Fanciful Paper Projects Sandra Evertson, 2005 New in Paper The beauty of vintage paper is at the core of the absolutely captivating projects that author Sandra Evertson calls Posh Little Follies. She has created a unique selection of enchanting little theaters, bandboxes, ornaments, and art dolls. Best of all, Sandra makes it fun for everyone else to craft them, too. The instructions are easy to follow and the elements can be color-copied straight from the book—even the actual rare papers she used. Some of the items feature embellishments such as ribbon, while others glisten with rhinestones and beads. Among the charming projects: a Prima Ballerina doll; Theatre La Rousse, complete with a Pierrot; Cupcake Papier Mache Box; and paper posies with fanciful faces to plant in pots.

Where Do Babies Come From? Jillian Roberts, 2015-10-13 An engaging introduction for very young children to the basic facts of life in a way that is gentle, age-appropriate and accessible. Research shows that children are learning about sex at an increasingly young age and often from undesirable sources. The Q&A format, with questions posed in the child's voice and answers starting simply and becoming gradually more in-depth, allows the adult to guide the conversation to a natural and satisfying conclusion. Additional questions at the back of the book allow for further discussion. Child psychologist Dr. Jillian Roberts designed the Just Enough series to empower parents/caregivers to start conversations with young ones about difficult or challenging subject matter. Other books in the series deal with diversity, death, separation and divorce.

The Little Follies Eric Kraft,1995-01-15 In 1962, as a college sophomore, Eric Kraft fell asleep in the library. Among the books surrounding him, he began to dream...of a nameless boy, sitting on a dilapidated dock in the warm sun of a summer day, playing a game: He was trying to bring the soles of his bare feet as close as he could to the surface of the water, without touching it. That boy became Peter Leroy, and from Kraft's dream grew one of the most delightful, unusual projects in contemporary literature. Funny, touching, witty, mythic, and profound, Kraft's novels, featuring Peter, his friends and family, and the seaside town of Babbington create an alternate reality-a world in which we see ourselves, darkened and wavering, as reflected by deep water. Little Follies gathers nine Peter Leroy novellas into one volume: the perfect introduction to an irresistible cycle of books by an author sometimes compared to Cheever, Proust, Twain, Borges, Russel Baker, and Garrison Keillor, but who is uniquely Eric Kraft.

How to Do Nothing Jenny Odell,2020-12-29 ** A New York Times Bestseller ** NAMED ONE OF THE BEST BOOKS OF THE YEAR BY: Time • The New Yorker • NPR • GQ • Elle • Vulture • Fortune • Boing Boing • The Irish Times • The New York Public Library • The Brooklyn Public Library A complex, smart and ambitious book that at first reads like a self-help manual, then blossoms into a wide-ranging political manifesto.—Jonah Engel Bromwich, The New York Times Book Review One of President Barack Obama's Favorite Books of 2019 Porchlight's Personal Development & Human Behavior Book of the Year In a world where addictive technology is designed to buy and sell our attention, and our value is determined by our 24/7 data productivity, it can seem impossible to escape. But in this inspiring field guide to dropping out of the attention economy, artist and critic Jenny Odell shows us how we can still win back our lives. Odell sees our attention as the most precious—and overdrawn—resource we have. And we must actively and continuously choose how we use it. We might not spend it on things that capitalism has deemed important ... but once we can start paying a new kind of attention, she writes, we can undertake bolder forms of political action, reimagine humankind's role in the environment, and arrive at more meaningful understandings of happiness and progress. Far from the simple anti-technology screed, or the back-to-nature meditation we read so often, How to do Nothing is an action plan for thinking outside of capitalist narratives of efficiency and techno-determinism. Provocative, timely, and utterly persuasive, this book will change how you see your place in our world.
