with the Osage began to expose one of the most chilling conspiracies in American history. Blood, Sweat, and Pixels Jason Schreier,2017-09-05 NATIONAL BESTSELLER “The stories in this book make for a fascinating and remarkably complete pantheon of just about every common despair and every joy related to game development.” — Rami Ismail, cofounder of Vlambeer and developer of Nuclear Throne Developing video games—hero's journey or fool's errand? The creative and technical logistics that go into building today's hottest games can be more harrowing and complex than the games themselves, often seeming like an endless maze or a bottomless abyss. In Blood, Sweat, and Pixels, Jason Schreier takes readers on a fascinating odyssey behind the scenes of video game development, where the creator may be a team of 600 overworked underdogs or a solitary geek genius. Exploring the artistic challenges, technical impossibilities, marketplace demands, and Donkey Kong-sized monkey wrenches thrown into the works by corporate, Blood, Sweat, and Pixels reveals how bringing any game to completion is more than Sisyphean—it's nothing short of miraculous. Taking some of the most popular, bestselling recent games, Schreier immerses readers in the hellfire of the development process, whether it's RPG studio Bioware's challenge to beat an impossible schedule and overcome countless technical nightmares to build Dragon Age: Inquisition; indie developer Eric Barone's single-handed efforts to grow country-life RPG Stardew Valley from one man's vision into a multi-million-dollar franchise; or Bungie spinning out from their corporate overlords at Microsoft to create Destiny, a brand new universe that they hoped would become as iconic as Star Wars and Lord of the Rings—even as it nearly ripped their studio apart. Documenting the round-the-clock crunches, buggy-eyed burnout, and last-minute saves, Blood, Sweat, and Pixels is a journey through development hell—and ultimately a tribute to the dedicated diehards and unsung heroes who scale mountains of obstacles in their quests to create the best games imaginable.

The gorgeous artwork and simple sense of wonder will inspire children to explore their environment.
