The Art of Monster, Inc. ,2015-11-03 The Art of Monsters, Inc. opens the door into Pixar's colorful archives of concept art and to the endearing story of Monsters, Inc. Since the very first bedtime, children around the world have known that once their parents tuck them into bed and shut off the light, monsters lie waiting behind closet doors, ready to emerge. But what they don't realize is that these monsters scare children because they have to. It's their job. This superb film from Pixar Studios, the people who brought you Toy Story, A Bug's Life, and Toy Story 2, reveals the truth about monsters with the brilliant techniques that have earned them their reputation as a ground-breaking animation studio. This incredible body of artwork was commissioned from the top artists, illustrators, and animators in the industry and from it the ultimate visual approach of the film was defined. From sketches scribbled on napkins and quickly inked marker drawings, to finished oil paintings and fabulous pastel color scripts, this behind-the-scenes artwork reveals the elaborate creative process behind a blockbuster film.

Principles of Creature Design TerryL Whitlatch,2015 Designing a captivating creature simply for it to exist against a white background and going no further is a purely academic exercise. Designing a creature that can survive in a world, interact with its own and other species, and go on to make an impact, is designing with intent. This is the end goal of creature design and what you will witness in this latest book from industry expert TerryL Whitlatch. With decades of experience in the entertainment industry, developing creatures for Star Wars: Episode 1 -- The Phantom Menace and Beowulf, among other films, Whitlatch offers an abundance of valuable advice throughout the Principles of Creature Design. For Whitlatch, there's not limit to what can be imagined with an open mind, though the journey may not always be an easy one. It's what she calls Chasing the unicorn. We will surely enjoy joining her on her journey, filled with creatures so vivid, whimsical, and elaborate that we will wish -- or wonder -- if they are real.--Back cover.

*If Your Monster Won't Go To Bed* Denise Vega,2017-03-14 For fans of How to Babysit a Grandpa comes a tongue-in-cheek story that is a step-by-step manual for putting your monster to bed. If you have a monster that won't go to bed, don't bother asking your parents to help. They know a lot about putting kids to bed, but nothing about putting monsters to bed. It's not their fault; they're just not good at it. Read this book instead. It will tell you what to feed your monster before bed (it's not warm milk), and what to sing to your monster (it's not a soothing lullaby), and what to read to your monster to send him off to dreamland in no time (the scarier, the better). Just make sure you don't get too good at putting monsters to bed—or you might have a BIG problem on your hands! Praise for Zachariah OHora: “The text is pitch-perfect, and the art is its match.” —Chicago Tribune (Wolfie the Bunny) “Picture books with hip, quirky illustrations that are not just funny but also have plenty of heart are hard to find. The stylish My Cousin Momo by Zachariah OHora has it all.” —The Boston Globe (My Cousin Momo) [set star] “OHora's acrylic paintings are the heart of this tale. They clearly show everyone's feelings . . . and there are brilliant bits of humor and whimsy.” —School Library Journal, starred review (Wolfie the Bunny) “OHora could paint stones in the street and make them

funny.” —Publishers Weekly (My Cousin Momo)

**Run & Hide** Beatrix Hollow,2021-09-07 Monsters--shadows, gills, wings, and more. The things I fear crave me... and they've been here the whole time. Hiding, waiting, and wanting. Lurking, sneaking, and watching. Traveling the country camping was supposed to be an escape from the strange and unusual that clings to my family. My family's calling to fame terrifies me. The ghosts, the hauntings, the supernatural--I want nothing to do with it. Too bad it wants everything to do with me. Where did the trip first go wrong? Maybe when an old friend with dark secrets insisted on coming--a rising rock star whose fame is now putting me in the limelight. Then there is the West Virginia local legend. A monster myth of cryptid fame. A campfire story. But there are those that believe--that are willing to do whatever it takes to capture the monster in the mountains. Maybe even use humans as bait. Maybe even use me. Author Note: This is a monster romance with multiple love interests the female lead will not choose between. There are mature themes including spice, significant violence, language, and etc. This is book one of a series and will be slow build, meaning not all love interests are introduced in book one.
