Spacehawk Basil Wolverton, 2012-12-07 The complete collection of Wolverton's legendary costumed crusader. Basil Wolverton is one of the greatest, most idiosyncratic talents in comic book history. Though he is best known for his humorous grotesqueries in MAD magazine, it is his science-fiction character Spacehawk that Wolverton fans have

most often demanded be collected. The wait is over, as The Complete Spacehawk features every story from Spacehawk's intergalactic debut in 1940 to his final, Nazi-crushing adventure in 1942. Spacehawk is the closest thing to a colorfully-costumed, conventional action hero Wolverton ever created, yet the strip is infused with Wolverton's quintessential weirdness: controlled, organic artwork of strangely repulsive aliens and monsters and bizarre planets, and stories of gruesome retribution that bring to mind Wolverton's peer, Fletcher Hanks. Spacehawk had no secret identity, no fixed base of operations beyond his spaceship, and no sidekicks or love interests. He had but one mission in life: to protect the innocent throughout the Solar System, and to punish the guilty. He was a dark – yet much more visually playful – counterpart to Buck Rogers and Flash Gordon.

Music Scenes Andy Bennett, Richard A. Peterson, 2004 While more than 80 percent of the world's commercial music is controlled by four multinational firms, most music is made and enjoyed in diverse situations divorced from such corporate behemoths. These fourteen original essays examine the fascinating world of music scenes, those largely inconspicuous sites where clusters of musicians, producers, and fans explore their common musical tastes and distinctive lifestyle choices. Although most music scenes come and go with hardly a trace, they nevertheless give immense satisfaction to their participants, and a few – New York bop jazz, Merseybeat, Memphis rockabilly, London punk, Bronx hip-hop – achieve fame and spur musical innovations. To date, serious study of the scenes phenomenon has focused mainly on specific music scenes while paying less attention to recurrent dynamics of scene life, such as how individuals construct and negotiate scenes to the various activities. This volume remedies that neglect. The editors distinguish between three types of scenes – local, translocal, and virtual – which provide the organizing framework for the essays. Aspects of local scenes, which are confined to specific areas, are explored through essays on Chicago blues, rave, karaoke, teen pop, and salsa. The section on translocal scenes, which involve the coming together of scattered local scenes around a particular type of music and lifestyle, includes articles on Riot Grrrls, goths, art music, and anarcho-punk. Aspects of virtual scenes, in which fans communicate via the internet, are illustrated using alternative country, the Canterbury sound, postrock, and Kate Bush fans. Also included is an essay that shows how the social conditions in places where jazz was made influenced that music's development.

If Anything Happens I Love You Will McCormack, Michael Govier, 2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose's soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. *If Anything Happens I Love You* may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.
