Anthocyanins from Natural Sources Marianne Su-Ling Brooks,Giovana B Celli,2019-02-11 Interest in anthocyanins has increased in the past few years, due to their potential health-promoting properties as dietary antioxidants. Previously they were known as an important class of natural colorant, orange-red to blue-violet, found in fruits such as berries and in vegetables. This book discusses ways of targeting the delivery of these compounds, through manipulation of exploitation mechanisms. It addresses all aspects from extraction of anthocyanins from natural sources, their health benefits and metabolism to specialized controlled release applications. It will serve as a unique reference for those specializing in the fate of anthocyanins in the body (pharmacokinetics) and the research related to controlled release systems. It will provide an insight for pharmaceutical scientists, food engineers, food scientists and those interested in human health and nutrition.

The Art of the Chinese Picture-Scroll Shane McCausland,2023-10-25 The first extended history of the Chinese picture-scroll. The Chinese picture-scroll, a long, horizontal painting or calligraphic work, has been China's pre-eminent aesthetic form throughout the last two millennia. This first history of the picture-scroll explores its extraordinary longevity and adaptability to social, political, and technological change. The book describes what the picture-scroll demands of a viewer, how China's artists grappled with its cultural power, and how collectors and connoisseurs left their marks on scrolls for later generations to judge.

SURROGACY : THE REALITY OF RENTED WOMB Dr. Rupali Rathore Advocate,2023-03-17 King Solomon uttered the aforementioned lines when he was asked to decide a matter related to two women and a child. In this matter, the two women were quarrelling about taking possession of the child. As the king gave his decision, the real parent of the child starting crying and requested the king not to hurt the child by cutting him into two. She said that she would rather give possession of the child to the other woman than let the child die.

Infrastructure for Electronic Business on the Internet Veljko Milutinovic,2012-12-06 Design is an art form in which the designer selects from a myriad of alternatives to bring an optimum choice to a user. In many complex of optimum is difficult to define. Indeed, the users systems the notion themselves will not agree, so the best system is simply the one in which the designer and the user have a congruent viewpoint. Compounding the design problem are tradeoffs that span a variety of technologies and user requirements. The electronic business system is a classically complex system whose tradeoff criteria and user views are constantly changing with rapidly developing underlying technology. Professor Milutinovic has chosen this area for his capstone contribution to the computer systems design. This book completes his trilogy on design issue in computer systems. His first work, Surviving the Design of a 200 MHz RISC Microprocessor (1997) focused on the tradeoffs and design issues within a processor. His second work, Surviving the Design of Microprocessor and Multiprocessor Systems (2000) considers the design issues involved with assembling a number of processors into a coherent system. Finally, this book generalizes the system design problem to electronic commerce on the Internet, a global system of immense consequence.

Medicinal Plants for Holistic Health and Well-Being Namrita Lall,2017-09-27 Medicinal Plants for Holistic Health and Well-Being discusses, in depth, the use of South African plants to treat a variety of ailments, including tuberculosis, cancer, periodontal diseases, acne, postmacular hypomelanosis, and more. Plants were selected on the basis of their traditional use, and the book details the scientific evidence that supports their pharmacological and therapeutic potential to safely and effectively treat each disease. Thus, this book is a valuable resource for all researchers, students and professors involved in advancing global medicinal plant research. Many plants found in South Africa are also found in other parts of the world. Each chapter highlights plants from other worldwide locations so that scientists can study which plants belong to the same family, and how similar qualities can be used to treat a specific disease. Uses traditional medicine as an efficient means to identify and further investigate South African and similar plants used as lead compounds in modern drug discovery Includes a number of chapters dedicated to using medicinal plants to treat various skin disorders, which is not covered often in other books on medicinal plants Organized by specific diseases, with vital evidence-based data related to the bioactivity, pharmacological potential, chemical structure and safety information
