Protectors and Predators Bernard Faure, 2015-12-31 Written by one of the leading scholars of Japanese religion, *Protectors and Predators* is the second installment of a multivolume project that promises to be a milestone in our understanding of the mythico-ritual system of esoteric Buddhism—specifically the nature and roles of deities in the religious world of medieval Japan and beyond. Bernard Faure introduces readers to medieval Japanese religiosity and shows the centrality of the gods in religious discourse and ritual. Throughout he engages theoretical insights drawn from structuralism, post-structuralism, and Actor-Network Theory to retrieve the “implicit pantheon” (as opposed to the “explicit orthodox pantheon”) of esoteric Japanese Buddhism (Mikkyō). His work is particularly significant given its focus on the deities’ multiple and shifting representations, overlappings, and modes of actions rather than on individual characters and functions. In *Protectors and Predators* Faure argues that the “wild” gods of Japan were at the center of the medieval religious landscape and came together in complex webs of association not divisible into the categories of “Buddhist,” “indigenous,” or “Shinto.” Furthermore, among the most important medieval gods, certain ones had roots in Hinduism, others in Daoism and Yin-Yang thought. He displays vast knowledge of his subject and presents his research—much of it in largely unstudied material—with theoretical sophistication. His arguments and analyses assume the centrality of the iconographic record as a

complement to the textual record, and so he has brought together a rich and rare collection of more than 170 color and black-and-white images. This emphasis on iconography and the ways in which it complements, supplements, or deconstructs textual orthodoxy is critical to a fuller comprehension of a set of medieval Japanese beliefs and practices and offers a corrective to the traditional division of the field into religious studies, which typically ignores the images, and art history, which oftentimes overlooks their ritual and religious meaning. *Protectors and Predators* and its companion volumes should persuade readers that the gods constituted a central part of medieval Japanese religion and that the latter cannot be reduced to a simplistic confrontation, parallelism, or complementarity between some monolithic teachings known as “Buddhism” and “Shinto.” Once these reductionist labels and categories are discarded, a new and fascinating religious landscape begins to unfold.

Manga's Cultural Crossroads Jaqueline Berndt,Bettina Kümmerling-Meibauer,2014-03-14 Focusing on the art and literary form of manga, this volume examines the intercultural exchanges that have shaped manga during the twentieth century and how manga's culturalization is related to its globalization. Through contributions from leading scholars in the fields of comics and Japanese culture, it describes manga culture in two ways: as a fundamentally hybrid culture comprised of both subcultures and transcultures, and as an aesthetic culture which has eluded modernist notions of art, originality, and authorship. The latter is demonstrated in a special focus on the best-selling manga franchise, NARUTO.

*In Those Days* Justine Dowley-Wise,2005-10 It was my first

experience of an earthquake and I was petrified as the house shook and strange rumblings could be heard sounding like a train rushing through a tunnel. As we hurried through the lounge, the furniture was sliding about and things were falling from shelves and smashing onto the floor. As we tried to hurry down the stairs it was like being on a ship in a rough sea. When we reached the garden the sound changed to a strange rhythmic 'brrum-brrum-brrum- brrum.' Out in the streets we could hear people screaming as they rushed about in panic. Father was so worried about us that somehow he managed to drive from his office through all the chaos, to see if we were alright. Fortunately the house had been well built so withstood the violent shaking. When we returned to the apartment, it was a scene of devastation with smashed china and everything strewn all over the place and even the heavy furniture had moved across the room. Father discovered that the earthquake had been so severe that it registered 7.6 on the Richter scale and had lasted for about eight minutes, but it seemed much longer.
